Combined Declaration (37 CFR 1.63) for Utility or Design Patent Application  
Using an Application Data Sheet (37 CFR 1.76) and Assignment

Title of Invention: **Systems and Methods for Conditional Redemption of Transportation Credits**

Part 1 - Declaration

As a below named inventor, I hereby declare that this declaration is directed to:

U.S. Patent Application Number **16/853,543** filed **April 20, 2020**.

The above-identified application was made or authorized to be made by me.

I believe that I am the original inventor or an original joint inventor of a claimed invention in the above-identified application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

I hereby state that I have reviewed and understand the contents of the above-identified application, including the claims.

I acknowledge that I am aware of the duty to disclose information which is material to patentability as defined in 37 CFR § 1.56.

Part 2 - Assignment

For good and valuable consideration, the receipt of which is hereby acknowledged, I hereby sell, assign and transfer to **moovel North America, LLC** having an address of 209 NW 4th Ave, Suite 200 Portland, OR 97209 (hereinafter "Assignee"), the full and exclusive rights, title and interest in the above-identified invention, patent application and patent rights throughout the world; said invention, application and patent rights in the U.S. or any foreign country, and all divisional, continuation and reissue applications, and extensions, and renewals thereof, and any U.S. or foreign letters patent or similar rights which may be granted thereon, including reissues, reexaminations and extensions thereof, and all copyright rights throughout the world in the above-identified applications; said rights, title and interest to be held and enjoyed by Assignee, for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in the U.S. or any foreign country, as fully and entirely as the same would have been held by me had this assignment and sale not been made, and covenant that I have full right to do so, and agree that I will communicate to Assignee, or its successors and assigns, any facts known to me respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, and reissue applications

and extensions and renewals thereof, make all rightful oaths, and do everything possible to aid Assignee, its successors and assigns to obtain and enforce patent protection for said invention in the U.S. or any foreign country.
