PATENT ASSIGNMENT

This assignment made on the date indicated below by Kelly Johnson "Inventor/Assignor" to Diablo Racing Inc. with a principal business address at 5306 Irwindale Ave, Irwindale CA 91706, "Assignee" organized under the laws of the state of California;

WHEREAS, Inventor/Assignor has invented new, original, useful and/or ornamental embodiments of an invention entitled MOTOR VEHICLE WHEEL, "Invention(s)" for which a United States patent application has been or will be filed, further identified as Attorney Docket/Patent Application No. 29/675,400 filed on December 31, 2018 (Patent Application);

WHEREAS, Inventor/Assignor believes himself/themselves to be the original joint inventors of a claimed invention in the Patent Application;

WHEREAS, the above-identified Patent Application was made or authorized to be made by Inventor/Assignor; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment Inventor's/Assignor's entire right, title, and interest in and to said Invention(s) and said Patent Application in the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration of at least one dollar (\$1), the receipt and sufficiency of which are hereby acknowledged, Inventor/Assignor hereby sells, assigns, and transfers to Assignee, its successors, transferees, and assigns, his/its entire worldwide right, title, and interest -including the right to sue for injunctive relief and damages for infringement of any Patents accruing from said Invention(s), and said Patent Application, including, but not limited to, any damages for past infringement

accruing prior to execution of this agreement- in all inventions and improvements, and to said Invention(s), and said Patent Application for said Invention(s) in the United States and throughout the world, including the exclusive right to file any provisional, design, non-provisional, divisional, continuation, continuation-in-part, reissue, foreign, or other application based on the Invention directly in the name of Assignee and to claim any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further Inventor/Assignor agrees that, upon request and without further compensation, but at no expense to Inventor/Assignor; Inventor/Assignor, his legal representatives, and assigns will do all lawful acts without further consideration, subject to reimbursement of out-of-pocket expenses approved by Assignee in advance and in writing, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Patent Application in the United States and throughout the world for said Invention(s), and for perfecting, recording, or maintaining the rights, titles and interests of Assignee, its successors and assigns, to said Invention(s), and said Patent Application filed, and any patents granted for said Invention(s) in the United States and throughout the world.

Inventor/Assignor represents and warrants that he/it has not granted and will not grant to others any rights, titles, and interests inconsistent with the rights granted herein.

Inventor/Assignor also represents that Inventor/Assignor has the rights, titles, and interests to convey as set forth herein.

Inventor/Assignor further represents that he/it has the authority to convey his/its rights, titles and interests to the Assignee.

Inventor/Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent(s) granted for said Invention(s), whether on an application for said Invention(s), said Patent Application(s), or on any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors, assigns, and legal representatives as the assignee of their entire interest in said Invention(s).

Inventor/Assignor hereby acknowledges and represents that he/it will cease use, sale, offer for sale, or importation of the Invention(s) and Patent Application(s) following execution of this Assignment.

The benefits and obligation inuring to each party to this Assignment is assignable or transferable by agreement or operation of law to its heirs, assigns or successors in interest.

Failure by a party to this Assignment to enforce a provision of the Assignment is not a waiver of the right to enforce this Assignment, in whole or in part, against the other party.

Inventor/Assignor hereby acknowledges that any willful false statement made in this assignment is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

Inventor/Assignor hereby grants Phil IP Law Group Inc. the power to insert on this Assignment any further identification information, including an Attorney Docket/Patent Application No. (00043-Diablo Racing Inc.), Invention title (_____)

and filing date (_____), which may be necessary or desirable.

Assignee hereby acknowledges receipt of the entire right, title and interest in and to the Invention(s) and Patent Application(s).

IN WITNESS WHEREOF, Inventor/Assignor has executed this Assignment on the date written and as set forth below.
