## ASSIGNMENT

WHEREAS, new and useful improvements and inventions have been made in

### ENERGY-ABSORBING PADS

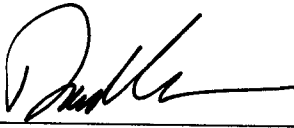

and are the subject of United States Patent Application No. 11/211,315 filed August 25, 2005, which application is further identified as Pearne & Gordon LLP Docket No. 37018US1.

WHEREAS, Intellectual Property Holdings, LLC, a limited liability company of Ohio having a place of business at 127 Public Square, Suite 2700, Cleveland, Ohio, 44114, United States of America, hereinafter referred to as "assignee", is desirous of acquiring all right, title, and interest throughout the world in, to and under said improvements and inventions and patent rights therefor.

NOW, THEREFORE, be it known that, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, all of the undersigned's right, title, and interest, in the United States and throughout the world, in, to and under said improvements and inventions and all patents, patent applications, patent rights, and inventor's certificates thereof, therefor, and therein, including without limitation said application for patent in the United States, all divisions and continuations thereof, all patents that may be granted thereon, all reissues and extensions thereof, all right to sue for past infringement thereunder, all patents that may be granted for said improvements and inventions by states or nations other than the United States, or by other authority, entity, or organization, and all applications therefor, and all rights of priority resulting from the filing of said applications, have been and are hereby sold, assigned, transferred, and delivered unto assignee, its successors and assigns; and it is covenanted and agreed by the undersigned, and for executors, administrators, and legal representatives of the undersigned, that at assignee's request any and all applications, affidavits, assignments and other instruments will be made, executed and delivered as may be necessary or desirable to secure for or vest in assignee, its successors or assigns, any improvement, inventions, right, title, interest, application, patent, patent right or other right or property covered by this assignment, and the United States Commissioner of Patents is hereby requested and authorized to issue any and all United States patents granted on any of said applications to assignee as owner of the entire right, title and interest in, to and under the same, and appropriately empowered officials of foreign countries are hereby authorized to issue any letters patent granted on any of said applications to assignee as owner of the entire right, title and interest in, to and under the same.

The undersigned hereby grants the firm of Pearne & Gordon LLP the power to insert on this assignment any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

IN WITNESS WHEREOF, this assignment has been executed below by the undersigned:
