PHARMACOKINETIC ENHANCEMENTS OF BIFUNCTIONAL CHELATES AND USES THEREOF	May 4, 2018	15/971,963
PHARMACOKINETIC ENHANCEMENTS OF BIFUNCTIONAL CHELATES AND USES THEREOF	May 4, 2018	PCT/US2018/031228

NOW, THEREFORE, to all whom it may concern be it known that this Confirmatory Assignment confirms that for and in consideration of said employment and of other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we have sold, assigned and transferred and, to the extent necessary, do hereby sell, assign and transfer unto said ASSIGNEE, its successors, assigns and legal representatives, our entire right, title and interest, which ASSIGNEE accepts, in and throughout the United States of America, its territories and all foreign countries, in and to the invention(s) described in said applications, together with our entire right, title and interest, which ASSIGNEE accepts, in and to said applications and such Letters Patent that may issue thereon, and applications that claim priority thereto under United States law or international or foreign convention and such Letters Patent (or equivalent grant) that may issue thereon, including but not limited to non-U.S., international, non-provisional, continuation, divisional, reissue, reexamination, extension, and substitution applications of said application and such Letters Patent, and any right, title and interest we may have in invention(s) and applications to which said application claims priority including U.S. provisional and utility and non-U.S. applications, and the right to claim priority to said applications for any such applications and Letters Patent; said invention(s), applications and Letters Patent to be held and enjoyed by said ASSIGNEE for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held by me had this assignment and sale not been made; we hereby confirm that we conveyed and convey all of our rights arising under or pursuant to any and all United States laws and foreign and international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for Letters

Patent, including but not limited to any cause(s) of action and damages accruing prior to this assignment, including all rights to exclude others from practicing the claimed invention(s) and all rights to seek any and all remedies in law or equity, including damages and injunctive relief, for past, present, and future infringement. We hereby confirm and acknowledge that this assignment, being of our entire right, title and interest in and to said invention(s) and applications, carries with it the right in ASSIGNEE to apply for and obtain from competent authorities in all countries of the world any and all Letters Patent by attorneys and agents of ASSIGNEE's selection and the right to procure the grant of all Letters Patent to ASSIGNEE in its own name as assignee of our entire right, title and interest therein;

AND, we hereby further confirm and agree for ourselves and our executors and administrators to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid invention(s) and applications to said ASSIGNEE, its successors, assigns and legal representatives, but at its or their expense and charges, including the execution of papers for filing and prosecution of non-provisional, continuation, divisional, reissue, reexamination, extension and substitution applications, and corresponding foreign and international patent applications;

AND, we hereby further confirm and agree to provide statements or testimony in any interference, derivation or post-grant proceeding, or other proceeding in which said invention(s) or any application or Letters Patent relating thereto may be involved;

AND, we hereby confirm, authorize and request the Director of the United States Patent and Trademark Office and the empowered officials of all other governments to issue such Letters Patent as shall be granted upon said application, or applications based thereon, to said ASSIGNEE, its successors, assigns or legal representatives;

AND, covenant with said ASSIGNEE that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by me and that full right to convey the same as herein expressed is possessed by me.

SAID ASSIGNEE does hereby acknowledge and accept the above sale, assignment and transfer of all the rights, title and interest enumerated above, including but not limited to the right to priority and the right to sue for past infringement.

IN TESTIMONY WHEREOF, we and ASSIGNEE have caused this Confirmatory Assignment to be duly executed on the date(s) set forth below, where we and ASSIGNEE may execute this Confirmatory Assignment in counterparts, in which case each executed counterpart will be considered to be an original. This assignment supersedes the prior assignments executed on May 2, 2018, May 3, 2018, and May 4, 2018.
