ASSIGNMENT

This Assignment is made and executed by **Roy Anne** (hereinafter "Assignor"), to and in favor of **Liberty Oilfield Services LLC**, having a business address of 950 17th Street, Suite 2400, Denver, Colorado 80202 U.S.A. (hereinafter "Assignee").

Whereas the Assignor desires to assign his/her entire right, title and interest in and to the invention described in: **Application No. 29/612,888, filed on August 4, 2017, and titled "OILFIELD FRAC PUMP"**; **Application No. 29/612,897, filed on August 4, 2017, and titled "OILFIELD HYDRATION UNIT"**; and **Application No. 29/612,899, filed on August 4, 2017, and titled "OILFIELD BLENDING UNIT"** (hereinafter the "Patent Applications"), for valuable consideration; and whereas Assignee has provided such valuable consideration to the Assignor.

Accordingly, the Assignor warrants, covenants, and agrees as follows:

1. The Assignor hereby sells, assigns, and conveys to Assignee such Assignor's entire right, title, and interest in and to the invention described in the Patent Applications, including (i) the Patent Application themselves and any substitute patent applications based in whole or in part on the Patent Applications, (ii) all national and regional patent applications claiming the priority of the Patent Applications or resulting from or based on the Patent Applications, whether pursued as a patent, an inventor's certificate, a utility model or the like, including all rights of priority based on the Patent Applications, and all substitute, continuation, continuation-in-part and divisional applications based in whole or in part on any such national or regional applications, and (iii) all patents, inventor's certificates, utility models and the like resulting from any of the such applications, and any reissues and extensions thereof.

2. The Assignor hereby sells, assigns, and conveys to Assignee such Assignor's entire right, title, and interest in and to (i) all counterparts to all or any part of the Patent Applications that are not included in Paragraph 1 above and that have been or may be filed in any country or under the Patent Cooperation Treaty or other international treaty, whether pursued as a patent, an inventor's certificate, a utility model or the like, including all rights of priority based on the Patent Applications or any counterpart, and all substitute, continuation, continuation-in-part and divisional applications based in whole or in part on any of the counterparts, and (ii) including all patents, inventor's certificates, utility models resulting from any of the counterparts, any reissues and extensions thereof.

3. The Assignor hereby grants to Assignee the sole and exclusive right to prosecute the Patent Applications and all related applications as described in Paragraphs 1 and 2 above, as well as any opposition proceedings, reissue applications, reexaminations, and nullity or invalidity proceedings. The Assignor authorizes all governmental bodies having the power to issue patents, inventor's certificates or utility models to issue a patent, inventor's certificate or utility model based on the Patent Applications or any related applications as described in Paragraphs 1 and 2 above in the name of Assignee.
