Who have created a certain invention for which a patent application for United States Letters Patent entitled **“EARLY MEAL DETECTION AND CALORIE INTAKE DETECTION”** was filed at the U.S. Patent and Trademark Office on **February 11, 2020** and assigned U.S. Patent Application Serial No. **16/787,223**.

Do hereby sell, assign and transfer to **INSULET CORPORATION** a Delaware corporation having a place of business at 100 Nagog Park, Acton, MA 01720, its successors, assigns, and legal representatives, the full and exclusive right to said invention and said application and to any and all inventions described in said invention and said application and to any and all inventions described in said application for the United States, its territorial possessions and all foreign countries, and the entire right, title and interest in and to any and all Letters Patent which may be granted therefor in the United States, its territorial possessions and all foreign countries; and in and to any and all provisionals, continuations-in-part, continuations, divisions, substitutes, reissues, extensions thereof, and all other applications for Letters Patent relating thereto which have been or shall be filed in the United States, its territorial possession and/or any foreign countries, and all rights, together with all priority rights, under any of the international conventions, unions, agreements, act, and treaties, including all future conventions, unions, agreements, acts, and treaties;

Agree that **INSULET CORPORATION**, hereinafter referred to as Assignee, may apply for and receive Letters Patent for said invention and said inventions, hereinafter referred to as said invention, in its own name, in the United States, its territorial possessions, and all foreign countries; and that, when requested to carry out in good faith the intent and purpose of this assignment, at the
