**PATENT ASSIGNMENT**

THIS PATENT ASSIGNMENT (this "Assignment") is dated as of March 16, 2020 (the "Effective Date"), by and among:

- (A) Elizabeth Silver, an individual ("Assignor"); and
- (B) HIGHBTU Limited Liability Company, a Philadelphia limited liability company ("Assignee").

Assignor and Assignee shall be jointly referred to as the "Parties" and each shall be referred to individually as a "Party".

WHEREAS, Assignor holds certain right, title and interest in and to the patents set forth on Exhibit A attached hereto and incorporated herein by reference (the "Assigned Patents"); and

WHEREAS, Assignor desires to transfer, sell and convey the Assigned Patents to Assignee.

NOW, THEREFORE, in consideration of the premises set forth above and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

1. Assignor does hereby sell, assign, convey and transfer unto Assignee and its successors, assigns and legal representatives Assignor's entire right, title and interest in and to the Assigned Patents, all rights, claims and privileges of any kind related to the Assigned Patents throughout the world, including without limitation, the right to apply for registration in foreign countries with full benefit of such priority as may now or hereafter be granted to it by law, treaty or other international convention, and all rights, interests, claims and demands recoverable in law or equity, that Assignor has or may have in profits and damages for past, present and future infringements of the Assigned Patents, including, without limitation, the right to compromise, sue for and collect such profits and damages, all of the foregoing to be held and enjoyed by Assignee, its successors and assigns or their legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made.

2. Assignor hereby acknowledges and agrees that from and after the date hereof, Assignee shall be the exclusive owner of all of Assignor's right, title and interest in and to the Assigned Patents.

3. Assignor hereby authorizes and requests any official throughout the world whose duty it is to register and record ownership in patents, and applications, and title thereto to record Assignee as the owner of any and all rights in the Assigned Patents.

4. Assignor shall, at Assignee's reasonable request, take such further action and execute such additional agreements and instruments as may be necessary to effect the assignment contemplated hereby.

5. This Assignment shall be governed by, and construed in accordance with, the laws of the State of New York without giving effect to the conflict of laws rules thereof.

6. This Assignment may be executed electronically or otherwise (where permitted in an applicable jurisdiction) in any number of identical counterparts each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

[SIGNATURE PAGE FOLLOWS]

**IN WITNESS WHEREOF**, Assignor and Assignee have executed and delivered this Patent Assignment by their duly authorized representatives as of the Effective Date.
