PATENT ASSIGNMENT

WHEREAS Gibson Brands, Inc. (hereafter "Assignor"), a corporation formed under the laws of Delaware and having a principal place of business at 309 Plus Park Boulevard Nashville, TN 37217, submits that it is the owner of the patents listed on Schedule A attached hereto (the "Patents") by virtue of the assignments recorded at the reels and frames listed in Schedule A, employment agreements with the inventors thereof, or other agreements; and

WHEREAS inMusic Brands, Inc. (hereafter "Assignee"), a corporation formed under the laws of Florida and having a principal place of business at 200 Scenic View Drive, Cumberland, RI 02864, desires to acquire all right, title and interest in and to the Patents.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign, transfer, and set over to Assignee, effective as of April 21, 2020, all of its right, title and interest in and to the Patents, as well as all right to priority, provisionals, continuations, divisions, and continuations-in-part based on the Patents or applications for the Patents, and all reissues and extensions of the Patents, the same to be held and enjoyed by Assignee for its own use and benefit and for the use and benefit of its successors, assigns, or legal representatives to the end of the term or terms for which the Patents are granted or reissued as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made.

Assignor also assigns to Assignee, all right, title and interest in, and to all, inventions and improvements which are the subject of, and disclosed in, the Patents throughout the world, including all priority applications, counterpart international, national, and regional stage applications and patents; the right to file applications and obtain patents, utility models, industrial models, and designs based on the Patents or applications therefor in its own name throughout the world, including all rights to claim priority based on the filing dates of the Patents under the International Convention for the protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and to publish cautionary notices reserving ownership of the inventions and all rights to register the Patents in appropriate registries. Assignor further agrees to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee.

Assignor also will reasonably communicate to Assignee any facts known to it regarding the Patents and related patents or applications and will, at the cost of Assignee, sign all lawful papers, execute all provisional, divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths and declarations, and generally do everything possible, at the cost of Assignee, to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for the Patents in all countries.

IN WITNESS WHEREOF, the parties have caused this Patent Assignment to be executed on the dates and in the capacities shown below.
