INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Intellectual Property Assignment Agreement (“**Agreement**”), effective as of December 3, 2019 (the “**Effective Date**”), is by and between NOON HOME, INC. a Delaware corporation (“**Seller**”), and RACEPOINT ENERGY, LLC, a Massachusetts limited liability company (“**Buyer**”), the purchaser of certain assets of Seller pursuant to an Asset Purchase Agreement of even date by and among Buyer and Seller (the “**Purchase Agreement**”). All capitalized terms used but not otherwise defined herein shall have the meaning given to each such term in the Purchase Agreement.

WHEREAS, pursuant to the Purchase Agreement, Seller has agreed to sell to Buyer, and Buyer has agreed to purchase from Seller, the Purchased Assets and to enter into certain other arrangements;

WHEREAS, under the terms of the Purchase Agreement, Seller has conveyed, transferred and assigned to Buyer, among other assets, all of Seller’s respective right, title and interest in and to all Intellectual Property Assets included in the Purchased Assets, and has agreed to execute and deliver this Agreement; and

WHEREAS, the parties acknowledge that this Agreement may be recorded with governmental authorities including, but not limited to, the US Patent and Trademark Office and the US Copyright Office;

NOW, THEREFORE, in consideration of the foregoing and the other agreements and covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby irrevocably acknowledged, the parties hereto agree as follows:

1. ASSIGNMENT OF INTELLECTUAL PROPERTY RIGHTS.

1.1 Assignment. Seller hereby assigns, sells, conveys, delivers and transfers to Buyer all of Seller’s respective right, title and interest in and to any and all Intellectual Property Assets included in the Purchased Assets, including, but not limited to the following (collectively, the “**Assigned IP**”):

(a) the Patents set forth on Exhibit A hereto including all inventions disclosed therein, and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof;

(b) the Trademarks set forth on Exhibit B hereto and all issuances, extensions, and renewals thereof, together with the goodwill of the business connected with the use of, and symbolized by, the Trademarks; provided that, with respect to the United States intent-to-use trademark applications set forth on Exhibit B hereto, the transfer of such applications accompanies, pursuant to the Purchase Agreement, the transfer of Seller’s

business, or that portion of the business to which the trademark pertains, and that business is ongoing and existing;

(c) The Copyrights set forth on Exhibit C hereto and all issuances, extensions, and renewals thereof;

(d) the Domain Names and Social Media Accounts set forth on Exhibit D hereto;

(e) the proprietary Software set forth on Exhibit E hereto;

(f) the Trade Secrets set forth on Exhibit F hereto;

(g) all rights of any kind whatsoever of Seller accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(h) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(i) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

1.2 Further Assurances.

(a) Seller hereby agrees to execute all appropriate, necessary and customary forms and use all commercially reasonable efforts to assist Buyer, at Buyer's request and expense from time to time, to secure the rights assigned hereby and to obtain and/or transfer patent, copyright, trademark or service mark registrations (and applications therefor), and similar governmental grants confirming said rights. Seller will promptly transfer all files and papers in its possession relating to such applications and registrations to Buyer after the execution of this Agreement.

(b) Seller shall perform all reasonable acts necessary to effect the re-registration of the Domain Names and Social Media Accounts from Seller to Buyer according to each applicable Registrar's policy, and/or to timely cooperate in effecting any inter-Registrar transfers as requested by Buyer with regard to the Domain Names. Seller shall not permit any Domain Name and/or Social Media Account to expire or lapse while the assignment, transfer or re-registration of the Domain Names and Social Media Accounts from Seller to Buyer is taking place.

(c) Seller authorizes the Commissioner for Patents, the Commissioner for Trademarks, the Register of Copyrights, and any other federal, state and local governmental officials to record and register this IP Assignment upon request by Buyer. Seller shall take such steps and actions following the date hereof, including the execution of any documents, files, registrations, or other similar items, to ensure that the Assigned IP is properly assigned to Buyer, or any Buyer or successor thereto.

1.3 Terms of the Purchase Agreement. The terms of the Purchase Agreement, including, but not limited to, the representations, warranties, covenants, agreements and indemnities relating to the Assigned IP are incorporated herein by this reference. The parties hereto acknowledge and agree that the representations, warranties, covenants, agreements and indemnities contained in the Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Purchase Agreement and the terms hereof, the terms of the Purchase Agreement shall govern.

2. MISCELLANEOUS.

2.1 Amendment. No amendment or waiver of any provision of this Agreement shall be effective unless in writing and executed by the parties hereto, in the case of an amendment, or the party entitled to the benefit of the provision to be so waived, in the case of a waiver.

2.2 Notices. Notices shall be provided to the addresses and in the manner provided in the Purchase Agreement.

2.3 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties hereto, and their respective successors, permitted assigns, heirs, executors and personal representatives.

2.4 Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Delaware, without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction). ANY LEGAL SUIT, ACTION OR PROCEEDING ARISING OUT OF OR BASED UPON THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY MAY BE INSTITUTED IN THE FEDERAL COURTS OF THE UNITED STATES OF AMERICA OR THE COURTS OF DELAWARE IN EACH CASE LOCATED IN THE CITY OF WILMINGTON AND COUNTY OF NEW CASTLE, AND EACH PARTY IRREVOCABLY SUBMITS TO THE EXCLUSIVE JURISDICTION OF SUCH COURTS IN ANY SUCH SUIT, ACTION OR PROCEEDING. SERVICE OF PROCESS, SUMMONS, NOTICE OR OTHER DOCUMENT BY MAIL TO SUCH PARTY'S ADDRESS SET FORTH IN THE PURCHASE AGREEMENT SHALL BE EFFECTIVE SERVICE OF PROCESS FOR ANY SUIT, ACTION OR OTHER PROCEEDING BROUGHT IN ANY SUCH COURT. THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY OBJECTION TO THE LAYING OF VENUE OF ANY SUIT, ACTION OR ANY PROCEEDING IN SUCH COURTS AND IRREVOCABLY WAIVE AND AGREE

NOT TO PLEAD OR CLAIM IN ANY SUCH COURT THAT ANY SUCH SUIT, ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT HAS BEEN BROUGHT IN AN INCONVENIENT FORUM.

2.5 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, email or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

IN WITNESS WHEREOF, the parties have executed this Intellectual Property Assignment Agreement to be effective as of the date first above written.
