## WORLDWIDE ASSIGNMENT OF PATENT APPLICATION

THIS ASSIGNMENT, is entered into this 5<sup>th</sup> day of MARCH, 2020, by SPECTRUM SPEECH & FEEDING, LLC (hereinafter referred to as Assignor), a LIMITED LIABILITY COMPANY routinely receiving mail at 8601 W. CROSS DR., STE F5-106, LITTLETON CO, 80123, and eAZY-PZ, LLC organized under and pursuant to the laws of COLORADO having its principal place of business at 17011 LINCOLN AVE., # 434, PARKER, CO 80134 (hereinafter referred to as Assignee).

WHEREAS, Assignor is the sole and exclusive owner of the invention(s) identified by title in the attached **Schedule A** (the "Invention(s)") for which U.S. Utility Patent and/or U.S. Design Patent Application(s) (the "Application(s)") have been prepared and filed in the United States Patent and Trademark Office, identified by serial number(s) and filing date(s) in the attached **Schedule A**;

WHEREAS, Assignee is desirous of acquiring the entire right, title and interest in and to the Invention(s), the Application(s), and any patents to be granted for the Invention(s) in the United States and in all foreign countries;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor has sold, assigned, transferred, conveyed, and set over, and does hereby sell, assign, transfer, convey, and set over unto Assignee, its successors, legal representatives, and assigns: (a) the entire right, title, and interest in and to the Invention(s) for all territories in the world and any improvements and modifications thereto, the Application(s), all applications claiming benefit of the Application(s), including, but not limited to, all provisional, divisional, continuation, and continuation-in-part applications, and reissue and reexaminations thereof, and all Letters Patent, Inventions Registrations, Utility Models, Design Patents, Certificates of Invention, Extension and other equivalent rights that may be granted thereon in the United States and in any and all foreign countries; (b) all rights arising under or pursuant to any and all international agreements, treaties or laws, including the right to claim priority to the

Application(s), including without limitation in all applications pursuant to the Patent Cooperation Treaty and national and regional applications filed therefrom, and all applications in the United States of America, and all continuation, divisional, continuation-in-part and reissue applications thereof, and all patent applications in foreign countries, and also including the right to file applications for Letters Patent, Inventions Registrations, Utility Models, Design Patents, Certificates of Invention, Extension or other governmental grants and equivalent rights worldwide, and to claim the same priority rights, under the patent laws of the United States, the applicable laws of the country in which any such application is filed, the International Convention for the Protection of Industrial Property and any other international union, convention, agreement and treaty, and the right to be granted a patent for any of the foregoing applications; (c) all rights in and to causes of action and enforcement rights for the Invention(s) and any patents or related rights directed in whole or in part to the Invention(s), including all rights to pursue damages, injunctive relief and other remedies for past, present and future infringement of the Invention(s) and resulting patents or related rights, and to hold for Assignee's sole use and benefit all recoveries, rights, and benefits arising from all such suits;

AND Assignor authorizes and requests the Director of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty is to issue patents or other evidence or forms of industrial property, to issue the same for the Invention(s) to Assignee, its successors, legal representatives, and assigns in accordance with the terms of this Assignment;

AND Assignor covenants and agrees that it has the full right to convey the entire right, title, and interest herein assigned and that it has not executed and will not execute any assignment or other instrument in conflict with this Assignment;

AND Assignor further covenants and agrees that upon request by Assignee, its successors, legal representatives, and assigns, and without further consideration, Assignor (or its executors or administrators) will do all lawful acts that may be necessary or desirable to assist Assignee, its successors, legal representatives, and assigns to obtain and

enforce patent protection for the Invention(s) in the United States and in all foreign countries, including, but not limited to, communicate with Assignee, its successors, legal representatives, and assigns any facts known to Assignor regarding the Invention(s), testify in any legal proceeding, sign all lawful papers, make all rightful oaths, and execute and deliver all papers that may be necessary or desirable to record and perfect the interest and title to the Invention(s) in Assignee, its successors, legal representatives, and assigns, it being understood that any expense incident to the rendering of such assistance will be borne by Assignee, its successors, legal representatives, and assigns;

AND Assignor further hereby authorizes Assignee, or its attorneys or agents, to insert the correct Application Number and Filing Date into this Assignment, if none is indicated on the date of my execution of this agreement.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date indicated above.
