COMBINED DECLARATION & ASSIGNMENT**DECLARATION**

This Declaration is directed to the application entitled:

**SYSTEMS AND METHODS FOR DEEP LEARNING MODEL BASED
PRODUCT MATCHING USING MULTI MODAL DATA**

the specification and drawings of which are attached hereto ("application").

As a below named Inventor, I hereby declare that:

The above-identified application was made or authorized to be made by me.

I believe that I am the original inventor or an original joint inventor of a claimed invention in the application.

I hereby acknowledge that any willful false statement made in this Declaration is punishable under 18 U.S.C. 1001 by fine, or imprisonment of not more than five (5) years, or both.

ASSIGNMENT

WHEREAS, I, as a below named Inventor of the above-identified application for patent ("Inventor"), have invented certain inventions and improvements disclosed in the application, which is to be filed, or has been filed, in the United States Patent and Trademark Office (USPTO) ("application").

WHEREAS, Price Technologies Inc., a corporation/company with a principal business address at 425 1st Street, Unit 2903, San Francisco, CA 94105, United States ("Assignee"), is desirous of acquiring the entire right, title and interest in the same.

NOW, THEREFORE, as the below named Inventor, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I desire to assign a 100% undivided interest in said application to the Assignee.

I hereby assign, sell, and transfer a 100% undivided interest in the entirety of the bundle of rights, title, and interest in and to said application, unto said Assignee, in and to the right to claim any domestic priority therefrom, together with all claims for damages and profits by reason of any past infringement of any corresponding letters patent and the right to sue therefor, and together with the right to file said application, or any corresponding non-provisional(s), divisional(s), continuation(s), or continuation(s)-in-part in the United States, or in any foreign country or jurisdiction under the Paris Convention or the Patent Cooperation Treaty (PCT), such interests, claims, and rights to be held and enjoyed by the Assignee for its own use and for its successors and assigns, to the full end of the term for which a patent issuing from said application may be granted, and any reissues, reexaminations, renewals, or extensions thereof as may be granted, as fully and entirely as the same would have been held by the below named Inventor had this Assignment not been made.

I further agree to execute all necessary and lawful future documents, including assignments in favor of Assignee, or its designees as Assignee or its Assignees may from time-to-time present to me in order to perfect title in said application.

I further covenant that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this Assignment.

I further covenant that Assignee will, upon its request, be provided promptly with all pertinent

facts and documents relating to said application as may be known and accessible to me and I will testify to the same in any proceeding or litigation related thereto and will promptly execute and deliver to Assignee or its legal representatives any and all papers, instruments, declarations, or affidavits required to apply for, obtain, maintain, and enforce said application or patent issuing therefrom which may be necessary or desirable to carry out the purposes hereof.

This Assignment may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

Upon being duly cautioned, I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and I further understand that false statements and the like so made are punishable by fine, imprisonment, or both, under Section 1001 of Title 18 of the United States Code (18 U.S.C. 1001), and that such willful, false statements may jeopardize the validity of the application and any patent(s) issuing therefrom.
