ASSIGNMENT OF INTELLECTUAL PROPERTY

This Assignment of Intellectual Property ("Assignment") has been executed by the undersigned.

WHEREAS, the undersigned, to wit: **OLYMPIC ARCHERY, LLC d/b/a Athens Archery ("Assignor")**, a limited liability company duly organized and existing under the laws of Indiana and having an office at 6310 East State Road 14, Rochester, Indiana 46975 is the owner of the intellectual property identified in the attached Exhibit A (collectively, the "Assets");

AND WHEREAS, the undersigned, to wit: **ATHENS OUTDOORS LLC ("Assignee")**, a limited liability company duly organized and existing under the laws of New York and having an address at 4310 Union Street, N. Chili, New York 14514 desires to acquire the entire right, title, and interest in and to the Assets so that the Assignee may enjoy the full benefits and all the rights resulting therefrom without restriction;

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable consideration agreed upon by the parties, the receipt and sufficiency of which are hereby acknowledged, the Assignor does hereby sell, assign, transfer and convey, and hereby set over unto Assignee, its successors, assigns and legal representatives, the full and exclusive right, title and interest in and to the Assets and all intellectual property issuing therefrom in all countries and jurisdictions to the full end of the terms for which such intellectual property may be granted, to be held, used and enjoyed by, and in the name of, the Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by the Assignor had this assignment and sale not been made, including, without limitation: (i) the inventions described in the Assets; (ii) any and all improvements, betterments and modifications of such inventions; (iii) any and all intellectual property rights issuing from the Assets; (iv) all applications related to the Assets including, but not limited to, divisions, continuations, continuations-in-part, patents of addition, reissues, reexaminations, foreign counterparts and foreign equivalents thereof, and substitutions of or for such applications; (v) all foreign rights related thereto, including the right to make applications for intellectual property rights for such inventions in any and all foreign countries and the right to claim priority under any international convention or treaty with respect to said Applications as to the filing dates of the such applications under the International Convention, Patent Cooperation Treaty, European Patent Convention and any other international treaty; and (vi) all income, royalties, damages and payments due or payable to Assignor as of the execution of this Assignment or thereafter, including, but not limited to, all claims for damages by reason of past, present or future infringement or other unauthorized use of the inventions, patent applications or patents assigned hereunder, together with the right to sue for, and collect the same.

Assignor hereby authorizes and requests each intellectual property office of the country in which this Assignment is recorded, to issue all intellectual property rights issuing from the Assets, to Assignee or its successors or assigns, and agrees to do, or have done, as and when required by the Assignee, and at the expense of the Assignee, all acts and things including the execution of documents necessary or expedient to enable the Assignee to enjoy the full and exclusive benefit of the Assets as reasonably required for the purpose of giving full effect to this

Assignment.

In the event that, and only to the extent that: (i) any provision of this Assignment violates the applicable law of any country or jurisdiction in which this Assignment is recorded, registered or asserted for legal purposes; or (ii) any court of competent jurisdiction adjudges any provision of this Assignment to be invalid or unenforceable, such violation or judgment shall not affect, impair or otherwise invalidate the remainder of this Assignment in such country or jurisdiction, but shall be confined in its operation to the specific provision of this Assignment which gave rise to such violation or judgment.
