------------	----	-----------	--------------------------

In addition, Assignor agrees to and does assign, transfer, and convey unto Assignee all rights: (a) in and to causes of action and enforcement rights for the Patent Rights including all rights to pursue damages, injunctive relief, and other remedies for past, present, and future infringement of the Patent Rights; (b) the right to apply (or continue prosecution) in any and all countries of the world for patents, utility models, certificates of invention, or other governmental grants for the Patent Rights, including under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperation Treaty, or any other convention, treaty, agreement, or understanding; and (c) the rights, if any, to revive prosecution of any abandoned Patent Rights.

Assignor also authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents or certificates of invention or equivalent that may be granted upon any of the Patent Rights in the name of Assignee, as the assignee to the entire interest therein.

The terms and conditions of this Assignment will inure to the benefit of Assignee, its successors, assigns, and other legal representatives, and will be binding on Assignor, its successor, assigns, and other legal representatives.
