## ASSIGNMENT

THIS ASSIGNMENT made by Jimmy C. Caputo of San Diego, California; Shariq Hussain of Vista, California; and Jeffrey Shamblin of San Marcos, California, Assignors, to MEPS Real-Time, Inc., a Delaware corporation, Assignee, having a place of business at 6451 El Camino Real, Suite C, Carlsbad, California 92009.

WHEREAS, Assignors having invented a new and useful REAL-TIME INVENTORY RE-SUPPLY SYSTEM (the "invention"), for which an application for United States Letters Patent was filed on March 14, 2014 and has Application No. 14/214,284, and for which an International Application was filed on March 14, 2014 and has Application No. PCT/US14/29692, and for which a provisional application was filed on March 15, 2013 and has Application No. 61/800,803 (collectively, the "applications"), and

WHEREAS, Assignor believe themselves to be the original, first, and joint inventors of the invention disclosed and claimed in the applications for Letters Patent; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title, and interest in and to the invention, the applications, and any Letters Patent that may be granted for the invention in the United States and throughout the world;

NOW, THEREFORE, for the sum of ten dollars (\$10) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, assign, and transfer to Assignee, the entire right, title, and interest in and to the invention, the applications, any additional applications directed to said invention, any applications derived from said applications or claiming priority thereto, and any Letters Patent that may be granted for the invention the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any

priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further, Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters patent in the United States and throughout the world for the invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to the invention, the applications, and any Letters Patent granted for the invention in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the right granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for the invention, whether on the applications or on any subsequently filed division, continuation, continuation-in-part, or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in the invention.

The undersigned hereby grant the firm of Fulwider Patton LLP of 6060 Center Drive, Tenth Floor, Los Angeles, California 90045 the power to insert on this assignment any further identification, including the application number and filing date, which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark office for recordation of this document.
