ASSIGNMENT

WHEREAS, I, **David J. BISHOP**, have invented certain new and useful improvements in:
ORGANIC VAPOR JET NOZZLE WITH SHUTTER, which can be found in;
U.S. Serial No: **16/821,416** filed on **March 17, 2020**, which claims priority to U.S. Provisional Patent
Application No. **62/821,129** filed on **March 20, 2019**; and
U.S. Provisional Patent Application No. **62/821,129** filed on **March 20, 2019**;

AND WHEREAS, **TRUSTEES OF BOSTON UNIVERSITY**, a Massachusetts corporation, with
its principal place of business at One Silber Way, Boston, MA 02215, desires to acquire the entire right, title and
interest in and to the said improvements and the said Application:

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are
hereby agreed, the undersigned hereby assigns to **Trustees of Boston University**, its successors, legal
representatives, and assigns ("Assignee") the entire right, title and interest in and to the patent rights of such
undersigned disclosed in the applications listed above, and in any and all applications claiming priority thereto,
including any continuation, continuation-in-part, divisional, re-examination, reissue or prolongation thereof, and in
any and all other applications anywhere in the world which the undersigned may file and/or be named as an inventor
of, solely or jointly, on said patent rights, in any and all patents which may be obtained on any of said applications
and in any and all reissues, reexaminations, supplemental examinations, inter partes reviews, oppositions, post-grant
reviews, supplementary protection certificates and/or extensions thereof, including without limitation, the right to
bring suit and to claim and retain all damages and/or seek other remedies for the past, present and future infringement
of any of the foregoing, the right of priority, including without limitation to claim priority benefit of or to said patent
applications, and request the Commissioner for Patents in the United States and similar authorities outside the United
States to issue said patents to and in the name of the Assignee.

The undersigned states that the applications listed above is or was made or authorized to be made by
him or her. The undersigned believes himself or herself to be the original inventor or an original joint inventor of a
claimed patent rights in the applications listed above. The undersigned acknowledges that any willful false statement
made by him or her in this paragraph is punishable under 18 U.S.C. §1001 by fine or imprisonment of not more than
five years, or both.

Except in favor of Assignee, the undersigned warrants that: (i) he or she is the owner of all its rights,
title and interests herein assigned and has the right to make this unconditional and irrevocable assignment to
Assignee without obtaining any approval or permission of a third party; and (ii) there are no outstanding
encumbrances, liens, prior assignments, licenses, or other obligations or restrictions on the rights, title and interests
herein assigned.

Upon the request of Assignee and at no expense to the undersigned, each of the undersigned hereby agrees to execute any and all applications on said patent rights, including without limitation for the reissue, reexamination, supplementary protection certificate or extension thereof and any oath, declaration or affidavit relating thereto that said Assignee may deem necessary or expedient, and to cooperate to the best of the ability of the undersigned with and perform any and all affirmative acts requested by Assignee to prepare, file, prosecute, maintain, defend, enforce and vest in Assignee the rights, title and interests assigned herein, including without limitation, preparing and executing statements and giving and producing evidence in support thereof, whereby said rights, title and interests will be held and enjoyed by said Assignee to the full end of the term for which said patents may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.

We also hereby agree that this assignment is subject to the Massachusetts Uniform Electronic Transactions Act. We further agree that digitally/electronically applied signatures on this document are intended to authenticate this writing and to have the same force and effect as the use of manual signatures.
