Mr. Siarhei Miseiko, an individual of Minsk, Belarus ("**Inventor**"); and

Reveal Energy Services Inc., a Delaware corporation, having a business address of 1500 CityWest Blvd., Suite 741, Houston, TX 77042 USA ("**Assignee**"),

pursuant to that certain Framework Consulting Assignment by and between **Solbeg Group Inc.** and **Reveal Energy Services Inc.**, effective as of May 8, 2017 ("**Consulting Agreement**"), and that certain Confidentiality & Intellectual Property Agreement between **Mr. Siarhei Miseiko** and **Reveal Energy Services Inc.**, effective as of March 13, 2020 ("**Confidentiality Agreement**"). **Assignor**, **Inventor**, and **Assignee** may each be referred to herein individually as a "**Party**" and together as the "**Parties**."

WHEREAS, **Inventor** is a co-inventor of certain inventive designs described and claimed in the United States design patent applications listed on Schedule 1 (the "**Applications**");

WHEREAS, **Inventor** desires, and has agreed in accordance with the Confidentiality Agreement, to assign all of his rights, title, and interests, if any, in and to the inventive designs described in the **Applications** to **Assignee**;

WHEREAS, **Assignor** desires to assign all of its rights, title, and interests, if any, in and to the inventions described in the **Applications** to **Assignee**; and

WHEREAS, **Assignee** desires to obtain such rights from **Inventor** and **Assignor**,

NOW, THEREFORE, in consideration of the mutual covenants contained herein and in the Consulting Agreement and the Confidentiality Agreement, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the **Parties** agree as follows:

1. Conveyance from **Inventor** to **Assignee**. **Inventor** assigns to **Assignee** all of his individual and joint right, title, and interest, if any, throughout the world in the inventions (the "**Subject Matter**") described in the **Applications**, and assigns, in addition to the **Subject Matter**, (a) the **Applications** and all other applications that may be made for, and all patents, utility models, design registrations, and other rights of exclusion and inventors' certificates for, any of the **Subject Matter** (collectively the "**Applications and Granted Rights**") in every country or region and under every treaty or convention, (b) the right to claim priority based on and the benefit of the filing date of any of the **Applications and Granted Rights** under the International

Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other applicable treaties or conventions, and (c) the right to pursue, collect, and retain in the **Assignee's** name or otherwise, damages and any other remedies arising from any past, present, or future infringement of the Subject Matter, the Applications and Granted Rights, and any other rights assigned by this Agreement. To the extent any portion of the rights assigned by this Agreement has previously been assigned from the **Inventor** to the **Assignee** or the **Assignor**, this Agreement is a confirmation of the previous assignment(s). **Inventor** authorizes the **Assignee** to apply for and pursue protection for any or all of the Subject Matter, the Applications and Granted Rights, and any other rights assigned by this Agreement in all countries, regions, and territories of the world, in his name or the **Assignee's** name. **Inventor** represents and warrants that he has the right and power to make this Agreement and that it have not made and will not make any other assignment that conflicts with this Agreement. **Inventor** agrees to communicate to the **Assignee** (or, at the request of the **Assignee** to other parties) all known facts in any form relating to the Subject Matter; will execute and provide all oaths and declarations, statements, testimony, assignments, powers of attorney, applications, and documents; and will perform all other lawful acts necessary or desirable to secure fully to the **Assignee** the rights, titles, and interests assigned by this Agreement.

2. Conveyance from Assignor to Assignee. **Assignor** assigns to **Assignee** all of its individual and joint right, title, and interest, if any, throughout the world in the Subject Matter described in the Applications, and assigns, in addition to the Subject Matter, (a) the Applications and Granted Rights in every country or region and under every treaty or convention, (b) the right to claim priority based on and the benefit of the filing date of any of the Applications and Granted Rights under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other applicable treaties or conventions, and (c) the right to pursue, collect, and retain in the **Assignee's** name or otherwise, damages and any other remedies arising from any past, present, or future infringement of the Subject Matter, the Applications and Granted Rights, and any other rights assigned by this Agreement. To the extent any portion of the rights assigned by this Agreement has previously been assigned from the **Assignor** to the **Assignee**, this Agreement is a confirmation of the previous assignment. **Assignor** authorizes the **Assignee** to apply for and pursue protection for any or all of the Subject Matter, the Applications and Granted Rights, and any other rights assigned by this Agreement in all countries, regions, and territories of the world, in the **Assignee's** name. **Assignor** represents and warrants that it has the right and power to make this Agreement and that it has not made and will not make any other assignment that conflicts with this Agreement. **Assignor** agrees to communicate to the **Assignee** (or, at the request of the **Assignee** to other parties) all known facts in any form relating to the Subject Matter; will execute and provide all oaths and declarations, statements, testimony, assignments, powers of attorney, applications, and documents; and will perform all other lawful acts necessary or desirable to secure fully to the **Assignee** the rights, titles, and interests assigned by this Agreement.

3. Recordation. **Assignor** and **Inventor** hereby consent to and authorize the United States Patent and Trademark Office or any other governmental office or agency in each jurisdiction other than the United States to record this Agreement and to issue any and all patents or certificates of invention which may be granted upon any of the Applications and Granted Rights in the name of **Assignee**, as the assignee to the entire right, title, and interest therein to the extent

heretofore held by **Assignor** and **Inventor**. **Assignee** shall have the right to file patent applications on the Subject Matter in any country.

4. Further Acts. **Assignor** and **Inventor** shall assist **Assignee** (at **Assignee's** cost and expense) in connection with any such recording, and shall duly execute and deliver, or cause to be duly executed and delivered, and acknowledge such further instruments and do and cause to be done such further acts and things necessary or useful for the procurement, maintenance, enforcement, and defense of any patent, or for any proceeding, including interference and opposition proceedings, in connection with any patent in any country, including the filing of such assignments, agreements, documents, and instruments, as may be necessary or as **Assignee** may reasonably request in order to fulfill the purposes and intent of this Agreement, including to perfect title to any of the assigned inventions in **Assignee**, and to obtain, maintain, defend, and enforce proper patent protection for these inventions.

5. Miscellaneous.

a. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Texas, regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof. The **Parties** agree that any action brought by either **Party** under or in relation to this Agreement, including to interpret or enforce any provision of this Agreement, shall be brought in, and each **Party** agrees to and does hereby submit to the jurisdiction and venue of, the United States District Court for the Southern District of Texas, or, if such action may not be brought in such court for jurisdictional reasons, a court of competent jurisdiction and venue of the state of Texas, USA.

b. This Agreement by and between **Assignor**, **Inventor**, and **Assignee** contains the entire agreement among the **Parties** with respect to the specific conveyances in this Agreement. This Agreement may not be waived or amended except by an instrument in writing signed on behalf of each of **Assignor**, **Inventor**, and **Assignee**.

c. This Agreement may be executed in counterparts, each of which shall be considered an original instrument, but all of which shall be considered one and the same agreement, and shall become binding when one or more counterparts have been signed by each of the **Parties** hereto and delivered to each of the **Assignor**, **Inventor**, and the **Assignee**. Delivery of an executed counterpart of a signature page to this Agreement shall be as effective as delivery of a manually executed counterpart of this Agreement.

d. In the event that any provision contained in this Agreement is held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality and/or unenforceability shall not affect any other provisions of this Agreement, and this Agreement shall be construed as if the invalid, illegal, or unenforceable provisions had never been contained in it.
