## PATENT ASSIGNMENT

Groz-Beckert KG, a German corporation, having its principal place of business at Parkweg 2, 72458 Albstadt, Germany ("Assignor"), for good and valuable consideration, receipt and sufficiency of which is hereby acknowledged, has assigned and does hereby assign and sell, which confirms any previous assignment by Assignor or by operation of law, to Solidian GmbH, a German corporation, having its principal place of business at Sigmaringer Straße 150, 72458 Albstadt, Germany ("Assignee") its entire right, title and interest, in and to all inventions, subject matter, and improvements disclosed in the patents and applications set forth in the attached APPENDIX, and in and to all patent and all patent convention and treaty rights of all kinds, including the right to claim priority from said applications, and all rights in and to any utility model, continuation, continuation-in-part, and divisional application therefrom, and any reissue or re-examination as to any patent issuing therefrom, in all countries throughout the world, for all such subject matter described therein, including all rights of action and rights to recover damages for past infringements (collectively the "Rights").

Assignor agrees that on request, at Assignee's sole expense, and without further consideration, Assignor will make all rightful oaths, sign all lawful papers, and execute all instruments or documents required or reasonably requested for the making and prosecution of any applications for any type of patent, utility model, or other similar rights in all countries including, but not limited to, any provisional, non-provisional, continuation, continuation-in-part, divisional, renewal or substitute thereof, for any derivation proceedings relating thereto, and, as to any patents that issue from such applications, or reissue, re-examination, or extension thereof, and generally do everything reasonably required to aid the Assignee, its successors, assigns, and nominees to perfect their ownership of the Rights.
