INTELLECTUAL PROPERTY ASSIGNMENT

Hall Labs, LLC ("**Assignor**") possesses the entire right, title, and interest in and to the patents, patent applications, copyrights, trade secrets, know-how, inventions, Internet domain names, and confidential information, including the patents and applications described in the attached Schedule (the "**Assigned Intellectual Property**").

Medic, Inc. ("**Assignee**") desires to acquire all of Assignor's rights in and to the Assigned Intellectual Property and all patent applications, patents, and other intellectual property rights deriving or resulting therefrom.

Therefore, for valuable consideration, the receipt of which is hereby acknowledged, Assignor assigns and transfers to Assignee all of Assignor's right, title, and interest in (a) the Assigned Intellectual Property; (b) with respect to all inventions included in the Assigned Intellectual Property, all improvements and modifications thereof, (c) with respect to all patent applications that are included in the Assigned Intellectual Property, all patents that may issue therefrom; (d) with respect to all patents and patent applications that are included in the Assigned Intellectual Property or that may issue therefrom, all divisions, continuations, reissues, extensions, and foreign counterparts thereof.

Assignor agrees to: (a) cooperate with Assignee, its representatives, successors, and assigns in perfecting and securing the transfer of the Assigned Intellectual Property to Assignee, including but not limited to execution, verification, acknowledgment, and delivery of such further papers, **deeds, bills of sale, assignments, and other instruments of transfer** as may be necessary or appropriate to consummate and give full effect to the assignments and transfers referenced herein; (b) cooperate with Assignee, its representatives, successors, and assigns in the prosecution of any patents and patent applications that are included in the Assigned Intellectual Property or that may issue therefrom, including any foreign counterparts; and (c) perform such other acts, at Assignee's expense, as Assignee lawfully may request to obtain and carry out the purposes of this Intellectual Property Assignment.

In witness whereof, Assignor hereby executes this Intellectual Property Assignment on this 7th day of April, 2020.
