PATENT ASSIGNMENT

Nunc Pro Tunc

For valuable consideration, the receipt and sufficiency of which is acknowledged, I the inventor: John Jamesapollos (hereinafter called "Assignor"), hereby assigns effective as of January 9, 2017 to The Well Effect Company, a company of Massachusetts, United States, having a post office address at 158C Great Road, Bedford, MA 1730, United States, and its successors and assigns (collectively hereinafter called "Assignee"), the entire right, title, and interest throughout the world in the inventions and improvements which are disclosed in or the subject of an application for United States Patent and/or International Patent Cooperation Treaty (PCT) patent entitled:

Immersible, Adjustable, Surface Compliant Device and Methods of Use

identified by Attorney Docket No. WELL-P001-01US and having a first-named inventor John Jamesapollos, which was filed on January 9, 2017, and assigned application number 15/401,959 (hereinafter called the "Application").

Assignor assigns to Assignee all rights, title, and interest throughout the world in: (i) the Application; (ii) continuation, continuation-in-part, divisional and other United States applications which claim priority to the Application; (iii) all foreign and international applications which claim priority to the Application; (iv) any and all United States and foreign patents, utility models, inventor's certificates, and design registrations granted for any of the inventions or improvements disclosed in or the subject of the Application, (v) the right to recover damages, including but not limited to royalties, for prior infringement of the Application, and (vi) the right to claim priority based on the filing date of the Application under the United States Code, the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other statutes or treaties of like purposes.

Assignor authorizes Assignee to apply in all countries in Assignor's name or in its own name for patents, utility models, design registrations, inventor's certificates and like rights of exclusion for any inventions or improvements which are disclosed in, derived

NA

from, or the subject of the Application. Assignor agrees for itself, its heirs, and its legal representatives and assigns, without further compensation or consideration, to perform such lawful acts and to sign such further applications, assignments, preliminary statements and other lawful documents as the Assignee may reasonably request to effectuate fully this Assignment.

Assignor covenants that it has the full right to convey the interests assigned by this Assignment, and that it has not executed and will not execute any agreement in conflict with this Assignment. Assignor further agrees that it will, without further compensation or consideration, but at the cost and expense of Assignee: (i) promptly disclose to Assignee's patent attorney any prior art known to Assignor during the pendency of the Application or other US or foreign related applications; (ii) assist in any legal or administrative proceeding, including but not limited to any examiner interview and any Patent Board or Federal proceeding relating to the Application; (iii) assist in any proceedings related to nullification, reissue, extension, post grant, inter partes, derivation, supplemental examination, and infringement involving the Application; (iv) assist in the production of documents and evidence involving the Application; (v) execute all lawful documents involving the Application; and (vi) provide reasonable assistance to the Assignee to obtain and enforce proper patent protection for the inventions and improvements described in or subject of or derived from the Application.

Assignee and Assignor hereby authorize and request the attorneys of McInnes & McLane LLP to insert the filing date, the application number, and/or the attorney docket number of the Application in the spaces provided above if the spaces are blank.

This Assignment and all disputes under this Assignment shall be governed by the laws of the State of Massachusetts, United States. Any and all claims, lawsuits, or disputes of any kind between Assignor and Assignee shall be resolved in federal or state courts in the State of Massachusetts, United States.

In testimony whereof, Assignor has hereunto set its hand.
