WHEREAS, Epizon Pharma, Inc. (hereinafter "ASSIGNEE"), a corporation having a business address at 445 Park Avenue, New York, NY 10022, desires to acquire an interest therein, in accordance with agreements duly entered into with us;

NOW, THEREFORE, to all whom it may concern, be it known that for and in consideration of said agreements and of other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we have sold, assigned and transferred and by these presents do hereby sell, assign and transfer unto said ASSIGNEE, its successors, assigns, and legal representatives, our entire right, title and interest, which ASSIGNEE accepts, in and throughout the United States of America, its territories and all foreign countries, in and to the invention(s) described in the Patent Application, together with our entire right, title and interest, which ASSIGNEE accepts, in and to the Patent Application and any patent application that claims priority under United States law or international convention to the Patent Application, including but not limited to non-provisionals, continuations, continuations-in-part, divisionals, reissues, reexaminations, extensions, and substitutions of said patent application, and any Letters Patent as may issue thereon, and any right, title, and interest we may have in provisional applications to which said Patent Application claims priority, including U.S. Provisional Patent Application No. 62/682,796, filed June 8, 2018; said inventions, patent applications and Letters Patent to be held and enjoyed by said ASSIGNEE for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held by us had this assignment and sale not been made; we hereby convey all of our rights arising under or pursuant to any and all United States laws and international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for Letters Patent, including but not limited to any cause(s) of action and damages accruing prior to this assignment.
