**DECLARATION AND ASSIGNMENT FOR PATENT
AND DESIGN APPLICATIONS**

Title of Invention	NONWOVEN FABRIC AND PROCESS FOR FORMING SAME
-------------------------------	--

As the below named inventor, I hereinafter referred to as the undersigned, hereby declare that:

This declaration is directed to:

- ☐ the attached application, or
- ☐ United States Application or PCT International Application No. _____, filed on _____,
- ☒ Application is a national phase entry of International Application No. PCT/EP2018/076782 filed October 2, 2018, which claims priority to European Application No. 17194485.3 filed October 3, 2017, all applications listed above being hereinafter referred to as the "application(s)";

The above-identified application was made or authorized to be made by me.

I believe that I am the original inventor or an original joint inventor of a claimed invention in the application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than (5) years, or both.

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 C.F.R. 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application.

Whereas, I have invented certain new and useful improvements in the application identified above; and

Whereas,

Fitesa Germany GmbH
Woltorfer Strasse 124
31224 Peine, Germany

and

Fitesa Sweden AB
Östra Bravikenvägen 18,
61690 Norrköping, Sweden

hereinafter referred to collectively as Assignees, is desirous of acquiring the entire right, title, and interest in and to said invention as described in the application identified above, and in any and to any and all Letters of Patent which shall be granted therefor in the United States of America and all foreign countries:

Now, therefore, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned has sold and assigned, and by these presents hereby sells and assigns, unto said assignees its successors and assigns, the entire right, title and interest, so far as concerns the United States and the Territories and possessions thereof and all foreign countries, in and to the invention identified above, including said application for the United States Letters Patent, all divisional, renewal, substitute, continuation, nonprovisionals, continuation-in-parts, and Convention applications based in whole or in part upon said inventions or upon said applications, and any and all Letters Patent, reissues, reexaminations, and extensions of Letters Patent granted for said inventions or upon said applications and every priority right that is or may be predicated upon or arise from said inventions, said applications, and said Letters Patent; said Assignees being hereby authorized to file patent applications in any or all countries on any or all said inventions in the name of the undersigned or in the name of said Assignees or otherwise; the Commissioner of Patents and Trademarks of the United States of America being hereby authorized to issue or transfer all said Letters Patent to said Assignees in accordance herewith; this assignment being under covenant, not only that full power to make the same is had by the undersigned, but also that such assigned right is not encumbered by any grant, license, or other right theretofore given, and that the undersigned will do all acts reasonably serving to ensure that said inventions, patent applications, and Letters Patent shall be held and enjoyed by said Assignees as fully and entirely as the same could have held and enjoyed by the undersigned if this assignment had not been made, and particularly to execute and deliver to said Assignees all lawful documents including petitions, specifications, oaths, assignments, invention disclaimers, declarations, and lawful affidavits in form and substance which may be requested by said Assignees, to furnish said Assignees with all facts relating to said inventions or the history thereof and any and all documents, photographs, models, samples or other physical exhibits which may embody said inventions, and to testify in any proceeding relating to said inventions, patent applications, and/or Letters Patent.

This assignment is deemed to be effective at least as early as the earliest priority date.
