PATENT ASSIGNMENT

This assignment made on the date shown below by Thomas D. Ferro of Arroyo Grande, California, Austin T. Ferro of Arroyo Grande, California, Donald J. Lee of San Luis Obispo, California, Joseph Phillips of Paso Robles, California, and John Park of San Luis Obispo, California (Assignors), to Applied Orthopedic Design, Inc., having a place of business at 860 Oak Park Blvd., Suite 310 Arroyo Grande, CA 93420 (Assignee);

WHEREAS, Assignors have invented a new, original and useful invention entitled, Surgical Leg Positioner (Invention), for which Provisional Application No. 62/085,311 has been filed on November 27, 2014, and for which a United States patent application will be filed, further identified by Cisló & Thomas' Docket No. 15-30072 (Patent Applications);

WHEREAS, Assignors believe themselves to be the original, first, and joint inventors of the Invention disclosed and claimed in said Patent Applications;

WHEREAS, the above-identified Patent Applications were made or authorized to be made by Assignors; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment their entire right, title, and interest in and to said Invention, and said Patent Applications in the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, assign, and transfer to Assignee, their entire right, title, and interest in and to said Invention, and said Patent Applications for said Invention in the United States and throughout the world, including any related provisional, non-provisional, divisional, continuation, continuation-

in-part, reissue, foreign, or other application based on the Invention, and the exclusive right to file any provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, foreign, or other application based on the Invention directly in the name of Assignee and to claim any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further Assignors agree that, upon request and without further compensation, but at no expense to Assignors, Assignors and their legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Patent Applications in the United States and throughout the world for said Invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said Invention, and said Patent Applications filed, any future related Applications for said Invention and any patents granted for said Invention in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Patent granted for said Invention, whether on an application for said Invention, said Patent Applications, or on any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors and assigns, as the assignee of their entire interest in said Invention.

IN WITNESS WHEREOF, Assignors have executed this Assignment on the date

This assignment made on the date shown below by Applied Orthopedic Design, Inc., having a place of business at 860 Oak Park Blvd., Suite 310 Arroyo Grande, CA 93420 (Assignor) to AOD Holdings, LLC, having a place of business at 860 Oak Park Blvd., Suite 310 Arroyo Grande, CA 93420 (Assignee);

WHEREAS, Assignor has acquired by assignment an invention entitled Surgical Leg Positioner (Inventions) for which Provisional Application No. 62/085,311 has been filed on November 27, 2014, and for which a United States Utility Patent Application was filed receiving Application No. 14/668,877, further identified by Cislo & Thomas' Docket No. 15-30072 (Patent Application);

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title, and interest in and to said Inventions, and said Patent in the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee, its entire right, title, and interest in and to said Inventions, and said Patent for said Inventions in the United States and throughout the world, including the exclusive right to file any provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, foreign, or other application based on the Inventions directly in the name of Assignee and to claim any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further Assignor agrees that, upon request and without further compensation, but at no

expense to Assignor, Assignor, its legal representatives, and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Patent in the United States and throughout the world for said Inventions, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said Inventions, and said Patent, and any patents granted for said Inventions in the United States and throughout the world.

Assignor represents and warrants that it has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Patent granted for said Inventions, whether on an application for said Inventions, said Patent Application, or on any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors and assigns, as the assignee of their entire interest in said Inventions.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date first above written and as set forth below.
