ASSIGNMENT OF INTELLECTUAL PROPERTY

This ASSIGNMENT AND LICENSING OF INTELLECTUAL PROPERTY (the "Assignment") is made effective as of January 1, 2020 ("Effective Date"), by and among CGG Services S.A.S., a French company with its registered office at 27 avenue Carnot, 91300 Massy, France (formerly known as "CGG Services S.A.") (the "Assignor"), and Seabed Geosolutions B.V., a Dutch company having an office at Dillenburgsingel 69, 2263 HW Leidschendam, The Netherlands (the "Assignee") (collectively, the Assignor and the Assignee are referred to herein as the "Parties").

WITNESSETH:

WHEREAS, Assignor is the owner of the patents and/or patent applications set forth on the attached Schedule 1 (hereinafter the "Assigned Patents"); and

NOW, THEREFORE, for and in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and to the extent not already assigned from Assignor to Assignee by prior written agreement, Assignor hereby sells, assigns, transfers and conveys, to Assignee, its successors and assigns, its entire right, title and interest in and to, and possession, use and practice of, the aforesaid Assigned Patents, including without limitation, with respect to the subject matter of the claims contained in the Assigned Patents, any invention disclosures for future patents and the right to file and prosecute applications for patent that may be filed, issued, or granted thereon anywhere in the world;

AND Assignor hereby represents, warrants and covenants that it has the full right to convey the interest herein assigned, that it has not executed and will not execute any agreement, sale, instrument, or assignment in conflict herewith, and that the rights assigned herein are not otherwise encumbered by any grant or right, provided however that Assignee accepts the Assigned Patents subject to third party license rights as specified in the prior Share Purchase and Exit Agreement between Assignee, Fugro N.V., Fugro Consultants International N.V., and CGG SA dated 30 December 2019 ("Exit Agreement");

AND Assignor further covenants and agrees that Assignor will at any time upon request make, execute and deliver without further compensation, any and all other instruments in writing, including further applications, papers, affidavits, power of attorney, assignments, and other documents, and do all lawful acts and things, which, in the reasonable opinion of counsel for Assignee, its successors and assigns, may in any country be required or necessary more effectively to secure to and vest in Assignee, its successors, and assigns the entire rights, title, and interest in and to the Assigned Patents.

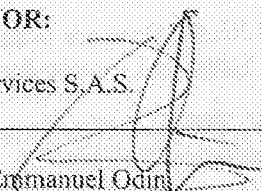

AND This assignment, all issues arising hereunder and all transactions contemplated hereby shall be construed exclusively in accordance with, and exclusively governed by, the laws of France, without regard to any conflicts of laws or choice of law principles or rules which may refer any matter to another jurisdiction for resolution;

AND Any dispute related to, arising under, or connected with this Assignment shall be determined by arbitration in accordance with Section 22.2 of the Exit Agreement.

IN WITNESS WHEREOF, recognizing that this Assignment may be executed in counterparts, each of which, when executed, shall constitute one and the same agreement, the Parties have caused this Assignment to be executed and delivered by their duly authorized representatives.
