## ASSIGNMENT

Chad M. Huizenga, residing at 8228 Muscatay Grove NE, Rockford, Michigan 49341 (hereinafter referred to as Assignor) has invented certain new and useful improvements in LIQUID REMOVAL APPARATUS FOR A BREATHING CIRCUIT AND RELATED METHOD OF USE which is the subject of a United States patent application.

Spectrum Health System, a Michigan domestic nonprofit corporation, having a place of business at 100 Michigan Street NE, Grand Rapids, Michigan 49503 (hereinafter referred to as Assignee) is by virtue of the Spectrum Health Intellectual Property Policy, entitled to acquire the entire right, title, and interest in and to the invention and all patents that may be granted therefor anywhere in the world.

In consideration of the sum of One Dollar (\$1.00), the receipt of which is hereby acknowledged, and for other good and valuable consideration, including potential revenue shares provided by Spectrum Health under the Spectrum Health Intellectual Property Policy, which he is subject to, Assignor hereby sells, assigns, and transfers unto Assignee the entire right, title, and interest in and to (a) the invention in the United States and in all foreign countries, and any related intellectual property and knowhow, (b) the application, (c) all provisional applications from which the application claims priority to or from, (d) all nonprovisionals, divisions, continuations, continuations-in-part, reissues, reexaminations, substitutions, renewals, and extensions claiming priority directly or indirectly from the application including the right to claim for any such application the benefits of the International Convention; and (e) all patents that may be granted on any of the foregoing in the United States and in all foreign countries.

Assignor authorizes and requests the patent office officials in the United States and in all foreign countries to issue all of the patents, when granted, to Assignee as the owner of the entire right, title, and interest in and to the same.

Assignor agrees to communicate to Assignee or its representatives all facts known to Assignor respecting the invention; to testify in all legal proceedings; to sign all documents; to execute all nonprovisional, divisional, continuation, continuation-in-part, reissue, reexamination, substitution, renewal, and extension applications; to execute all necessary assignment documents to cause all of the patents to be issued to Assignee, to make all rightful oaths, and generally to do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper protection for the invention in the United States and in all foreign countries.
