WHEREAS, I, Johannes Gießibl of Eichenweg 12a, 83123 Amerang, DE, (ASSIGNOR(S)) have invented certain new and useful improvements for a *Method for Measuring a Torque Applied to a Magnetoelastic Body* for which ASSIGNOR(S) has/have executed an application for Letters Patent in the United States identifying ASSIGNOR(S) as the only inventor(s) thereof, said application being assigned Serial No. _____ by the U.S. Patent and Trademark Office and identified as Thompson Coburn LLP, Docket 55767-199113; and

WHEREAS, Methode Electronics Malta Ltd., a corporation organized under the laws of Malta having its principal office and place of business at Triq l-Awdituri, Zone 4, Central Business District, Birkirkara CBD 4070 Malta, (ASSIGNEE) is desirous of acquiring the entire right, title and interest in and to said invention and improvements as disclosed in said application, in and to said application, and in and to the patent to be obtained thereon.

NOW THEREFORE, for good and valuable consideration, the receipt and adequacy of all of which are hereby acknowledged, ASSIGNOR(S), hereby assign(s) and transfer(s) unto said ASSIGNEE, its successors or assigns, the entire right, title and interest in and to said invention and improvements as the same are disclosed in said application which was executed by ASSIGNOR(S), in and to said application, and in and to any and all Letters Patent and applications filed therefor, including provisionals, non-provisionals, divisionals, continuations, continuations-in-part, reissues, reexaminations and extensions to be obtained therefor in the United States and all foreign countries, including all priority rights and all rights to claim priority; and ASSIGNOR(S) further agree(s) to cooperate with ASSIGNEE hereunder in the obtaining and sustaining of any and all such Letters Patent as ASSIGNEE may desire to apply for, but at the expense of said ASSIGNEE.

The Commissioner of Patents or other proper official is hereby authorized and requested to issue said Letters Patent to ASSIGNEE in accordance with this ASSIGNMENT.

The undersigned hereby authorizes and requests the attorneys of record in said application(s) to insert in this ASSIGNMENT the serial number, filing date, and date of execution of said application(s).

For said considerations, ASSIGNOR(S) hereby agree(s), upon the request and at the expense of ASSIGNEE, to execute any provisional, non-provisional, divisional, continuation, continuation-in-part or

substitute application for said invention or improvements, and any oath or affidavit relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application(s), and, in the event of any application or Letters Patent assigned herein becoming involved in any derivation proceeding, interference, or third party challenge, to cooperate to the best of the ability of ASSIGNOR(S) in the matters of preparing and executing any petition, affidavit, or other document relating thereto and giving and producing evidence in support thereof. ASSIGNOR(S) agree(s) to perform, upon request, any affirmative acts to obtain said Letters Patent of the United States or foreign country and vest in said ASSIGNEE all rights therein, whereby said Letters Patent will be held and enjoyed by ASSIGNEE, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held and enjoyed by ASSIGNOR(S) if this ASSIGNMENT had not been made.

Assignor(s) shall, at the Assignee's request and expense, execute specific assignments to said invention and application, and execute, acknowledge and deliver such other documents or take such further action as may be considered necessary by the Assignee to obtain and defend letters patent in any and all countries and to vest title in said invention and application with Assignee or its assigns. If the Assignor(s) is unable or unavailable to sign any such documents in person, this document shall be valid as a power of attorney for the Assignee to sign any such documents on behalf of the Assignor(s) or, in the event of the death of the latter, the estate thereof.

And for said consideration, ASSIGNOR(S) hereby assign(s) to ASSIGNEE the entire right, title and interest in said invention or improvements for all foreign countries, including all priority rights, and agrees to execute, at the request of ASSIGNEE, all documents in connection with any application for foreign Letters Patent therefor.
