ASSIGNMENT AGREEMENT

For good and valuable consideration, the receipt of which I acknowledge, I have made the following assignment and promises to UNLCKED UG (haftungsbeschränkt), ("UNLCKED"), a limited company, having an address of Rehmstrasse 9, 22299 Hamburg, Germany, in connection with my invention of SPORTS EQUIPMENT ("the Invention").

1.   I have assigned and do hereby assign to UNLCKED my entire right, title and interest in and to:

      (a)   the Invention;

      (b)   application No. _____ for United States patent filed _____ (I hereby authorize insertion of the serial number and filing date upon filing of the Application) which claims priority from European patent application No. EP 19176118.8 filed May 23, 2019;

      (c)   any other patent applications filed on the Invention in any country;

      (d)   all patents which may be granted for the Invention pursuant to or as a result of the applications referenced herein; and

      (e)   all extensions, renewals, reissues, divisions, and continuations of the application referenced herein or any patents issuing therefrom.

2.   I agree that, upon the request of UNLCKED, I will:

      (a)   execute any and all divisional, continuation and renewal applications for the Invention or improvements;

      (b)   execute any supplemental oath or declaration relating to the Invention or improvements;

      (c)   execute any application for reissue of any Letters Patent that may be granted upon the applications referenced herein;

      (d)   cooperate to the best of my ability in connection with any post issuance proceeding relating to the applications referenced herein or any patent issuing therefrom;

(Docket 1249.001)

1

(e) perform any and all affirmative acts to obtain Letters Patent covering the Invention and vest all right in such Letters Patent in UNLCKED; and

(f) perform such additional acts as UNLCKED may deem necessary or expedient in connection with any of the matters stated above.

3. I covenant and warrant that at the time of my assignment to UNLCKED of my right, title and interest in the Invention and the applications set forth herein, I was the true and lawful owner of the rights, title and interests assigned, and had the full right and power to convey the same; that the same were free and clear of all liens, charges and encumbrances whatsoever; and that I have not executed and will not execute any agreement in conflict with this Assignment.

4. This Assignment is binding upon, shall inure to the benefit of, and shall be performed by the parties named, their heirs, administrators, legal representatives, successors and assigns.

5. This Assignment of patent rights in the Invention is effective as of the date of conception of the Invention.
