## Non-Provisional Patent Application Assignment

Docket No.: YNM-004  
Application No.: 16/652,988  
Filed Date: April 02, 2020  
Title: Control Device for Internal Combustion Engine

WHEREAS, **Hironori Yamane and Katsunari Jonouchi** all c/o Yanmar Co, Ltd., 1-32, Chayamachi, Kita-ku, Osaka, Japan have invented certain improvements in **Control Device for Internal Combustion Engine**, and described in a patent application filed on **April 2, 2020**, in The United States of America, being owner of and having the right to convey all rights, title, and interests in and to said application and in and to each invention described therein; and

WHEREAS, **Yanmar Co., Ltd.**, of 1-32, Chayamachi, Kita-ku, Osaka, Japan, a corporation organized under the laws of Japan and having a mailing address of 1-32, Chayamachi, Kita-ku, Osaka, Japan, (assignee) desires to acquire the entire right, title, and interest in and to said application and said invention described therein and any and all patents to be obtained therefore, all as hereinafter set forth:

NOW, THEREFORE, for good and valuable consideration received by the undersigned, the undersigned hereby sells, assigns, transfers and sets over unto said assignee, its successors and assigns, the entire right, title and interest in and to said invention or inventions, as described in said application, in all forms and embodiments thereof, and in and to the aforesaid application; and in and to any application filed in any foreign country based thereon, including the right to file said foreign applications under the International Convention; also the entire right, title and interest in and to any and all patents or reissues or extensions thereof to be obtained in this or any foreign country upon said invention or inventions and any non-provisional, utility, design, divisional, continuation, continuation-in-part or substitute applications which may be filed upon said invention or inventions in this or any foreign country; and the undersigned hereby authorizes and requests the issuing authority to issue any and all patents on said application or applications to said assignee or its successors and assigns.

The undersigned further agrees to execute and deliver all non- provisional, utility, design, divisional, continuing, substitute, improvement, extension, reissue and other patent applications in this or any foreign country relating to said application or invention and to sign all other lawful papers and to perform all other lawful acts without further consideration, subject to reimbursement of out-of-pocket expenses approved by assignee in advance in writing, which the assignee may deem necessary or desirable to make this Assignment fully effective, including by way of example, but not of limitation, the following acts:

(1) Prompt execution of all lawful oaths, affidavits and/or supplemental oaths required or deemed advisable by the assignee to further the prosecution of any application or applications for letters patent relating to the subject matter of this Assignment; and

(2) Cooperation to the best of my ability in the execution of all lawful documents, the production of evidence, and the giving of testimony in interference, opposition, nullification or infringement proceedings involving any of said invention or improvement, applications or

patents.

IN WITNESS WHEREOF, the undersigned has hereunto set his/her hand and seal on the date set after his signature.
