I agree to execute any and all papers in connection with the Application, any and all patent applications claiming priority to the Application, and any Letters Patent issuing therefrom, and also to execute separate assignments as ABB may deem necessary or desirable.

I agree to execute any and all papers in connection with any litigation, interference, derivation, reexamination, inter partes review, post grant review, or other proceeding concerning the Application, any and all patent applications claiming priority to the Application, and any Letters Patent issuing therefrom, and also to cooperate with ABB in every way possible in obtaining evidence and participating in any such proceeding.

I agree to perform any and all other acts which, in the opinion of ABB, may be necessary or desirable to secure the grant of Letters Patent to ABB or its nominees, in the United States and in all other countries where ABB may desire patent protection, with specifications and claims in
