ASSIGNMENT

For One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I Karoly Nemeth of 701 N. Williams Drive, Palatine, Illinois 60074 USA, hereby sell, assign, transfer and convey unto Boron Nitride Power LLC, a Nevada limited liability company having offices at 155 N. Harbor Drive, Apt. 3612, Chicago Illinois 60601 USA its successors and assigns, the entire right, title and interest in and to my invention described and claimed in my provisional patent application for United States Letters Patent entitled: Radical Anion Functionalization of Two-Dimensional Materials, filed March 4, 2019 as Application No. 62/813276, and in my PCT application executed by me this date, and in and to all Letters Patent of the United States of America and foreign countries, including any divisions, continuations, reissues and extensions thereof, that may be obtained therefor; and I hereby authorize and request the Commissioner for Patents to issue any and all Letters Patent that may be granted for said invention to said assignee, its successors and assigns, and I agree that I will, without additional compensation, but without cost to me, promptly communicate to said assignee, or its representatives, any facts known to me respecting said invention whenever requested and testify in any legal proceedings, sign all lawful papers, execute all divisional, continuing, and reissue applications, make all rightful oaths and generally do everything possible to aid my said assignee, its successors and assigns, as and when requested by them, in obtaining and enforcing proper protection for said invention or inventions and improvements, in the United States of America and all countries foreign thereto.

Signed this 26 day of February, 2020.

Karoly Nemeth
