A S S I G N M E N T

Whereas we,

- (1) Irene J. Li;
- (2) Fu-Kuo Chang; and
- (3) Frank J. Li;

residing, respectively at:

- (1) Stanford, California USA;
- (2) Stanford, California USA; and
- (3) Palo Alto, California USA;

have made an invention in:

STRETCHABLE SENSOR LAYER

and have made application for United States Letters Patent therefor, the same having been filed in the United States Patent and Trademark Office on **June 21, 2017**, and assigned U.S. Patent Application Serial No. **15/629,553**; and

WHEREAS, Acellent Technologies, Inc., a corporation organized and existing under the laws of the State of California and having an office and place of business at 835 Stewart Drive, Sunnyvale, CA 94085, is desirous of acquiring the entire interest in said invention, said United States patent application and in any Letters Patent which may issue thereon;

NOW, THEREFORE, be it known that for and in consideration of the sum of One Dollar (\$1.00) to each of us paid, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each of us hereby sells, assigns and transfers unto the said Acellent Technologies, Inc., its successors, assigns and legal representatives, all right, title and interest in and to said invention and any improvements thereon for all countries of the

world, and in and to said United States patent application, including any continuations, continuations in part, and divisions thereof, and any substitute applications therefor, and any patents which may issue thereon, and any reissues of the same, and including the right to claim priority under the International Convention based on said patent application; and all right, title and interest in and to every patent application filed or to be filed on said invention in any other country, including renewals, revivals, continuations, continuations in part, and divisions thereof, and any substitute applications therefor, and any and all patents which may issue thereon, and any reissues and extensions of the same; and each of us hereby authorizes and requests competent authorities to grant and issue any and all patents on said invention to the said Acellent Technologies, Inc. as the assignee of the entire interest therein; and each of us further agrees to execute upon request of the assignee such additional documents, if any, as are necessary and proper to secure patent protection on said invention throughout all countries of the world, and to otherwise give full effect to and perfect the rights of the assignee under this Assignment.

As the inventor, we each declare as follows:

The above-identified application was made or authorized to be made by me. I believe that I am the original inventor or an original joint inventor of a claimed invention in the application. I hereby acknowledge that any willful false statement made in the declaration set forth in this paragraph is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

IN TESTIMONY WHEREOF, we have hereunto signed our names on the date indicated hereinafter.
