WHEREAS, I, the below named Inventor/Seller (Seller), am the owner of all right, title and interest in and to the patents and patent applications identified in Exhibit A (the Patents);

WHEREAS, Thomas Stachura (Buyer), an individual having a place of residence in Edmonton, Canada, is desirous of acquiring the entire right, title and interest in and to the Patents and in and to all applications and Letters Patent therefor granted in the United States of America, and in any and all countries foreign thereto:

NOW, THEREFORE, TO WHOM IT MAY CONCERN, be it known that, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I said Seller, by these presents do sell, assign and transfer unto said Buyer, its successors, assigns and legal representatives, the full and exclusive right, title and interest for the territory of the United States of America and all countries foreign thereto, and throughout the world and in space, (including the right to apply for Letters Patent in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), in and to said Patents and in and to all applications and Letters Patent granted therefor, and all non-provisionals, divisionals, reissues, reexaminations, continuations, continuation-in-parts and extensions thereof, and in and to all copyrights, trademarks with their associated goodwill, trade secrets, confidential information, and compilations, necessary or useful to make, use, offer to sell, sell, and/or otherwise practice and exploit the Patents.

I hereby authorize and request the Commissioner of Patents, and any official worldwide whose duty it is to issue patents, to issue all Letters Patent on said Patents or resulting therefrom to said Buyer, or its successors and assigns, as Buyer of the entire right, title and interest.
