ASSIGNMENT OF INTELLECTUAL PROPERTY RIGHTS

WHEREAS Ardaven International Inc., with a principal place of business at 1200 Aerowood Drive, Unit 12, Mississauga, Ontario, Canada, L4W 2S7 ("Assignee") has engaged Ralph Zoontjens, a product designer with a principal place of business at Weerselostraat 19, 5036 BE Tilburg, The Netherlands ("Assignor") to design inflatable swimming flotation devices (hereinafter referred to as the "Materials");

AND WHEREAS Assignee may continue to retain Assignor to modify, revise, improve or make additions to the Materials or create new materials now or in the future, and it is understood and agreed by the parties that all rights in the Materials, any modifications, revisions, improvements and additions made to the Materials (the "Derivatives") or in any new materials which may be created ("New Materials"), now or in the future, including but not restricted to all patent, copyrights, trademark, design rights and other rights of intellectual property, are the property of Assignee;

AND WHEREAS the parties are desirous of confirming this understanding in writing;

NOW THEREFORE, to all whom it may concern, be it known that for and in consideration of the sum of one (\$1.00) dollar now paid, the receipt and adequacy of which is hereby acknowledged, Assignor hereby sells, assigns and transfers and agrees to sell, assign and transfer to Assignee, its successors and assigns, in perpetuity, all of his right, title and interest (including patent rights, copyrights, trademark, trade secret rights, and all other intellectual and industrial property rights of any sort), in Canada and all other countries and jurisdictions throughout the world, in and to the Materials, the Derivatives or in any New Materials, which may be created now or in the future, which Assignor warrants and represents are or will be created by and wholly original with Assignor;

AND Assignor hereby covenants and agrees to do all such things and to execute without further consideration such further assurances, applications, assignments, waivers and other instruments as may reasonably be requested by Assignee to vest all such rights in the Materials and in the Derivatives and the New Materials, in Assignee, its successors or assigns and to obtain any registrations for the Materials, and in the Derivatives and the New Materials in the name of Assignee, its successors or assigns, including without limiting the generality of the foregoing, ensuring that any subcontractor of Assignor who contributes toward the Materials, the Derivatives or any New Materials, executes an assignment of any and all rights to Assignee;

AND Assignor, and any subcontractors of Assignor, for the aforesaid sum of one dollar (\$1.00), hereby irrevocably waive, and agree to in future waive, in favour of Assignee, its

successors, assigns, employees, agents, representatives and/or persons acting under the authority of Assignee, any and all moral rights or similar rights they may have, or may accrue to them in future, throughout the world as artists, authors or creators of the Materials, the Derivatives or any New Materials. Assignor agrees that it will, if requested by Assignee, secure specific written waivers on behalf of each and every subcontractor supervised by Assignor who was or is involved in the creation of the Materials, the Derivatives or any New Materials.

AND Assignor agrees that all information revealed to him directly or indirectly by Assignee, for the purpose of the creation of the Materials, Derivatives or any New Materials, is confidential and proprietary to Assignee, shall remain confidential between the parties, and Assignor agrees not to disclose such information to any third party nor use such information for any purpose other than the creation of the Materials, the Derivatives or any New Materials, without Assignee's prior written consent.

EXECUTED AT Tilburg, The Netherlands, this 10th day of August, 2019.
