I authorize and request the Commissioner of Patents and Trademarks of the United States, and any official of any country or countries foreign to the United States whose duty it is to issue patents or similar legal protection on applications, to issue to Assignee all Letters Patent or similar legal protection for the invention or improvements.

I agree that, upon the request of Assignee, I will

- (a) execute any and all divisional, continuation and renewal applications for the invention or improvements;
- (b) execute any supplemental oath relating to the invention or improvements;
- (c) execute any application for reissue or extension of any Letters Patent that may be granted upon the application;

- (e) perform such additional acts as Assignee may deem necessary or expedient in connection with any of the matters stated above.

I covenant and warrant that as of the effective date of this Assignment Agreement, I have the full right and power to execute this Assignment Agreement and that the rights assigned are free and clear of all liens, charges and encumbrances whatsoever; and that I have not executed and will not execute any agreement in conflict with this Assignment Agreement.
