## ASSIGNMENT

WHEREAS, Callum Lamb, Kevin Kemper, and Tim Swift (hereinafter referred to as ASSIGNORS), having post office addresses of 314 Hazel Avenue, San Bruno, CA 94066; 1001 Pine Street, Unit 1203, San Francisco, CA 94109; and 2310 San Juan Avenue, Walnut Creek, CA 94597; respectively, are the joint inventors of an invention entitled "AUTOMATED FIT EVALUATION SYSTEM AND METHOD," at least in part disclosed in a provisional patent application being filed in the United States Patent and Trademark Office with said title;

WHEREAS, Other Lab, LLC (hereinafter referred to as ASSIGNEE), a corporation of the State of Delaware, having a business address of 3101 20th Street, San Francisco, CA 94110, is desirous of acquiring the entire right, title and interest in and to said invention, said provisional application, and any and all letters patent that may be granted therefor in the United States and foreign countries;

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNORS hereby sell, assign and transfer to ASSIGNEE, the entire right, title and interest in and to said invention, said provisional application, and any and all letters patent in the United States of America and its territorial possessions and in any and all foreign countries which may be granted for said invention or which may result from said provisional application or any patent application converted from or claiming the benefit of said provisional application, including any and all divisions, reissues and continuations thereof and the right to file foreign applications for said invention directly in the name of ASSIGNEE and to claim priority rights deriving from said provisional application to which said foreign applications or any other patent applications are entitled by virtue of international convention, treaty or otherwise. Said invention, said provisional application, and any and all letters patent granted for said invention or resulting from said provisional application or any patent application converted from or claiming the benefit of said provisional application, to be held and enjoyed by ASSIGNEE for its use and benefit and by its successors and assigns for their use and benefit as fully and entirely as the same would have been held and enjoyed by ASSIGNORS had this assignment, transfer and sale not been made.

ASSIGNORS hereby authorizes and requests the Commissioner of Patents and Trademarks to issue to ASSIGNEE all letters patent granted for said invention or resulting from said provisional application or any patent application converted from or claiming the benefit of said provisional application. ASSIGNORS agree to execute all instruments and documents required for the making and prosecution of applications for United States and foreign letters patent on said invention or resulting from said provisional application or any patent application converted from or claiming the benefit of said provisional application, for litigation regarding said letters patent, or for the purpose of protecting title to said invention, said provisional application or any patent application converted from or claiming the benefit of said provisional application, or any letters patent therefor.
