JOINT TENANCY WITH RIGHT OF SURVIVORSHIP

WHEREAS, We, Gene Osheroff, and Jeff Osheroff, hereafter INVENTORS, have invented certain new and useful inventions disclosed in a Provisional application for United States Letters Patent entitled *Energy Savings Damper* filed April 11, 2019 as Application Serial No. 62/832,798; and a Nonprovisional application for United States Letters Patent entitled *HVAC System With Volume Modulating Valve* filed December 13, 2019 as Application Serial No. 16/714,420; and

NOW, THEREFORE, for and in consideration of the sum of One Dollar (\$1.00) and other consideration, the INVENTORS hereby assign to each other under JOINT TENANCY WITH THE RIGHT OF SURVIVORSHIP the right, title and interest in said inventions and all improvements thereon, in and to said application for Letters Patent thereon, in and to applications underlying, pertaining to or based upon said inventions and applications, including divisional and continuing applications and continuations-in-part, and in and to any and all Letters Patent which may be granted and issued on said inventions and applications, or any of them, not only for, to and in the United States of America, its territories and possessions, but for, to and in all countries foreign thereto, together with and including all priority rights based upon any and all applications in the United States of America covered by this Assignment. The inventors agree that upon the death of one of the INVENTORS, the right, title, and interest to the invention as previously specified herein will revert to the remaining surviving inventor.

And for the above-named considerations, We do hereby agree that We will, at the request of either INVENTOR, execute any and all applications for Letters Patent for said inventions and any and all other papers and documents and do all other and further lawful acts that either of the INVENTORS may deem necessary or desirable to obtain Letters Patent on said inventions, to secure the grant of such Letters Patent and to perfect and vest in the INVENTORS the entire right, title and interest in the inventions, applications and Letters Patent.

And for the above-named considerations, We do hereby authorize and empower either of the INVENTORS, to apply for and obtain, in its or their own names, Letters Patent for the said inventions before competent International Authorities and in any and all countries foreign to the United States in which applications for Letters Patent can be so made or Letters Patent so obtained.

A potential or actual conflict of interest may exist between the INVENTORS and/or California Economizer Inc., DBA as Zonex in connection with this agreement. The INVENTORS

and California Economizer Inc., DBA as Zonex agree to waive any such conflict and allow Inskeep Intellectual Property Group to continue to represent all parties.
