## ASSIGNMENT AGREEMENT

This ASSIGNMENT AGREEMENT ("**Assignment**") is made by and between Cognitive Electronics, Inc. (the "**Assignor**") and Richard Granger ("**Assignee**") regarding a patent titled "Parallel Processing Computer System with Reduced Power Consumption and Methods for Providing the Same;"

WHEREAS, the Assignor has one or more inventions disclosed and/or claimed in the patent (collectively, the "**Invention**") issued by the United States Patent and Trademark Office ("**USPTO**") on June 12, 2012 and given patent number 8,200,992;

WHEREAS, the Assignee, together with its successors and assigns, and in accordance with agreement(s) duly entered into with the Assignor, desires to acquire the entire right, title, and interest in and to the Invention and to the Patent (as defined herein);

NOW, THEREFORE, the parties agree as follows:

1. For valuable consideration from the Assignee to the Assignor, the receipt and adequacy of which are hereby acknowledged, and in accordance with existing agreement[s] duly entered into with the Assignee, the Assignor, hereby conveys, transfers, and assigns to the Assignee, its lawful successors and assigns, and the Assignee accepts, the entire and exclusive right, title, and interest in and to the Invention and all patents that may be granted therefor in the United States and all other countries, territories, and jurisdictions in the world (collectively, the "**Countries**"), and to all existing or future patent or other applications, divisions, substitutes, renewals, reissues, continuing applications (including continuation, divisional and continuation-in-part applications), conversions, re-examinations, extensions, and any resulting patents thereof in all Countries for or related to the Invention (collectively, the "**Applications**") for the full terms for which the same may be granted and any rights associated therewith, including, but not limited to, any and all royalties, profits, damages, fees, income, payments, and other proceeds now or hereafter due or payable, and to the right to claim benefit and priority from the Applications in all of the Countries.

2. The Assignor represents and warrants that it has the ability to convey all rights and interests herein assigned, that there are no rights or interests outstanding inconsistent with the rights and interests granted herein, and that it will not execute any instrument or grant or transfer any rights or interests inconsistent with the rights and interests granted herein.

3. The Assignor authorizes the Assignee to file for and request that the USPTO and corresponding bodies in each of the other Countries issue any and all patents resulting from any of the Applications to the Assignee.

4. The Assignor authorizes the Assignee to file for and request that the USPTO and corresponding bodies in each of the other Countries issue any and all patents resulting from any of the Applications to the Assignee.

5. This Assignment inures to the benefit of the Assignee and its successors, assigns, and other legal representatives, and is binding on the Assignors and its heirs, legal representatives, and assigns.

6. The Assignor shall take such steps and actions, and provide such cooperation and assistance to the Assignee and its successors, assigns, and legal representatives, in connection with the Invention and the Applications, or for any enhancements or improvements to the Invention or the Applications or derived therefrom, as may be necessary to effect, evidence, or perfect the Assignment to the Assignee or any assignee or successor thereto, including, but not limited to: the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, documents in connection with claims or provisions of the International Convention for the Protection of Industrial Property or similar treaties and agreements, or other lawful papers; the execution and delivery of all papers necessary in connection with any administrative or judicial proceedings; and the provision of information and testimony and cooperation in every way in obtaining and producing evidence and prosecuting such proceedings.

7. The Assignor hereby grants Assignee the power to insert on this Assignment any further identification information, including an application number and filing date, which may be necessary or desirable.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date(s) indicated below:
