ASSIGNMENT OF PATENT RIGHTS

Subject Matter

The subject of this agreement is:

**United States design patent application 29/729,635, titled
INVERTED HEART-SHAPED DUMBBELL
("Parent Application")**

and all future patents claiming the priority date of this Parent Application ("Intellectual Property").

Parties

Alina Kravchenko ("Assignor"), an individual living at 837 Rosine St., Houston, TX 77019, is the sole named inventor and the original owner of the Intellectual Property.

Better Way Body, LLC., a Texas Limited Liability Company with state entity # 32068350571 ("Assignee") and employer of Assignor, desires to acquire title in the Intellectual Property.

Consideration

Assignee has provided the following consideration to Assignor:

1. Assignee is in the business of making and selling fitness equipment. Assignee employs Assignor in the capacity of designing and engineering fitness equipment, including dumbbells. Assignor has designed and engineered the dumbbell that is the subject matter of this Intellectual Property in the course of such employment.
2. Assignee has paid all legal costs and USPTO fees associated with the Intellectual Property.

Terms of the Assignment

In exchange for the consideration above, Assignor assigns the Intellectual Property to Assignee.

Assignor assigns to Assignee 100% of her right, title, and interest in the invention and Intellectual Property to Assignee for the entire term of the Parent Application, any resulting patents, and any reissues or extensions and for the entire terms of any patents, reissues, or extensions that may issue from foreign applications, divisions, continuations in whole or part, or substitute applications filed claiming the benefit of the Parent Application. The right, title, and interest conveyed in this Assignment is to be held and enjoyed by Assignee and Assignee's successors as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made.

Assignee shall assume all future responsibility for protecting and maintaining the Intellectual Property, including maintenance fees and legal fees related to prosecution, licensing, and protection against infringement.

Assignor agrees that she will

1. Perform other acts that Assignee may lawfully request to obtain or maintain related applications and registrations for the invention in other countries.
2. Not interfere with Assignee in the protection of the patent rights and prosecution and protection of foreign counterparts
