Re: ASSIGNMENT OF CERTAIN PATENTS OF IITA

Dear Sirs,

On behalf of National Research Foundation of Korea (NRF), an R&D institute operated by Korean government, we would like to effectuate a series of patent asset transfers between certain Korean R&D institutes, as stipulated below.

INSTITUTE FOR INFORMATION TECHNOLOGY ADVANCEMENT (ASSESSMENT) (IITA), also an R&D institute operated by Korean government was established in 1999 and is currently registered as an owner or a co-owner of certain U.S. patents (“target patents”). IITA was dissolved and merged to Korea Evaluation Institute Of Industrial Technology (KEIT) in 2009. The ICT (Information Communication Technology) function of KEIT was transferred to NATIONAL IT INDUSTRY PROMOTION AGENCY (NIPA) in 2014 as a part of a general government reorganization. Thereafter, the ICT function of NIPA was transferred to NATIONAL RESEARCH FOUNDATION OF KOREA (NRF) in 2019 as a part of yet another general government reorganization.

In view of the foregoing, we would like to request the PTO to register the transfers of certain patents owned by INSTITUTE FOR INFORMATION TECHNOLOGY ADVANCEMENT (ASSESSMENT) (IITA) to NATIONAL RESEARCH FOUNDATION OF KOREA (NRF), to reflect the following assignment history:

STATEMENT OF CERTIFICATION

1. I, HyeWon Baek, am currently working as the leader of the Technology Commercialization Team of IITP (Institute of Information & Communications Technology Planning & Evaluation), having an address of 1548, Yuseong-daero, Yuseong-gu, Daejeon, Republic of Korea, which is an affiliate institute of NRF (National Research Foundation of Korea).

2. I joined Institute for Information Technology Advancement ("IITA") in 1997 and worked for IITA for 12 years until 2009.

3. To my best knowledge, IITA denoted its English name as "Institute for Information Technology Assessment" for its original Korean name ("정보통신연구진흥원"). IITA began to use "Institute for Information Technology Advancement" as its English notation based on the belief that "Institute for Information Technology Advancement" better represented its original Korean name and was commensurate with the nature of the institute.

4. In view of the foregoing, I certify that both "Institute for Information Technology Assessment" and "Institute for Information Technology Advancement" refer to the same legal entity, whose last address was 1548, Yuseong-daero, Yuseong-gu, Daejeon, Republic of Korea, and which thereafter dissolved in the year of 2009.
