our Assignee, and to the successors and assigns of our Assignee, all our rights, title, and interest in and for the United States of America and all other countries, including all rights of priority, in and to the invention entitled:

SUBSEA GARAGES FOR UNMANNED UNDERWATER VEHICLES

invented by us, a patent application for which was filed on June 8, 2019, as United States Patent Application Number 16/467,967 and in and to all United States patents which may be granted thereon and therefor, and in and to all divisions, continuations, reissued and re-examined patents, and to any extensions thereof, said interest being the entire ownership of the patent when granted, to be held and enjoyed by our Assignee, its successors, assigns or other legal representatives, to the full end of the term, terms, or any extension or renewal thereof, for which said patent or patents may be granted, as fully and entirely as the same would have been held and enjoyed by us if this assignment, sale, and conveyance had not been made;
