CONFIRMATION OF PATENT ASSIGNMENT

This Confirmation of Patent Assignment is entered into by and between **REVIVE PHARMACEUTICALS LLC**, a Massachusetts limited liability company (“Revive”), and **OLIVE THERAPEUTICS, LLC**, a Delaware limited liability company (“Olive”).

WHEREAS, patent applications and patents listed on Schedule A, attached hereto and a part of this agreement (collectively, the “Patents”), are assigned to Revive by virtue of assignment from at least one inventor;

WHEREAS, Revive and Olive entered into an Assignment Agreement effective February 6, 2020 (the “Transfer”);

WHEREAS, pursuant to the Transfer, the Patents were sold, conveyed, transferred, assigned, and delivered by Revive to Olive;

WHEREAS, Olive and Revive wish to confirm that Revive has sold, conveyed, transferred, assigned, and delivered and/or does hereby sell, convey, transfer, assign, and deliver to Olive, Revive’s whole past, present, and future right, title, and interest in and to the Patents; and

WHEREAS, Olive and Revive wish to confirm that Revive has not sold, conveyed, transferred, assigned, or delivered, and is not hereby selling, conveying, transferring, assigning, or delivering any liabilities to Olive.

NOW THEREFORE, pursuant to the Transfer and in consideration of the terms set forth therein, Revive hereby confirms that it has sold, conveyed, transferred, assigned, and delivered and/or does hereby sell, convey, transfer, assign, and deliver to Olive, Revive’s whole past, present, and future right, title, and interest, free from all encumbrances, in and throughout the United States of America, its territories, and all foreign countries, in and to the Patents, including any right of priority thereto. For the avoidance of doubt, Revive has not sold, conveyed, transferred, assigned, or delivered, and is not hereby selling, conveying, transferring, assigning, or delivering, and Olive has not purchased, assumed, or received, any liabilities of Revive. This Confirmation of Patent Assignment applies i) to the Patents, and ii) to any patent application that is based in whole or in part on the Patents, including any divisional, continuing, substitute, renewal, reissue, reexamination, and other patent application(s), including any patent application(s) that claim foreign priority to or domestic benefit of the Patents. Also this Confirmation of Patent Assignment pertains to any and all other rights, privileges, and advantages, including any and all rights to damages, profits, or recoveries of any nature for past, present, and future infringement of the Patents, arising under or pursuant to any and all international agreements, treaties, or laws relating to the protection of industrial property, including all rights of priority under the International Convention for the Protection of Industrial Property, and in and to any such patent(s) as may issue thereon including any and all original and reissued patents which have been or shall be issued in the United States and foreign countries; said patent applications and patent(s) to be held and enjoyed by Olive for its own use and for each of its successors, assigns, and legal representatives, to the full end of the term for which said patent(s) may be granted as fully and entirely as the same would have been held by Revive had Olive and Revive not entered into the Transfer.

AND for the same consideration, Revive hereby covenants and agrees to and with Olive, their successors, legal representatives and assigns that Revive will, at the cost and expense of Revive, sign all

papers and documents, take all lawful oaths, and do all acts necessary or required to be done for the recordation of this Confirmation of Patent Assignment to Olive.

AND Revive hereby requests the Director of the United States Patent and Trademark Office to issue any and all patents of the United States arising from such United States patents and patent applications included in the Patents to Olive, its respective successors, legal representatives, and assigns.

IN WITNESS THEREOF, the parties hereto have caused this Confirmation of Patent Assignment to be executed on the date(s) indicated below.
