ASSIGNMENT

WHEREAS, We, Michael Kevin Larkin and Kiran Kamity, citizens of the United States of America, residing in San Jose, California, and each having a post office address at 2540 North 1st Street, Suite 106, San Jose, California 95131, have made an invention entitled:

**SYSTEMS, METHODS, AND COMPUTER-READABLE MEDIA FOR
PROCESSING TELEMETRY EVENTS RELATED TO OPERATION
OF AN APPLICATION**

the specification of which was filed as US Patent Application No. * 16/938,138 on * July 24, 2020;

WHEREAS, DEEP FACTOR, INC., a corporation having an office and place of business at 2540 North 1st Street, Suite 106, San Jose, California 95131 is desirous of acquiring the entire interest in said invention, said United States patent application and in any Letters Patent which may issue thereon;

NOW, THEREFORE, be it known that for and in consideration of the sum of One Dollar (\$1.00) paid to us, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we do hereby sell, assign and transfer unto the said DEEP FACTOR INC., its successors, assigns and legal representatives, all right, title and interest in and to said invention and any improvements thereon for all countries of the world, and in and to said United States patent application, including any continuations,

*We hereby authorize "DEEP FACTOR INC." and its representatives to insert in this instrument the US Patent Application Number and Filing Date of said application when "DEEP FACTOR, INC." is officially notified thereof.

continuations-in-part, and divisions thereof, and any substitute applications therefor, and any patents which may issue thereon, and any reissues of the same, and including the right to claim priority under the International Convention based on said patent application; and all right, title and interest in and to every patent application filed or to be filed on said invention in any other country, including renewals, revivals, continuations, continuations-in-part, and divisions thereof, and any substitute applications therefor, and any and all patents which may issue thereon, and any reissues and extensions of the same; and we hereby authorize and request competent authorities to grant and issue any and all patents on said invention to the said DEEP FACTOR INC., as the assignee of the entire interest therein; and we further agree to execute upon request of the assignee such additional documents, if any, as are necessary and proper to secure patent protection on said invention throughout all countries of the world, and to otherwise give full effect to and perfect the rights of the assignee under this Assignment.
