INVENTION ASSIGNMENT AGREEMENT

This INVENTION ASSIGNMENT AGREEMENT (this "Agreement") is entered into as of May 18, 2020, by and between MedGyn Products, Inc., an Illinois corporation of 100 W. Industrial Road, Addison, IL 60101 (hereinafter "MedGyn") and Hsin-Yun Yeh, an Illinois resident of 317 South Oak Park Avenue, Apt. 104, Oak Park, IL 60302 (hereinafter "Yeh") (singularly a "Party" and collectively the "Parties").

WHEREAS, Yeh is an inventor of an invention currently known as: "THERMAL ABLATION DEVICE" (hereinafter the "Invention") briefly described as follows:

A thermal ablation device which is intended for the destruction of abnormal human tissue with high temperatures by tissue contact with an electrically gold alloy tip. The thermal ablation device is an electronic device used to destroy abnormal cells on the cervix using heat. The probe of the device is inserted into the vaginal canal so that the tip of the device is in contact with the external orifice of the cervix. The thermal ablation device is designed to perform low-power destruction of the human cervical tissue with high temperature by the tissue contact with an electrically heated tip. The heat generated from the tip destroys abnormal tissue at temperatures within the range of 100°C to 120°C. The thermal ablation device has a series of interchangeable tips.

AND

WHEREAS, an application or applications in the United States Patent and Trademark Office for a provisional and/or utility patent and/or design patent is/are being, or will be, filed, as well as potential foreign design patent application(s), potential foreign utility patent application(s), or other foreign applications.

AND

WHEREAS, MedGyn desires to acquire the entire right, title, and interest in and to the Invention in the United States of America and throughout the world.

AND

WHEREAS, Yeh desires to assign Yeh's rights in the Invention in the United States of America and throughout the world to MedGyn.

NOW, THEREFORE, in consideration of the foregoing, and the covenants and promises set forth below, the adequacy and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. **Assignment of Patent Rights.** Yeh hereby assigns, sells, and transfers to MedGyn all of Yeh's right, title, and interest that exists today and may exist in the future in and to:

- 1.1. The Invention and any and all patent applications now on file or later filed with the United States Patent and Trademark Office which may claim or protect it, whether provisional, utility, or design, and any and all Letters Patent of the United States of America now issued or later issued, whether utility or design; and
- 1.2. All reissues, renewals, substitutes, reexaminations, extensions, post-grant reviews, *inter partes* reviews, supplemental examinations, continuations, continuations in part, continuing prosecution applications, requests for continuing examinations, appeals, and divisions of any of the foregoing in Section 1.1; and
- 1.3. All foreign patents, patent applications, and counterparts now existing or later filed relating to any of the foregoing in Sections 1.1 or 1.2, including, without limitation, certificates of invention, utility models, industrial design protection, design patent protection, and other governmental grants or issuances; and
- 1.4. All intellectual property, including and without limitation: all innovations, information, inventions, invention disclosures, products, processes, works, designs, and discoveries described in any of the foregoing in Sections 1.1, 1.2, or 1.3 that, implicitly or explicitly:
 - 1.4.1. Are included in any claim in any of the foregoing in Sections 1.1, 1.2, or 1.3; or
 - 1.4.2. Are subject matter capable of being reduced to a patent claim in a reissue or reexamination proceeding brought on any item of the foregoing in Section 1.1, 1.2, or 1.3; or
 - 1.4.3. Could have been included as a claim in any of the foregoing in Sections 1.1, 1.2, or 1.3;and
- 1.5. All rights to apply in any or all countries of the world for patents, certificates of invention, utility models, industrial design protections, design patent protections, or other governmental grants or issuances of any type related to any of the foregoing in Sections 1.1, 1.2, 1.3, or 1.4, including, without limitation, under the Paris Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, or any other convention, treaty, agreement, or understanding, whether existing now or subsequently entered into and including expressly the right to claim priority; and
- 1.6. All related trade secrets, know-how, and/or any and all other proprietary or protectable rights related to the Invention, and all rights related thereto described in any of the foregoing Sections 1.1, 1.2, 1.3, 1.4, or 1.5; and
- 1.7. All causes of action which now exist or may exist in the future (whether known or unknown and whether currently pending, filed, or otherwise) and other enforcement rights, including, without limitation, all rights under or on account of any of the foregoing in Sections 1.1, 1.2, 1.3, 1.4, 1.5, or 1.6, and all causes of action and other enforcement rights for:
 - 1.7.1. Past, present, and future damages; and
 - 1.7.2. Injunctive relief; and
 - 1.7.3. Other remedies of any kindfor past, current, and future infringement; and
- 1.8. All rights to collect royalties and other payments under or on account of any of the foregoing in Sections 1.1, 1.2, 1.3, 1.4, 1.5, 1.6, or 1.7.

2. **Warranties.** Yeh hereby warrants as follows:

- 2.1. Ownership. Yeh has not assigned, transferred, encumbered, or otherwise disposed of any of Yeh's right, title, and interest, whether in whole or in part, in and to the Invention or any related patents, patent applications, or other legal right(s) associated with the Invention, including, without limitation, any right, title, and interest to sue for infringement thereof.
- 2.2. Authority. Yeh has the full power, authority, and capacity – and has obtained all spousal and third-party consents, approvals, and other authorizations required – to enter into this Agreement and to carry out the obligations hereunder.
- 2.3. Clear Title. To the best of Yeh's knowledge, the Invention and any related patents, patent applications, or other legal right(s) associated with the Invention are free and clear of all liens, licenses, claims, mortgages, security interests, community property interests, restrictions, or other encumbrances. To the best of Yeh's knowledge, there are no actions, suits, investigations, claims, or proceedings that are threatened, pending, or in progress relating in any way to the Invention or any related patents, patent applications, or other legal right(s) associated with the Invention. To the best of Yeh's knowledge, there are no existing – and Yeh will not enter into any – assignments, contracts, agreements, understandings, options, commitments, proposals, bids, offers, or rights with, to, or in any person to acquire the Invention or any related patents, patent applications, or other legal right(s) associated with the Invention, or that otherwise conflict with this Agreement.
- 2.4. Enforcement. Yeh has not put any third party on notice of actual or potential infringement of the Invention or any related patents, patent applications, or other legal right(s) associated with the Invention, nor initiated any enforcement action with respect to the same. To the best of Yeh's knowledge, neither the Invention nor any related patents, patent applications, or other legal right(s) associated with the Invention are currently the subject of any dispute, challenge, or cancellation proceeding.

3. **Further Cooperation.** Yeh hereby agrees to execute any documents that may be necessary or desirable in connection with the filing, prosecution, and maintenance of any and all patents or applications related to the Invention in the United States of America or countries foreign thereto. Yeh further agrees that if any part of the assignment contemplated by this Agreement is held to be invalid and/or inadequate under the law of any jurisdiction, then Yeh shall execute such further documents as may be necessary to perfect MedGyn's interest in the Invention and all patents, patent applications, and other legal right(s) associated with the Invention. All such documents shall be prepared at MedGyn's own expense. Yeh agrees, without further consideration and at MedGyn's expense, to identify and communicate to MedGyn (at MedGyn's request) any and all documents and information concerning the Invention and any related patents, patent applications, or other legal right(s) associated with the Invention that are within Yeh's possession or control. Yeh also agrees, without further consideration and at MedGyn's request and at MedGyn's expense, to provide further assurances and testimony on behalf of MedGyn that lawfully may be required of Yeh in the respect to the prosecution, maintenance, and defense of any patent application(s), patent(s), or other legal rights associated with the Invention encompassed within the terms of this Agreement.

4. **Consideration.** In exchange for the patent assignment and the other promises and warranties contained in this Agreement, MedGyn shall pay to Yeh the sum of Ten United States Dollars (US\$10.00) as good and valuable consideration, the sufficiency of which is hereby stipulated.
5. **Authorization.** Yeh hereby authorizes and requests the Commissioner of Patents and Trademarks to issue to MedGyn any and all Letters Patent referred to above, as assignee of the entire right, title, and interest in and to the same, for MedGyn's sole use and benefit, to the full extent of the term for which such Letters Patent may be granted, as fully and entirely as the same would have been held by Yeh had this Agreement not been made. Yeh further authorizes MedGyn, or MedGyn's designated attorney or agent, to file such applications for patent or other legal protections as the Invention may be entitled to in and under the law of any and all jurisdictions where it may be entitled to such protection.
6. **Completion.** Yeh authorizes any member of Crawford Intellectual Property Law LLC and attorneys working under its authorization and supervision to insert or complete any information in this document needed to effect its recording in the United States Patent and Trademark Office.
7. **Choice of Law.** This Agreement shall be governed by, and construed according to, the laws of the State of Illinois, without reference to any principles of conflicts of law.
8. **Forum Selection.** All actions brought under this Assignment may be brought only in a State or Federal court having jurisdiction in DuPage County, Illinois. The Parties hereby consent to venue in these fora.
9. **Non-Waiver of Rights.** Failure by either Party to enforce strict performance of any provision of this Agreement does not constitute a waiver of that Party's right to subsequently enforce that provision or any other provision of this Agreement. No waiver of any term, provision, or condition of this Agreement shall be valid unless given in a signed writing.
10. **Severability.** Whenever possible, each provision and term of this Agreement shall be interpreted in a manner to be effective and valid. However, if any provision or term of this Agreement is held to be prohibited or invalid, then such provision or term shall be ineffective only to the extent of such prohibition or invalidity, without invalidating or affecting in any manner whatsoever the remainder of such provision or term, or the remaining provisions or terms of this Agreement.
11. **Heirs, Successors, and Assigns.** All of the covenants, terms, provisions, and agreements contained herein shall be binding upon the Parties, and to their respective legal representatives, heirs, successors, and assigns.
12. **Headings.** The section headings in this Agreement are inserted for convenience only and shall not be used or relied upon in any way in the interpretation of this Agreement.

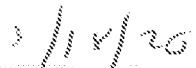

13. **Entire Agreement.** This Agreement constitutes and contains the entire agreement between the Parties with respect to the subject matter hereof and supersedes any prior or contemporaneous agreements, whether oral or written.

14. **Counterparts.** This Agreement may be executed in several counterparts and all so executed shall constitute one agreement binding on all Parties hereto, notwithstanding that all the Parties have not signed the original or the same counterpart. Any counterpart hereof signed by a Party against whom enforcement of this Agreement is sought shall be admissible into evidence as an original hereof to prove the contents hereof.

IN WITNESS WHEREOF the undersigned have executed this Agreement as of the day and year first written above. The Parties agree that facsimile signatures and signatures by e-mail as scanned documents shall be as effective as if originals.

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

STATEMENT UNDER 37 CFR 3.73(c)Applicant/Patent Owner: Hsin-Yun YehApplication No./Patent No.: 29/736,456 Filed/Issue Date: May 30, 2020Titled: THERMAL ABLATION DEVICE

MedGyn Products, Inc. _____, a corporation of the State of Illinois

(Name of Assignee)

(Type of Assignee, e.g., corporation, partnership, university, government agency, etc.)

states that, for the patent application/patent identified above, it is (choose **one** of options 1, 2, 3 or 4 below):

1. The assignee of the entire right, title, and interest.
2. An assignee of less than the entire right, title, and interest (check applicable box):
- The extent (by percentage) of its ownership interest is _____%. Additional Statement(s) by the owners holding the balance of the interest must be submitted to account for 100% of the ownership interest.
- There are unspecified percentages of ownership. The other parties, including inventors, who together own the entire right, title and interest are:

Additional Statement(s) by the owner(s) holding the balance of the interest must be submitted to account for the entire right, title, and interest.

3. The assignee of an undivided interest in the entirety (a complete assignment from one of the joint inventors was made). The other parties, including inventors, who together own the entire right, title, and interest are:

Additional Statement(s) by the owner(s) holding the balance of the interest must be submitted to account for the entire right, title, and interest.

4. The recipient, via a court proceeding or the like (e.g., bankruptcy, probate), of an undivided interest in the entirety (a complete transfer of ownership interest was made). The certified document(s) showing the transfer is attached.

The interest identified in option 1, 2 or 3 above (not option 4) is evidenced by either (choose **one** of options A or B below):

- A. An assignment from the inventor(s) of the patent application/patent identified above. The assignment was recorded in the United States Patent and Trademark Office at Reel _____, Frame _____, or for which a copy thereof is attached.
- B. A chain of title from the inventor(s), of the patent application/patent identified above, to the current assignee as follows:

1. From: _____ To: _____

The document was recorded in the United States Patent and Trademark Office at
Reel _____, Frame _____, or for which a copy thereof is attached.

2. From: _____ To: _____

The document was recorded in the United States Patent and Trademark Office at
Reel _____, Frame _____, or for which a copy thereof is attached.
