THIS PATENT AND PATENT APPLICATION ASSIGNMENT (this "Assignment") is made as of ~~May 8~~, 2020, from Samson Pump Company, LLC, an Oklahoma limited liability company ("Assignor") having an address of 34977 Hwy 51B, Porter, Oklahoma 74454, Oklahoma, and LPS Specialty Products, Inc., an Oklahoma corporation ("Assignee") having an address of 5505 Bird Creek Ave., Catoosa, Oklahoma 74015.

RECITALS

WHEREAS, Assignor and Assignee have entered into an agreement pursuant to which certain intellectual property owned by Assignor was acquired by Assignee;

WHEREAS, Assignor is the owner of the entire right, title and interest in, to and under the patents and patent applications listed on Exhibit A attached hereto and incorporated herein by reference, including, (i) the patents and patent applications set forth on Exhibit A hereto and incorporated herein by reference, the inventions claimed or described therein, any foreign patents, patent applications, utility models or other equivalents corresponding thereto or otherwise claiming priority thereto, including any reexamination, renewals and reissues of same already granted and which may be granted, and any divisional, continuation and continuation-in-part applications claiming priority from same or their foreign counterparts, together with additions thereto, substitutions therefor and modifications thereof, any Letters Patent and issues thereof which may be granted upon said patent applications, and any shop rights corresponding to any of the foregoing ("Patents"); (ii) all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise; (iii) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing or in response to an audit of past payments; and (iv) with respect to any of the foregoing, whether accruing before, on and/or after the date hereof, all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages (collectively, the "Patents and Patent Applications").

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereto agree as follows:

1. Assignor does hereby sell, assign, transfer and set over unto Assignee, its successors and assigns, all of Assignor's worldwide rights, title and interest in, to and under the Patents and Patent Applications.
2. Assignor does hereby sell, assign, transfer and set over onto Assignee, its successors and assigns, all claims and demands the Assignor may have either at law or in equity arising out of past, present or future third party infringement of the Patent Applications, the right to sue for and collect same for its own use and enjoyment, including the right to collect for past damages, and for the use and enjoyment of its successors, assigns, or other legal representatives.
3. Assignor authorizes the Commissioner of Patents and Trademarks of the United States and any official of any foreign jurisdiction whose duty it is to issue patents and trademarks on any foreign applications, to record the Patents and Patent Applications, the right, title and

interest therein, as the property of Assignee, its successors, legal representatives and assigns, in accordance with the terms of this Assignment; and Assignor further hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and any official of any foreign jurisdiction whose duty it is to issue patents and trademarks on any foreign applications, to issue each and every Letters Patent and Certificates of Registration to be granted upon the Patents and Trademarks to the Assignee, its successors, legal representatives and assigns, as the assignee of the entire right, title and interest therein, in accordance with this Assignment.

4. Assignor hereby agrees to execute, upon request, any and all further papers which may be necessary or desirable to enable the Assignee, its successors and assigns, to file and prosecute the Patents and Patent Applications; and Assignor further agrees to execute any and all further papers which may be necessary or desirable to vest or perfect the title of Assignee, its successors and assigns, in and to the Patents and Patent Applications throughout the world.

5. Except to the extent federal law preempts state law with respect to the matters covered hereby, this Assignment shall be governed by and construed under the laws of the State of Delaware, without regard to conflicts of law principles.

6. This Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF, the parties have caused this Assignment to be executed by their duly authorized officers or representatives and deem this Assignment to be effective as of the date first set forth above.
