ASSIGNMENT

This Assignment is entered into as of the date(s) listed below. Inventor(s) (singly and collectively, "Assignor"), have made certain inventions, which are described in the application for Letters Patent of the United States, entitled APPARATUS AND METHODS FOR DEACTIVATING MICROORGANISMS WITH NON-THERMAL PLASMA, (the "Invention"), which is described in U.S. Patent Application No. 16/896,136 filed June 8, 2020.

CHISCAN HOLDING, LLC ("Assignee"), a limited liability company of the state of Nevada, having a place of business at 10781 West Twain Avenue, Las Vegas, NV 89135, is desirous of acquiring the entire interest in said inventions throughout the United States of America and the territories thereof, for all other countries and under all international agreements.

Assignor assigns to the Assignee its successors, assigns and legal representatives: the entire right, title and interest to the Invention, including patent, copyright and any other intellectual property rights, any provisional, non-provisional, continuation, continuation in part, divisional, reissue, reexamination, foreign, PCT or other patent application or like document, or any other application which claims priority to said application, in the United States and all foreign countries, together with the right of priority under the International Convention for the Protection of Industrial Property, Inter-American Convention Relating to Patents, Designs and Industrial Models, and any other international agreements to which the United States adheres.

Assignor also transfers to Assignee, its successors, assigns and legal representatives, without further remuneration, a like interest in and to any improvements, derivative works, and applications based thereon, growing out of or relating to the invention; and agrees to provide all reasonable assistance and execute any papers, if accurate, desired by Assignee, its successors, assigns and legal representatives, to preserve, acquire and/or perfect Assignee's full protection and title in and to the invention and any improvements and to file any of the aforementioned applications.

Assignor authorizes and requests the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on said invention to the Assignee as the owner of the entire interest, for the sole use and behalf of the said Assignee, its successors, assigns and legal representatives.

IN TESTIMONY WHEREOF, the undersigned Inventors, as Assignor, have hereunto executed this Assignment on the date indicated below.
