ASSIGNMENT

WHEREAS ICM PRODUCTS, INC., hereinafter referred to as Assignor, owns rights in a certain invention: entitled:

POLYORGANOSIOLXANE- CONTAINING COMPOSITIONS

for which invention an application for a U.S. patent was filed on August 30, 2007, under U.S. Application No. 11/897,443 and issued on April 12, 2011 as U.S. Patent No 7,923,507, hereinafter referred to as the "invention", and

WHEREAS, CHT USA Inc., 805 Wolfe Avenue, Cassopolis, Michigan 49031, hereinafter referred to as Assignee, is desirous of acquiring the entire right, title, and interest in, to, and under the invention described in the patent, including the entire priority right derived from the application,

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged,

Assignor assigns and transfers to Assignee and Assignee's legal representatives, successors, and assigns the entire right, title, and interest in, to, and under the invention, the referenced patent, and other such applications (e.g., provisional applications, non-provisional applications, continuations, continuations-in-part, divisionals, reissues, reexaminations, national and regional phase applications, petty patent applications, and utility model applications) that may be filed in the U.S. and/or any country foreign to the U.S. on the invention, and any patents that may issue thereon,

Assignor conveys to the Assignee the right to make applications in Assignee's own behalf for protection of the invention in the U.S. and countries foreign to the U.S. and to claim priority to the referenced patent and other such applications that may be filed in the U.S. or any country foreign to the U.S. on the invention under the Patent Cooperation Treaty, the Paris Convention, and any other international arrangements,

Assignor will not execute any writing or do any act conflicting with the terms of this assignment,

Assignor will at any time upon request, without further or additional consideration, but at the expense of the Assignee, execute such additional assignments and other writings and do such additional acts as the Assignee may deem necessary or desirable to pursue the patent identified herein, including, but not limited to, rendering all necessary assistance in making applications for and obtaining patents that may issue thereon in the U.S. and any countries foreign to the U.S. on the invention, and in enforcing any rights accruing as a result of such applications or patents, by, for example, executing statements and other affidavits,

Assignor and Assignee agree the terms of this assignment shall bind, and inure to the benefit of, the legal representatives, successors, and assigns of all parties hereto,

Assignor and Assignee hereto executed this document under the presence of a witness, who will also sign below

Assignor and Assignee agree that U.S. law governs this assignment, and

IN WITNESS WHEREOF, Assignor has hereunder set his hand on the date shown below.
