## ASSIGNMENT

WHEREAS, the inventors of the following US Provisional Patent Application:

Inventor	Title	Filing Date	Serial Number
Brian Mullins Dallas Erdahl Russ Cluff Peyman Pirzadeh	Wearable Medical Device	June 14, 2019	62/861,658
Brian Mullins Dallas Erdahl Russ Cluff Peyman Pirzadeh	Wearable Medical Device	August 9, 2019	62/884,890

(hereinafter, the "Assigned IP") have assigned all of their rights in each of such patents and/or patent applications to Kablooe Design having a place of business at 8560 Cottonwood St. NW, #100, Minneapolis, Minnesota, USA, 55433 (hereinafter, "Kablooe");

WHEREAS Biovisics Medical, LLC, having a place of business at 127 Bridge Avenue East, Suite 225, Delano, Minnesota, USA, 55328 (hereinafter, "Biovisics") and Kablooe have executed a Consulting Services Agreement, having an effective date of March 5, 2019, and a Proposal, dated by the parties on March 5 and March 11, 2019, which contains therein an intellectual property transfer provision pursuant to which ownership of the Assigned IP is transferred from Kablooe to Biovisics;

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Kablooe transfers to Biovisics the entire right, title, and interest in and to the Assigned IP, including all inventions disclosed or claimed in the Assigned IP, any improvements thereof, any corresponding applications in any country (e.g., provisional, non-provisional, divisional, continuation, continuation-in-part, reexamination, and/or reissue patent), all patents issuing thereon, or other patent applications based off of or claiming priority thereto, and all rights and benefits under any applicable treaty or convention including the Patent Cooperation Treaty, as well as the right to claim priority to any of the Assigned IP.

Kablooe authorizes the Patent Office of the United States or any other country in which Biovisics elects to file an application for patent to issue any patent (or similar legal protection) to Biovisics or its designee.

Kablooe hereby represents and warrants that assignment of the Assigned IP from the above named inventors to Kablooe has been properly obtained in exchange for good and valuable consideration.

Kablooe further warrants that it will take any reasonable steps needed to secure the cooperation of the inventors, including but not limited to, and as reasonably needed from time to time, signatures for oaths, declarations and/or assignment documents, to allow Biovisics to perfect ownership in, complete prosecution of, and/or to enforce the Assigned IP.

The above assignment includes assignment of the following patent or patent application that claims priority to one of or both of the provisional patent applications listed above as the Assigned IP:

Title: WEARABLE MEDICAL DEVICE

Serial Number: 16/900,115

Filing Date: June 12, 2020

Jurisdiction: USA

Kablooe, on behalf of itself and the inventors, authorizes Biovisics or its agent or designee to insert in this instrument the title, serial number, filing date and jurisdiction of the application when ascertained.

Kablooe, on behalf of itself and the inventors, authorizes Biovisics or its agent or designee to apply for patent (or similar legal protection) in its own name if desired, as is appropriate for the particular country or regional patent authority in any and all countries.

Execution of the present document does not in any way modify rights conferred on any party to the Consulting Services Agreement or Proposal, and serves solely to evidence the assignment of the Assigned IP to Biovisics.
