ASSIGNMENT OF PATENT PROPERTIES

This Assignment of Patent Properties ("**Assignment**") is made, executed and delivered as of June 1, 2020 (the "**Effective Date**") by TRAVEL LIGHT LTD., an Israel limited company.

WHEREAS, Assignor is the owner of all right, title and interest in and to certain improvements and inventions for which Assignor has filed and/or obtained the patents and patent applications set forth on Exhibit A hereto (the "**Assigned Patent Properties**"); and

WHEREAS, Assignor desires to assign to TRAVEL-LIGHT INC., a Delaware corporation ("**Assignee**"), all right, title and interest in and to the Assigned Patent Properties and the improvements and inventions disclosed and claimed therein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by Assignor, Assignor hereby acknowledges that it has assigned, transferred, contributed and conveyed, and by these presents does hereby assign, transfer, contribute and convey to Assignee, Assignor's whole and entire right, title and interest in and to:

the Assigned Patent Properties and all patents or patent applications that have been or may hereafter be filed or granted for said improvements and inventions disclosed and claimed therein outside of the USA, its territories and possessions, including any and all reissues, continuations, continuations-in-part, divisionals, reexaminations, renewals, or extensions thereof, and all rights of priority under international conventions and all foreign counterparts of such patent properties and, any patents or patent applications claiming priority thereto, and any and all patents issuing from any of the foregoing patent applications; and

all claims for damages and all other remedies arising out of any violation of the rights assigned hereby, whether occurring in the past, present or future and the exclusive right to sue for and collect the same for its own use and benefit or for the use and benefit of its legal representatives, successors and permitted assigns;

such Assigned Patent Properties to be held and enjoyed by Assignee, for Assignee's own use and benefit, and for Assignee's legal representatives, successors and permitted assigns to the full end of the term or terms of the Assigned Patent Properties and all associated rights, as fully and entirely as the same would have been held by the undersigned Assignor had this assignment and contribution not been made; and for good and valuable consideration Assignor hereby covenants, agrees and undertakes to execute, whenever requested by Assignee, such assignments, lawful oaths, instruments and any other papers which Assignee may deem necessary or desirable for securing to Assignee or for maintaining for Assignee all rights in the Assigned Patent Properties hereby assigned or agreed to be assigned; all without further consideration to the undersigned Assignor.

This Assignment of Patent Properties shall be governed by and construed in accordance with the domestic laws of the state of Delaware, without giving effect to any choice or conflict of law provision or rule that would cause the application of the laws of any jurisdiction other than the state of Delaware.
