<sup>2</sup> Capitalized terms used but not otherwise defined herein have the meanings ascribed to them in the Sale Motion (including its exhibits thereto, Docket No. 13) or the Agreement, as applicable; to the extent there is a conflict between a capitalized term in the Sale Motion and a capitalized term in the Agreement, the meaning ascribed to such term in the Agreement shall control and govern.

Agreement; and (d) granting related relief; and this Court having entered an order on October 3, 2019 [Docket No. 227] (the “**Bid Procedures Order**”) approving the bid procedures in connection with the Sale of all or substantially all of the Debtors’ assets and attached as Exhibit 1 to the Bid Procedures Order (the “**Bid Procedures**”); and the Debtors having determined, after an extensive marketing and sale process that White Oak Global Advisors, LLC (the “**Buyer**”), has submitted the highest or otherwise best bid with respect to the Purchased Assets and having selected the Buyer as the Successful Bidder in accordance with the Bid Procedures; and upon due, adequate, and sufficient notice of the Sale Motion, the Auction, the Agreement, and all other related Transactions contemplated thereunder and in this Sale Order; and upon the testimony at the Sale Hearing; and all interested parties having been afforded an opportunity to be heard with respect to the Sale Motion and all relief related thereto; and the Court having reviewed and considered the Sale Motion, the Agreement, and all relief related thereto and any objections and other responses thereto, and the arguments of counsel made, and the evidence adduced, at the Sale Hearing and the entire record of the Sale Hearing; and this Court having conducted the Sale Hearing to consider entry of the Sale Order on November 15, 2019; and upon the full record in support of the relief requested by the Debtors in the Sale Motion; and this Court having core jurisdiction over this matter; and that this Court may enter a final order on the Sale and the Sale Motion consistent with Article III of the United States Constitution; and this Court having found that venue of the chapter 11 cases and the Sale Motion in this district is proper; and it further appearing that the legal and factual bases set forth in the Sale Motion and at the Sale Hearing establish just cause for the relief granted herein; and it appearing that the relief requested in the Sale Motion is in the best interests of the Debtors, their estates, their creditors, and all other parties in interest; and upon the full record of these chapter 11 cases and all other pleadings and

proceedings, including the Sale Motion; and after due deliberation thereon, and good and sufficient cause appearing therefor,

**THE COURT HEREBY FINDS THAT:<sup>3</sup>**

**I. Jurisdiction, Final Order, and Statutory Predicates.**

A. This Court has jurisdiction to hear and determine the Sale Motion pursuant to 28 U.S.C. §1334(a). This is a core proceeding under 28 U.S.C. § 157(b)(2)(A), (N), and (O). This Court may enter a final order with respect to the Sale Motion, the Sale, and all related relief, in each case, consistent with Article III of the United States Constitution. Venue of these chapter 11 cases and the Sale Motion is proper in this District and in the Court pursuant to 28 U.S.C. §§ 1408 and 1409.

B. The statutory predicates for the relief requested in the Sale Motion are sections 105(a), 363, and 365 of the Bankruptcy Code and Bankruptcy Rules 2002(a)(2), 6004, 6006, 9007, and 9014.

C. This Sale Order constitutes a final order within the meaning of 28 U.S.C. § 158(a). Notwithstanding Bankruptcy Rules 6004(h) and 6006(d), and to any extent necessary under Bankruptcy Rule 9014 and Rule 54(b) of the Federal Rules of Civil Procedure, as made applicable by Bankruptcy Rule 7054, the Court expressly finds that there is no just reason for delay in the implementation of this Sale Order, waives any stay, and expressly directs entry of judgment as set forth herein. Time is of the essence in consummating the sale. There is no credible basis for concluding that a delay in the sale of the Purchased Assets would result in a higher or better offer for the Purchased Assets than the offer reflected in the Agreement.

---

<sup>3</sup> All findings of fact and conclusions of law announced by the Court at the Sale Hearing in relation to the Sale Motion are hereby incorporated herein to the extent not inconsistent herewith.

## **II. Notice.**

D. Actual written notice of the Sale Motion, the assumption and assignment of the Assigned Contracts, and the Sale Hearing, and a reasonable opportunity to object or be heard with respect to the Sale Motion and the relief requested therein and to the entry of this Sale Order, has been afforded to all known interested entities, including, but not limited to, the following parties (the “**Notice Parties**”): (i) the Office of the United States Trustee for the Southern District of Texas; (ii) counsel to the official committee of unsecured creditors appointed in the Debtors’ chapter 11 cases (the “**Creditors’ Committee**”); (iii) counsel to the agent under the Debtors’ first-lien credit facility and the Debtors’ debtor-in-possession credit facility; (iv) the agent under the Debtors’ second-lien credit facility; (v) the United States Attorney’s Office for the Southern District of Texas; (vi) the Internal Revenue Service; (vii) the office of the attorneys general for the states in which the Debtors operate; (viii) all known holders of liens, encumbrances, and other claims secured by the Purchased Assets; (ix) all parties who are known or reasonably believed, after reasonable inquiry, to have asserted any lien, encumbrance, claim, or interest in the Purchased Assets; (x) the counterparties to Assigned Contracts; and (xi) any party that has requested notice pursuant to Bankruptcy Rule 2002 as of the time of service.

E. As further evidenced by the affidavits of service previously filed with the Court [Docket Nos. 57, 254, and 282], and based on the representations of counsel at the Sale Hearing, due, proper, timely, adequate, and sufficient notice of the Sale Motion, the Sale Hearing, the Auction, the Sale, and the assumption and assignment of the Assigned Contracts to be assumed and assigned to the Buyer at Closing pursuant to this Sale Order has been provided in accordance with sections 102(1), 363, and 365 of the Bankruptcy Code and Bankruptcy Rules 2002, 6004, 6006, 9007, and 9014 and the Local Bankruptcy Rules and in compliance with the Bid Procedures Order.

F. Notice of the Sale Motion, the Sale Hearing, the Auction, the Sale, and the assumption and assignment of the Assigned Contracts to be assumed and assigned to the Buyer at Closing pursuant to this Sale Order was and is timely, proper, sufficient, appropriate under the particular circumstances, and reasonably calculated to provide the Notice Parties and all other interested parties with timely and proper notice under the circumstances of these chapter 11 cases, and no other or further notice with respect to such matters is, or shall be, required.

G. A reasonable opportunity to object and be heard with respect to the Sale, the Sale Motion, and the relief requested therein, including but not limited to the assumption and assignment of the Assigned Contracts and the Cure Costs, has been afforded to all interested Persons (as defined in the Agreement), including the Notice Parties.

### **III. Corporate Authority.**

H. Epic Companies, LLC ("**Epic**"), Epic Applied Technologies, LLC ("**Epic Applied**"), and Epic Diving & Marine Services, LLC ("**Epic Diving & Marine**", and collectively with Epic and Epic Applied, the "**Sellers**") (i) have full requisite corporate or other organizational power and authority to execute, deliver, and perform the Agreement and the Transaction Documents, and consummate the Transactions contemplated thereby (including the Sale), and such execution, delivery, and performance have been duly and validly authorized by all necessary corporate or other organizational action of each of the Sellers, (ii) have taken all requisite corporate or other organizational action and formalities necessary to authorize and approve the execution, delivery, and performance of the Agreement and the Transaction Documents and the consummation by the Sellers of the Transactions contemplated thereby, including as required by their respective organizational documents, and, upon execution thereof, the Agreement and each Transaction Document executed by such Seller will be duly and validly executed and delivered by such Seller and enforceable against such Seller in accordance with its terms and, assuming due

authorization, execution, and delivery thereof by the other parties thereto, will constitute a valid and binding obligation of such Seller, (iii) no government, regulatory, or other consents or approvals, other than those expressly provided for in the Agreement, are required for the execution, delivery, and performance by the Sellers of the Agreement and the Transaction Documents, or the consummation of the Transactions contemplated thereby, and (iv) have full requisite corporate or other organizational power and authority to cause its respective non-debtor subsidiaries, as applicable, to execute and deliver, or cause to be executed and delivered, all such documents and instruments, or take, or cause to be taken, all such other actions, as may be reasonably necessary to effectuate or evidence the Transactions contemplated by the Agreement and the Transaction Documents.

#### **IV. Compliance with Bid Procedures and Bid Procedures Order.**

I. This Court's findings of fact and conclusions of law in the Bid Procedures Order, including the record of the hearing to approve the Bid Procedures Order, are incorporated herein by reference.

J. As demonstrated by the testimony and other evidence proffered or adduced at the Sale Hearing and the representations of counsel made on the record at the Sale Hearing, the Sellers have adequately marketed the Purchased Assets and conducted the sale process in compliance with the Bid Procedures and the Bid Procedures Order, and the bidding process was conducted in a non-collusive, fair, and good-faith manner. The Sellers and their professionals conducted the sale process in compliance with the Bid Procedures and the Bid Procedures Order and have afforded potential purchasers a full and fair opportunity to participate in the bidding process for the Purchased Assets and make higher or better offers. In accordance with the Bid Procedures Order, the Agreement was deemed a Qualified Bid and the Buyer was a Qualified Bidder. The Buyer acted in compliance with the Bid Procedures and the Bid Procedures Order and conducted

itself in a non-collusive, fair, and good-faith manner. In accordance with the Bid Procedures and the Bid Procedures Order, the Sellers determined that the bid submitted by the Buyer and memorialized by the Agreement is the Successful Bid.

**V. Good Faith of Buyer and Backup Bidder.**

K. The Agreement was negotiated, proposed, and entered into by the Sellers and the Buyer, without collusion, in good faith, and from arm's-length bargaining positions.

L. Neither the Sellers nor the Buyer have engaged in any conduct that would cause or permit the Agreement to be avoided under Bankruptcy Code section 363(n). The Sellers and the Buyer have not engaged in any conduct that would cause or permit the Agreement or the consummation of the Sale to be avoided, or costs or damages to be imposed, under section 363(n) of the Bankruptcy Code. The Buyer has not acted in a collusive manner with any Person, and the purchase price was not controlled by any agreement among bidders, all of whom acted in good-faith, at arm's length, and in a non-collusive manner. Among other things (i) the Buyer recognized that the Sellers were free to deal with any other party interested in acquiring the Purchased Assets; (ii) the Buyer complied with the provisions of the Bid Procedures Order; (iii) the Buyer agreed to subject its bid to the competitive bidding procedures set forth in the Bid Procedures Order; (iv) all payments to be made by the Buyer and other agreements or arrangements entered into by the Buyer in connection with the Sale have been disclosed; and (v) no common identity of directors or controlling stockholders exists between the Buyer, on the one hand, and the Debtors, on the other hand. The Buyer is purchasing the Purchased Assets in good-faith and for value, and the Buyer is a good-faith purchaser within the meaning of section 363(m) of the Bankruptcy Code and is not an "insider" of any Debtor (as defined under section 101(31) of the Bankruptcy Code). The Buyer is therefore entitled to the full rights, benefits,

privileges, and protections afforded under section 363(m) of the Bankruptcy Code and any other applicable or similar bankruptcy and non-bankruptcy law.

M. Pursuant to the Agreement and sections 363(b) and 363(k) of the Bankruptcy Code, the Buyer, in addition to the other consideration offered under the Agreement, (1) credit bid (i) all of the DIP Obligations and (ii) all or a portion of the Prepetition Senior Credit Agreement Indebtedness in an aggregate amount (including (i) and (ii)) equal to \$48,900,000 (collectively, the amounts set forth in clauses (i) and (ii), the “**Credit Bid**”), and (2) the assumption of \$40,000,000 of the indebtedness evidenced by the Prepetition Junior Credit Agreement (the “**Debt Assumption**”); provided, that any portion of the Prepetition Credit Agreement Indebtedness that is not paid as part of the Credit Bid or the Debt Assumption shall remain a claim in the Bankruptcy Case.

- i. The credit agreement governing the Prepetition Senior Credit Agreement Indebtedness (the “**Prepetition Senior Credit Agreement**”) and other Loan Documents (as defined in the Prepetition Senior Credit Agreement) authorize the Buyer’s submission of the Credit Bid on behalf of the Prepetition Senior Lenders;
- ii. The Credit Bid was a valid and proper offer pursuant to the Bid Procedures and the Bid Procedures Order;
- iii. There is no cause to limit the amount of the Credit Bid pursuant to section 363(k) of the Bankruptcy Code;
- iv. In accordance with Bankruptcy Code section 363(k), the Sellers valued each dollar of the Credit Bid as equivalent to one dollar of cash, and such valuation was appropriate and represents a reasonable exercise of the Sellers’ business judgment; and
- v. Subject to the occurrence of the Closing Date, the Credit Bid is binding on the Prepetition Senior Lenders.
- vi. Solely with respect to the Creditors’ Committee, the allowance of the Credit Bid does not constitute a release of the claims against, or the allowance of the liens and claims of, the Prepetition Senior Lenders, and nothing in this Order adversely affects any rights of the Creditors’ Committee (including any claims it is authorized to bring on behalf of the Debtors’ estates) to assert any counterclaim,

setoff, subordination, recharacterization, defense, avoidance, or other cause of action against any Prepetition Senior Lender or to recover damages thereon, but subject in all respects to the Challenge Deadline in the DIP Financing Order; provided, that the Creditors' Committee's rights and remedies shall not include the ability to avoid, reverse or modify the Sale or the Agreement, and any defenses, rights or remedies of Buyer are preserved.

**VI. Highest and Best Offer.**

N. The Bid Procedures are reasonable and appropriate and represent the best available method for conducting the sale process in a manner that maximizes value for the benefit of the Sellers' estates.

O. The Sellers' marketing and sales process with respect to the Purchased Assets in accordance with the Bid Procedures (including the Sellers' postpetition marketing process with respect to the Purchased Assets and the marketing process set forth in the Bid Procedures and the Bid Procedures Order), afforded a full, fair, and reasonable opportunity for any Person to make a higher or otherwise better offer to purchase the Purchased Assets. The Sellers conducted a marketing process in accordance with, and have otherwise complied in all respects with, the Bid Procedures and the Bid Procedures Order. A reasonable opportunity has been given to any interested party to make a higher or otherwise better offer for the Purchased Assets.

P. The Agreement constitutes the highest and best offer for the Purchased Assets, and the Sellers' determination that the Agreement maximizes value for the benefit of the Sellers' estates and constitutes the highest and best offer for the Purchased Assets each constitutes a valid and sound exercise of the Sellers' business judgment and is in accordance and compliance with the Bid Procedures and the Bid Procedures Order. The Agreement represents fair and reasonable terms for the purchase of the Purchased Assets.

Q. Approval of the Sale Motion and the Agreement and the prompt consummation of the Transactions contemplated thereby will maximize the value of each Debtor's estate and are in the best interests of the Debtors, their chapter 11 estates, their creditors, and other parties in interest.

**VII. No Merger; Buyer Not an Insider; No Successor Liability.**

R. The Buyer is not a successor to or a mere continuation of the Sellers or their estates, and there is no continuity of enterprise or common identity between the Buyer and the Sellers. The Buyer is not holding itself out to the public as a successor to or a continuation of the Sellers or their estates. The Buyer is not a successor to any of the Sellers or their estates by reason of any theory of law or equity, and the Sale does not amount to a consolidation, succession, merger, or de facto merger of the Buyer and the Sellers. Immediately prior to the Closing Date, the Buyer was not an "insider" or "affiliate" of the Sellers, as those terms are defined in the Bankruptcy Code, and no common identity of incorporators, directors, or controlling stockholders existed between the Sellers and the Buyer. The transfer of the Purchased Assets to the Buyer, except as otherwise explicitly set forth in the Agreement, does not, and will not, subject the Buyer to any liability whatsoever, with respect to the Sellers or the operation of the Sellers' businesses prior to the Closing or by reason of such transfer, including under the laws of the United States, any state, territory, or possession thereof, or the District of Columbia, or any foreign jurisdiction, based, in whole or in part, directly or indirectly, on any, or any theory of, successor, vicarious, antitrust, environmental, revenue, pension, ERISA, tax, labor (including any WARN Act), employment or benefits, de facto merger, business continuation, substantial continuity, alter ego, derivative, transferee, veil piercing, escheat, continuity of enterprise, mere continuation, product line, or products liability or law, or other applicable law, rule, or regulation (including filing requirements under any such law, rule, or regulation), or theory of liability, whether legal, equitable, or otherwise (collectively, the "**Successor or Other Liabilities**"). Pursuant to the

Agreement, the Buyer is not purchasing all of the Sellers' assets in that the Buyer is only purchasing the Purchased Assets and is not purchasing any of the Excluded Assets.

**VIII. Validity of Transfer.**

S. The transfer of the Purchased Assets to the Buyer will be a legal, valid, enforceable, and effective sale and transfer of the Purchased Assets and will vest the Buyer with all legal, equitable, and beneficial right, title, and interest of the Sellers to the Purchased Assets free and clear of all Interests (as defined below) (other than Permitted Obligations (as defined below)) of any kind or nature whatsoever, including without limitation, rights or claims based on any Successor or Other Liabilities.

T. The Agreement is a valid and binding contract between the Sellers and the Buyer and shall be enforceable pursuant to its terms. The Agreement, the Sale, and the consummation thereof shall be specifically enforceable against and binding upon (without posting any bond) the Sellers and any chapter 7 or chapter 11 trustee appointed in these chapter 11 cases, and shall not be subject to rejection or avoidance by the foregoing parties or any other Person. The Agreement was not entered into for the purpose of hindering, delaying, or defrauding creditors under the Bankruptcy Code or under the laws of the United States, any state, territory, possession, or the District of Columbia, or foreign jurisdiction. The consideration provided by the Buyer for the Purchased Assets pursuant to the Agreement (i) is fair and reasonable, (ii) is the highest and best offer for the Purchased Assets, (iii) will provide a greater recovery for the Sellers' creditors than would be provided by any other practical available alternative, and (iv) constitutes reasonably equivalent value and fair consideration under the Bankruptcy Code and under the laws of the United States, any state, territory, possession, or the District of Columbia, and any foreign jurisdiction (including the Uniform Fraudulent Conveyance Act, the Uniform Fraudulent Transfer Act, and similar laws and acts). Neither the Sellers nor the Buyer

is entering into the Transactions contemplated by the Agreement fraudulently for the purpose of statutory and common-law fraudulent conveyance and fraudulent transfer claims.

U. The Sellers are the sole and lawful owners of the Purchased Assets, and no other Person has any ownership right, title, or interests therein. The Purchased Assets constitute property of the Sellers' estates and good title thereto is vested in the Sellers' estates within the meaning of section 541(a) of the Bankruptcy Code.

V. The transfer of each of the Purchased Assets to the Buyer will be, as of the Closing Date, a legal, valid, and effective transfer of the Purchased Assets, which transfer vests or will vest the Buyer with all right, title, and interest of the Sellers to the Purchased Assets free and clear of (i) all liens including maritime liens (and including any liens as that term is defined in section 101(37) of the Bankruptcy Code) and Encumbrances (as defined in the Agreement) relating to, accruing, or arising any time prior to the Closing Date (but excluding liens as of the Petition Date with respect to the Hedron, a Vessel flagged under the laws of Vanuatu, any maritime lien for "necessaries" within the meaning of the Commercial Instruments and Maritime Liens Act, 46 U.S.C. §§ 31301 et seq. (the "**Maritime Lien Act**") that have attached to such Vessel and which have not been bonded in accordance with applicable law) (collectively, the "**Liens**"), and (ii) all debts (as that term is defined in section 101(12) of the Bankruptcy Code) arising under, relating to, or in connection with any act of a Seller or claims (as that term is defined in section 101(5) of the Bankruptcy Code), liabilities, obligations, demands, guaranties, options in favor of third parties, rights, contractual commitments, restrictions, interests, mortgages, hypothecations, charges, indentures, loan agreements, instruments, collective bargaining agreements, leases, licenses, deeds of trust, security interests or similar interests, conditional sale or other title retention agreements and other similar impositions, imperfections or defects of title or

restrictions on transfer or use, pledges, judgments, claims for reimbursement, contribution, indemnity, exoneration, infringement, products liability, alter ego liability, suits, defenses, credits, allowances, options, limitations, causes of action, choses in action, rights of first refusal or first offer, rebate, chargeback, credit, or return, proxy, voting trust or agreement or transfer restriction under any shareholder or similar agreement or encumbrance, title defects, easements, rights of way, encroachments, Liabilities (as defined in the Agreement), and matters of any kind and nature, whether arising prior to or subsequent to the Petition Date, whether known or unknown, legal or equitable, matured or unmatured, contingent or noncontingent, liquidated or unliquidated, asserted or unasserted, whether imposed by agreement, understanding, law, equity, or otherwise (including, without limitation, rights with respect to Claims (as defined below) and Liens (A) that purport to give to any party a right or option to effect a setoff or recoupment against, or a right or option to effect any forfeiture, modification, profit sharing interest, right of first refusal, purchase or repurchase right or option, or termination of, any of the Sellers' or the Buyer's interests in the Purchased Assets, or any similar rights, if any, or (B) in respect of taxes, restrictions, rights of first refusal, charges of interests of any kind or nature, if any, including without limitation, any restriction of use, voting, transfer, receipt of income, or other exercise of any attribute of ownership) (collectively, as defined in this clause (ii), the "Claims," and together with the Liens and other interests of any kind or nature whatsoever, the "Interests"), relating to, accruing, or arising any time prior to entry of this Sale Order, with the exception of any such Interests that are expressly assumed by the Buyer under the Agreement, which includes the Permitted Encumbrances and the Assumed Liabilities (the "Permitted Obligations").

W. The term Interests as defined above does not include claims of the Sellers or their estates not arising from the Transactions, including any pre-petition claims against Buyer, and any such claims are specifically not released.

**IX. Section 363(f) Is Satisfied.**

X. The conditions of section 363(f) of the Bankruptcy Code have been satisfied in full; therefore, the Sellers may sell the Purchased Assets free and clear of all Interests (other than the Permitted Obligations).

Y. The Buyer would not have entered into the Agreement and would not consummate the Transactions contemplated thereby if (i) the sale of the Purchased Assets to the Buyer were not free and clear of all Interests (other than Permitted Obligations) of any kind or nature whatsoever, or (ii) if the Buyer would, or in the future could, be liable for any of the Interests (other than the Permitted Obligations). The Buyer will not consummate the Transactions contemplated by the Agreement unless this Court expressly orders that none of the Buyer, its Affiliates, its present or contemplated members or shareholders, or the Purchased Assets will have any liability whatsoever with respect to, or be required to satisfy in any manner, whether at law or in equity, or by payment, setoff, recoupment, or otherwise, directly or indirectly, any Interests (other than Permitted Obligations), including rights or claims based on any Successor or Other Liabilities. The total consideration to be provided under the Agreement reflects the Buyer's reliance on this Sale Order to provide it, pursuant to sections 105(a) and 363 of the Bankruptcy Code, with title to and possession of the Purchased Assets free and clear of all Interests (other than Permitted Obligations) of any kind or nature whatsoever (including, without limitation, any potential Successor or Other Liabilities).

Z. Not transferring the Purchased Assets free and clear of all Interests (other than Permitted Obligations) of any kind or nature whatsoever, including rights or claims based on any successor,

transferee, derivative, or vicarious liability or any similar theory and/or applicable state, federal, or foreign law or otherwise, would adversely impact the Sellers' efforts to maximize the value of their estates, and the transfer of the Purchased Assets other than pursuant to a transfer that is free and clear of all Interests (other than Permitted Obligations) of any kind or nature whatsoever would be of substantially less benefit to the Sellers' estates.

AA. The Sellers may sell the Purchased Assets free and clear of all Interests (other than Permitted Obligations) because, in each case, one or more of the standards set forth in section 363(f)(1)-(5) of the Bankruptcy Code has been satisfied. Those holders of Interests who did not timely object to the Sale or the Sale Motion in accordance with the Bid Procedures and the Bid Procedures Order or withdrew objections to the Sale or the Sale Motion are deemed to have consented to the Sale and the Sale Motion pursuant to section 363(f)(2) of the Bankruptcy Code. All other holders of Interests (except to the extent that such Interests are Permitted Obligations) fall within one or more of the other subsections of section 363(f) of the Bankruptcy Code.

**X. Cure Costs and Adequate Assurance of Future Performance.**

BB. The assumption and assignment of the Assigned Contracts pursuant to the terms of this Sale Order is integral to the Agreement and is in the best interests of the Sellers and their estates, their creditors, and all other parties in interest, and represents the reasonable exercise of sound and prudent business judgment by the Sellers. The assumption and assignment of the Assigned Contracts (i) is necessary to sell the Purchased Assets to the Buyer, (ii) allows the Sellers to maximize the value of the Purchased Assets, including the Assigned Contracts, (iii) limits the losses suffered by counterparties to the Assigned Contracts, and (iv) maximizes the recoveries to other creditors of the Sellers by limiting the amount of claims against the Sellers' estates by avoiding the rejection of the Assigned Contracts. For these reasons, the Sellers have exercised

sound business judgment in assuming and assigning the Assigned Contracts and such assumption and assignment is in the best interests of the Sellers' estates.

CC. Pursuant to section 365(f) of the Bankruptcy Code, each Assigned Contract required to be assumed and assigned under the Agreement shall be assigned and transferred to, and remain in full force and effect for the benefit of, the Buyer, notwithstanding any provision in such contract or other restrictions prohibiting its assignment or transfer. No section of any of the Assigned Contracts that would prohibit, restrict, or condition, whether directly or indirectly, the use, assumption, or assignment of any of the Assigned Contracts in connection with the Sale shall have any force or effect.

DD. Except as expressly assumed by the Buyer under the Agreement, the transfer of the Purchased Assets to the Buyer and the assignment to the Buyer of the Assigned Contracts will not subject the Buyer to any liability whatsoever which may become due or owing under the Assigned Contracts prior to the Closing Date (other than Cure Costs), or by reason of such transfer under the laws of the United States, any state, territory, or possession thereof, or the District of Columbia, or foreign jurisdiction, based, in whole or in part, directly or indirectly, on any theory of law or equity, including any Successor or Other Liabilities.

EE. Subject to the terms and conditions of the Agreement, and upon the Closing, the Buyer shall have: (i) to the extent necessary, cured or provided adequate assurance of cure of, any default existing prior to the date hereof under the Assigned Contracts, within the meaning of sections 365(b)(1)(A) and 365(f)(2)(A) of the Bankruptcy Code, and (ii) to the extent necessary, provided compensation or adequate assurance of compensation to any party for any actual pecuniary loss to such party resulting from a default prior to the date hereof under the Assigned Contracts, within the meaning of sections 365(b)(1)(B) and 365(f)(2)(B) of the Bankruptcy

Code. The Buyer's promise to pay the Cure Costs and to perform the obligations under the Assigned Contracts in accordance with the terms of the Agreement shall constitute adequate assurance of future performance within the meaning of sections 365(b)(1)(C) and 365(f)(2)(B) of the Bankruptcy Code to the extent that any such assurance is required and not waived by the counterparties to the respective Assigned Contracts.

**XI. Not a Sub Rosa Plan.**

FF. The Sale does not constitute a sub rosa chapter 11 plan for which approval has been sought without the protection that a disclosure statement would afford. The Sale neither impermissibly restructures the rights of the Sellers' creditors nor impermissibly dictates a liquidating plan for the Sellers.

**XII. Compelling Circumstances for an Immediate Sale.**

GG. Good and sufficient reasons for approval of the Agreement, the Transaction Documents, and the Sale have been articulated, and the Sellers' decision to enter into the Agreement, the Transaction Documents, and the Transactions contemplated thereby represents an exercise of sound business judgment. The sale of the Purchased Assets must be approved and consummated promptly in order to preserve the value of the Purchased Assets. The relief requested in the Sale Motion is in the best interests of the Sellers, their estates, their creditors, and other parties in interest. The Sellers have demonstrated both (i) good, sufficient, and sound business purposes and justifications for approving the Agreement and (ii) compelling circumstances for the immediate approval and consummation of the Transactions contemplated by the Agreement and the Transaction Documents outside the ordinary course of business, pursuant to section 363(b) of the Bankruptcy Code before, and outside of, a plan of reorganization, in that the prompt consummation of the Sale to the Buyer is necessary and appropriate to maximize the value of the Sellers' estates and the Sale will provide the means for the Sellers to maximize distributions to

creditors. Accordingly, there is cause to waive the stay contemplated by Bankruptcy Rules 6004 and 6006 with respect to the Transactions contemplated by this Sale Order.

**THE COURT HEREBY ORDERS THAT:**

**I. General Provisions.**

1. The findings and conclusions set forth herein constitute the Court's findings of fact and conclusions of law pursuant to Bankruptcy Rule 7052, made applicable to these chapter 11 cases pursuant to Bankruptcy Rule 9014. To the extent that any of the findings of fact constitute conclusions of law, they are adopted as such. To the extent any of the conclusions of law constitute findings of fact, they are adopted as such.

2. The Sale Motion and the relief requested therein is granted and approved, and the Transactions contemplated in the Sale Motion and by the Agreement and the Transaction Documents are approved, in each case as set forth herein and on the record of the Sale Hearing, which is incorporated herein as if fully set forth in this Sale Order.

3. All objections to, reservations of rights regarding, or other responses to the Sale Motion or the relief requested therein, the Agreement, the Transaction Documents, the entry of this Sale Order, or the relief granted herein, including, without limitation, any objections to Cure Costs or relating to the cure of any defaults under any of the Assigned Contracts or to the assumption and assignment of any of the Assigned Contracts to the Buyer by the Sellers, that have not been withdrawn, waived, or settled, or that have not otherwise been resolved pursuant to the terms hereof, as announced to the Court at the Sale Hearing, or by stipulation filed with the Court, are hereby denied and overruled on the merits with prejudice; further, nothing in this Sale Order shall act as an adjudication or finding as to any of the matters raised in any of the objections, reservation of rights, and joinders. Those parties who did not timely object to the Sale Motion or the entry of this Sale Order in accordance with the Bid Procedures and the Bid

Procedures Order, or who withdrew their objections thereto, are deemed to have consented to the relief granted herein for all purposes, including without limitation, pursuant to section 363(f)(2) of the Bankruptcy Code.

## **II. Approval of the Agreement.**

4. The Agreement and the Transaction Documents, including, in each case, any amendments, supplements, and modifications thereto, and all of the terms and conditions thereof, are hereby approved.

5. Pursuant to sections 105(a), 363(b) and (f), and 365 of the Bankruptcy Code, the Sellers are authorized and empowered to take any and all actions necessary or appropriate to (a) consummate the Transactions pursuant to and in accordance with the terms and conditions of this Sale Order, the Agreement and the Transaction Documents, (b) close the Transactions as contemplated in the Agreement and consistent with this Sale Order, and (c) execute and deliver, perform under, consummate, implement, and take any and all other acts or actions consistent with this Sale Order as may be reasonably necessary or appropriate to the performance of their obligations as contemplated by the Agreement or the Transaction Documents, in each case without further notice to or order of this Court, including the assumption and assignment to the Buyer of the Assigned Contracts, together with all additional instruments and documents that may be reasonably necessary or desirable to implement the Agreement and the Sale.

6. The Agreement and the Transaction Documents shall be binding in all respects upon the Sellers, their estates, the Buyer, and all successors and assigns of each of the foregoing, including without limitation, any trustee subsequently appointed in these chapter 11 cases or upon conversion to chapter 7 under the Bankruptcy Code. This Sale Order shall be binding in all respects upon the Sellers, their estates, all creditors, all holders of equity interests in any Debtor, all holders of Claims (whether known or unknown) against the Sellers, any holders of Liens or

other Interests against, in, or on all or any portion of the Purchased Assets, all counterparties to any executory contract or unexpired lease of the Sellers (including all non-Debtor parties to the Assigned Contracts), the Buyer, and all successors and assigns of each of the foregoing, including, without limitation, any trustee subsequently appointed in these chapter 11 cases or upon a conversion to chapter 7 under the Bankruptcy Code of any of the Sellers' chapter 11 cases. This Sale Order and the Agreement shall inure to the benefit of the Sellers, their estates and creditors, the Buyer, and the respective successors and assigns of each of the foregoing, including, without limitation, any trustee subsequently appointed in these chapter 11 cases or upon conversion to chapter 7 under the Bankruptcy Code, and any Person seeking to assert rights on behalf of any of the foregoing or that belong to the Sellers' estates.

### **III. Transfer of the Purchased Assets.**

7. Pursuant to sections 105(a), 363(b), 363(f), 365(b), and 365(f) of the Bankruptcy Code, the Sellers shall transfer the Purchased Assets, including but not limited to, the Assigned Contracts, to the Buyer on the Closing Date in accordance with the terms of the Agreement and the Transaction Documents; such transfer shall constitute a legal, valid, binding, and effective transfer of such Purchased Assets; and the Buyer shall take title to and possession of such Purchased Assets free and clear of all Interests of any kind or nature whatsoever (except as expressly set forth in the Agreement with respect to Permitted Obligations). Any and all valid and perfected Interests in the Purchased Assets shall attach solely to any proceeds of the Sale, but not to the Purchased Assets, except as expressly set forth in the Transaction Documents, with the same validity, force, and effect, if any, and in the same order of priority, that they have now as against the Purchased Assets, subject to any and all rights, claims, and defenses the Sellers or their estates, as applicable, may possess with respect thereto.

8. The Sellers are hereby authorized to take any and all actions necessary to consummate the Agreement, including any actions that otherwise would require further approval by shareholders, members, or its board of directors, as the case may be, without the need of obtaining such approvals.

9. The transfer of the Purchased Assets to the Buyer pursuant to the Agreement does not require any governmental, regulatory, or other consents or approvals other than as specifically provided for in the Agreement. Each and every federal, state, local, and other governmental agency or department is hereby directed to accept any and all documents and instruments necessary and appropriate to consummate the Transactions contemplated by the Agreement. The Buyer may, but shall not be required to, file a certified copy of this Sale Order in any filing or recording office in any federal, state, county, or other territory or jurisdiction in which any of the Sellers is incorporated or has real or personal property, or with any other appropriate clerk or recorded with any other appropriate recorder, and such filing or recording shall be accepted and shall be sufficient to release, discharge, and terminate any of the Interests as set forth in this Sale Order as of the Closing Date.

10. If any Person that has filed a financing statement, mortgage, mechanic's lien, lis pendens, or other statement, document, or agreement evidencing an Interest against or in any portion of the Purchased Assets (other than statements or documents with respect to Permitted Obligations) shall not have delivered to the Sellers prior to the Closing, in proper form for filing and executed by the appropriate parties, termination statements, instruments of satisfaction, releases, and/or other similar documents necessary for the purpose of documenting the release of all Interests that such Person has against or in the Purchased Assets, then (i) the Sellers are hereby authorized to execute and file such statements, instruments, releases, and/or other similar

documents on behalf of such Person with respect to the Purchased Assets, (ii) the Buyer is hereby authorized to file, register, or otherwise record a certified copy of this Sale Order that, once filed, registered, or otherwise recorded, shall constitute conclusive evidence of the release of all Interests of any kind or nature against or in the Purchased Assets, and (iii) the Buyer may seek in this Court, or any other court of appropriate jurisdiction, to compel the appropriate parties to execute termination statements, instruments of satisfaction, releases, and/or other similar documents with respect to all Interests that such Person has against or in the Purchased Assets. This Sale Order is deemed to be in recordable form sufficient to be placed in the filing or recording system of each and every federal, state, or local government agency, department, or office.

11. Notwithstanding the foregoing, the provisions of this Sale Order authorizing the sale and assignment of the Purchased Assets free and clear of Interests shall be self-executing, and neither the Sellers nor the Buyer shall be required to execute or file releases, termination statements, assignments, consents, or other instruments or documents in order to effectuate, consummate, and implement the provisions of this Sale Order.

12. All Persons that are in or come into possession of any portion of the Purchased Assets, at any time, are hereby directed to surrender possession of such Purchased Assets to the Buyer on the Closing Date. Subject to the terms, conditions, and provisions of this Sale Order, all Persons are hereby forever prohibited and enjoined from taking any action that would adversely affect or interfere with the ability of the Sellers to sell and transfer the Purchased Assets to the Buyer in accordance with the terms of the Agreement and this Sale Order.

13. This Sale Order is and shall be binding upon and govern the acts of all Persons (including, without limitation, all filing agents, filing officers, title agents, title companies,

recorders of mortgages, recorders of deeds, registrars of deeds, administrative agencies, governmental departments, secretaries of state, federal, state, and local officials, and all other persons or entities) who may be required by operation of law, the duties of their office, or contract, to accept, file, register, or otherwise record or release any documents or instruments, or who may be required to report or insure any title or state of title in or to any lease; and each of the foregoing Persons shall accept for filing any and all of the documents and instruments necessary and appropriate to release, discharge, and terminate any of the Interests or to otherwise consummate the Transactions contemplated by the Agreement, the Transaction Documents, and this Sale Order.

14. To the extent permitted under applicable law, the Buyer shall be authorized, as of the Closing Date, to operate under any license, permit, registration, and governmental authorization or approval of the Sellers with respect to the Purchased Assets, and all such licenses, permits, registrations, and governmental authorizations or approvals are deemed to have been, and hereby are, directed to be transferred to the Buyer as of the Closing Date. To the extent provided by section 525 of the Bankruptcy Code, no governmental unit may deny, revoke, suspend, or refuse to renew any permit, license, or similar grant relating to the operation of the Purchased Assets on account of the filing or pendency of these chapter 11 cases or the consummation of the Transactions contemplated by the Agreement, including the assumption and assignment of the Assigned Contracts.

#### **IV. Assumption and Assignment of Assigned Contracts.**

15. Pursuant to sections 105(a) and 365 of the Bankruptcy Code, and subject to and conditioned upon the Closing of the Sale, the Sellers' assignment to the Buyer, and the Buyer's assumption of the Assigned Contracts, on the terms set forth in the Agreement, is hereby

approved, and the requirements of section 365(b)(1) with respect thereto are hereby found and deemed to be satisfied.

16. The Sellers are hereby authorized and, unless the Sellers and the Buyer otherwise agree, directed in accordance with sections 105(a), 363, and 365 of the Bankruptcy Code to (a) assume and assign to the Buyer, effective upon the Closing Date, the Assigned Contracts free and clear of all Interests of any kind or nature whatsoever (other than the Permitted Obligations) and (b) execute and deliver to the Buyer such documents or other instruments as Buyer deems may be necessary to assign and transfer the Assigned Contracts to the Buyer.

17. With respect to the Assigned Contracts: (a) the Sellers may assume each of the Assigned Contracts in accordance with section 365 of the Bankruptcy Code; (b) the Sellers may assign each Assigned Contract in accordance with sections 363 and 365 of the Bankruptcy Code, and any provisions in any Assigned Contract that prohibit or condition the assignment of such Assigned Contract or allow the party to such Assigned Contract to terminate, recapture, impose any penalty, condition renewal or extension, or modify any term or condition upon the assignment of such Assigned Contract, constitute unenforceable anti-assignment provisions which are void and of no force and effect; (c) all other requirements and conditions under sections 363 and 365 of the Bankruptcy Code for the assumption by the Sellers and assignment to the Buyer of each Assigned Contract have been satisfied; and (d) effective upon the Closing, the Assigned Contracts shall be transferred and assigned to, and from and following the Closing remain in full force and effect for the benefit of, the Buyer, notwithstanding any provision in any Assigned Contract (including those of the type described in sections 365(b)(2) and (f) of the Bankruptcy Code) that prohibits, restricts, or conditions such assignment or transfer and, pursuant to section 365(k) of the Bankruptcy Code, the Sellers shall be relieved from any further

liability with respect to the Assigned Contracts after such assumption and assignment to the Buyer, except as provided in the Agreement. To the extent any provision in any Assigned Contract assumed and assigned pursuant to this Sale Order (i) prohibits, restricts, or conditions, or purports to prohibit, restrict, or condition, such assumption and assignment (including, without limitation, any “change of control” provision), or (ii) is modified, breached, or terminated, or deemed modified, breached, or terminated by any of the following: (A) the commencement of these chapter 11 cases, (B) the insolvency or financial condition of any of the Sellers at any time before the closing of these chapter 11 cases, (C) the Sellers’ assumption and assignment of such Assigned Contract, (D) a change of control or similar occurrence, or (E) the consummation of the Transactions, then such provision shall be deemed modified so as not to entitle the non-Debtor party thereto to prohibit, restrict, or condition such assumption and assignment, to modify, terminate, or declare a breach or default under such Assigned Contract, or to exercise any other default-related rights or remedies with respect thereto, including without limitation, any such provision that purports to allow the non-Debtor party thereto to terminate or recapture such Assigned Contract, impose any penalty thereunder, condition any renewal or extension thereof, impose any rent acceleration or assignment fee, or increase or otherwise impose any other fees or other charges in connection therewith. All such provisions constitute unenforceable anti-assignment provisions that are void and of no force and effect pursuant to sections 365(b), 365(e), and 365(f) of the Bankruptcy Code.

18. All defaults or other obligations of the Sellers under the Assigned Contracts arising or accruing prior to the Closing, or required to be paid pursuant to section 365 of the Bankruptcy Code in connection with the assumption and assignment of the Assigned Contracts shall be cured by the Buyer to the extent set forth in the Agreement and this Sale Order.

19. All requirements and conditions under sections 363 and 365 of the Bankruptcy Code for the assumption by the Sellers and assignment to the Buyer of the Assigned Contracts have been satisfied. Upon the Closing, in accordance with sections 363 and 365 of the Bankruptcy Code, the Buyer shall be fully and irrevocably vested with all right, title, and interest of the Sellers in and under the Assigned Contracts, and each Assigned Contract shall be fully enforceable by the Buyer in accordance with its respective terms and conditions, except as limited or modified by this Sale Order. To the extent provided in the Agreement, the Sellers shall cooperate with, and take all actions reasonably requested by, the Buyer to effectuate the foregoing.

20. Upon the Sellers' assignment of the Assigned Contracts to the Buyer under the provisions of this Sale Order and Buyer's payment of the Cure Costs pursuant to the terms hereof or the Agreement, no default or other obligations arising prior to the Closing shall exist under any Assigned Contract, and each non-Debtor party to an Assigned Contract is forever barred, estopped, and permanently enjoined from (a) declaring a default by the Sellers or the Buyer under such Assigned Contract, (b) raising or asserting against the Sellers or the Buyer, or the property of either of them, any assignment fee, default, breach, or claim of pecuniary loss, or condition to assignment, arising under or related to the Assigned Contracts, or (c) taking any other action against the Buyer as a result of any Debtor's financial condition, bankruptcy, or failure to perform any of its obligations under the relevant Assigned Contract. Each non-Debtor party to an Assigned Contract hereby is also forever barred, estopped, and permanently enjoined from (i) asserting against the Sellers or the Buyer, or the property of any of them, any default or Claim arising out of any indemnity or other obligation or warranties for acts or occurrences arising prior to or existing as of the Closing of the Sale, or, against Buyer, any counterclaim,

defense, setoff, recoupment, or any other Claim asserted or assertable against the Sellers and (ii) imposing or charging against Buyer or its affiliates any rent accelerations, assignment fees, increases, or any other fees as a result of the Sellers' assumption and assignments to Buyer of the Assigned Contracts.

21. Any party that may have had the right to consent to the assumption or assignment of an Assigned Contract is deemed to have consented to such assumption and assignment for purposes of section 365(e)(2)(A)(ii) of the Bankruptcy Code if such party failed to object timely to the assumption or assignment of such Assigned Contract in accordance with the Bid Procedures Order, and the Buyer shall be deemed to have demonstrated adequate assurance of future performance with respect to such Assigned Contract pursuant to sections 365(b)(1)(C) and 365(f)(2)(B) of the Bankruptcy Code.

22. To the extent a counterparty to an Assigned Contract failed to timely object to the Cure Costs for such Assigned Contract in accordance with the Bid Procedures Order, such Cure Costs shall be deemed to be finally determined and any such counterparty shall be prohibited from challenging, objecting to, or denying the validity and finality of the Cure Costs at any time.

23. Upon and as of the Closing, the Buyer shall be deemed to be substituted for the applicable Seller as a party to the applicable Assigned Contracts and the Sellers shall be relieved, pursuant to section 365(k) of the Bankruptcy Code, from any further liability under the Assigned Contracts.

24. All counterparties to the Assigned Contracts shall cooperate and expeditiously execute and deliver, upon the reasonable requests of the Buyer, and shall not charge the Sellers or the Buyer for any instruments, applications, consents, or other documents that may be

required or requested by any public authority or other party or entity to effectuate the applicable transfers in connection with the Sale of the Purchased Assets.

**V. No Successor Liability; Prohibition of Actions against the Buyer.**

25. The Buyer is not a “successor” to, continuation of, or alter ego of, any of the Sellers or their estates by reason of any theory of law or equity. Except for any Permitted Obligations to the extent expressly provided for in the Agreement, the Buyer shall not have, assume, or be deemed to assume, or in any way be responsible for, any liability or obligation of any of the Sellers or their estates, or any of the Sellers’ predecessors or Affiliates with respect to the Purchased Assets or otherwise. Without limiting the generality of the foregoing, and except as otherwise specifically provided in the Agreement, the Buyer shall not be liable for any Interests against, or with respect to, the Sellers, their estates, or any of the Sellers’ predecessors, or Affiliates, including but not limited to, any Successor or Other Liabilities. Neither the purchase of the Purchased Assets by the Buyer nor the fact that the Buyer is using any of the Purchased Assets previously operated by the Sellers will cause the Buyer to be deemed a successor to, combination of, or alter ego of, in any respect, any of the Sellers or the Sellers’ businesses, or incur any liability derived therefrom within the meaning of any foreign, federal, state, or local revenue, pension, ERISA, tax, antitrust, environmental, labor law (including any WARN Act), employment or benefits law, de facto merger, business continuation, substantial continuity, successor, vicarious, alter ego, derivative, or transferee liability, veil piercing, escheat, continuity of enterprise, mere continuation, product line, or other law, rule, regulation (including filing requirements under any such laws, rules, or regulations), or under any products liability law or doctrine with respect to the Sellers’ liability under such law, rule, or regulation or doctrine, whether now known or unknown, now existing or hereafter arising, whether fixed or contingent, whether asserted or unasserted, whether legal or equitable, whether matured or

unmatured, whether contingent or noncontingent, whether liquidated or unliquidated, whether arising prior to or subsequent to the Petition Date, whether imposed by agreement, understanding, law, equity, or otherwise, including, but not limited to, liabilities on account of warranties, intercompany loans, and receivables among the Sellers, and any taxes, arising, accruing, or payable under, out of, in connection with, or in any way relating to the cancellation of debt of the Sellers or their Affiliates, or in any way relating to the operation of any of the Purchased Assets prior to the Closing Date.

26. Except with respect to Permitted Obligations and to the extent specifically agreed by the Buyer in the Agreement, the Buyer shall not have any liability, responsibility, or obligation for any Interests of the Sellers or their estates, including any claims, liabilities, or other obligations related to the Purchased Assets which may become due or owing (a) prior to the Closing Date or (b) from and after the Closing Date but which arise out of or relate to any act, omission, circumstance, breach, default, or other event occurring prior to the Closing Date. Under no circumstances shall the Buyer be deemed a “successor” to, continuation of, or alter ego of, any of the Sellers or their estates by reason of any theory of law or equity of or to the Sellers for any Interests against, in, or to the Sellers or the Purchased Assets.

27. Except with respect to Permitted Obligations, all Persons (including but not limited to, all debt holders, equity security holders, governmental, tax, and regulatory authorities, lenders, trade creditors, litigation claimants, contract counterparties, customers, landlords, licensors, employees), and other holders of Interests of any kind or nature whatsoever against or in any of the Sellers or any portion of the Purchased Assets (whether legal or equitable, secured or unsecured, matured or unmatured, known or unknown, contingent or non-contingent, liquidated or unliquidated, senior or subordinate, asserted or unasserted, whether arising prior to

or subsequent to the Petition Date, whether imposed by agreement, understanding, law, equity, or otherwise), arising under or out of, in connection with, or in any way relating to, the Sellers, the Purchased Assets, the operation of the Sellers' business prior to the Closing, or the transfer of the Purchased Assets to the Buyer (including without limitation any Successor or Other Liabilities or rights or claims based thereon) shall be, and hereby are, forever barred, estopped, and permanently enjoined from asserting, prosecuting, or otherwise pursuing against the Buyer, any of the Buyer's Affiliates or subsidiaries, or any of their respective officers, directors, partners, principals, shareholders, professionals, or representatives, successors, or assigns, or their respective assets or properties, including, without limitation, the Purchased Assets, the Interests of any kind or nature whatsoever such Person had, has, or may have against or in the Sellers, their estates, officers, directors, shareholders, or the Purchased Assets, including, without limitation, the following actions: (a) commencing or continuing in any manner any action or other proceeding, the employment of process, or any act (whether in law or equity, in any judicial, administrative, arbitral, or other proceeding) against the Buyer, any of the Buyer's Affiliates or subsidiaries, or any of their respective officers, directors, partners, principals, shareholders, professionals, or representatives, successors, or assigns, or their respective assets or properties, including the Purchased Assets; (b) enforcing, attaching, collecting, or recovering in any manner any judgment, award, decree, or order against the Buyer, any of the Buyer's Affiliates or subsidiaries, or any of their respective officers, directors, partners, principals, shareholders, professionals, or representatives, successors, or assigns, or their respective assets or properties, including the Purchased Assets; (c) creating, perfecting, or enforcing any Interest against the Buyer, any of the Buyer's Affiliates or subsidiaries, or any of their respective officers, directors, partners, principals, shareholders, professionals, or representatives,

successors, or assigns, or their respective assets or properties, including the Purchased Assets; (d) asserting any setoff, right of subrogation, or recoupment of any kind against any obligation due the Buyer, any of its Affiliates or subsidiaries, or any of their respective officers, directors, partners, principals, shareholders, professionals, or representatives, successors, or assigns, or their respective assets or properties, including the Purchased Assets; (e) commencing or continuing any action, in any manner or place, that does not comply or is inconsistent with the provisions of this Sale Order or other orders of the Court, or the agreements or actions contemplated or taken in respect thereof; or (f) revoking, terminating, or failing or refusing to transfer or renew any license, permit, or authorization to operate any of the Purchased Assets or conduct any of the businesses operated with the Purchased Assets.

28. Notwithstanding anything else herein, nothing in this Order or the Agreement (i) releases, nullifies, precludes or enjoins the enforcement of any police or regulatory liability to a governmental unit that any entity would be subject to as the post-sale owner or operator of property after the date of entry of this Order, and (ii) authorizes the transfer or assignment of any governmental (a) license, (b) permit, (c) registration, (d) authorization, or (e) approval, or the discontinuation of any obligation thereunder, without compliance with all applicable legal requirements and approvals under police or regulatory law.

29. All Persons are hereby forever prohibited and enjoined from taking any action that would adversely affect or interfere with the ability of the Sellers to sell and transfer the Purchased Assets to the Buyer in accordance with the terms of the Agreement and this Sale Order.

30. Except as provided in the Agreement and without limiting other applicable provisions of this Sale Order, the Buyer is not, by virtue of the consummation of the

Transactions, assuming, nor shall it be liable or responsible for, as a successor or otherwise (including with respect to successor or vicarious liabilities of any kind or character), under any theory of law or equity, including without limitation, the Successor or Other Liabilities, whether known or unknown as of the Closing Date, now existing or hereafter raised, which may be asserted or unasserted, fixed or contingent, liquidated or unliquidated with respect to the Sellers, or any of their predecessors or Affiliates or any obligations of the Sellers or their predecessors or Affiliates prior to the Closing Date, for any liabilities, debts, commitments, or obligations (whether known or unknown, disclosed or undisclosed, absolute, contingent, inchoate, fixed, or otherwise) in any way whatsoever relating to or arising from the Sellers, the Purchased Assets, or the Sellers' operation of their businesses or use of the Purchased Assets on or prior to the Closing Date or any such liabilities, debts, commitments, or obligations that in any way whatsoever relate to periods on or prior to the Closing Date or are to be observed, paid, discharged, or performed on or prior to the Closing Date (in each case, including, without limitation, any liabilities that result from, relate to, or arise out of tort or product liability claims), or any liabilities calculable by reference to the Sellers or their assets or operations (including, without limitation, by reference to the Sellers' experience or similar ratings), or relating to continuing conditions existing on or prior to the Closing Date, including with respect to any of the Sellers' predecessors or Affiliates, which liabilities, debts, commitments, and obligations are hereby extinguished insofar as they may give rise to successor liability, without regard to whether the claimant asserting any such liabilities, debts, commitments, or obligations has delivered to the Buyer a release thereof. The Buyer has given substantial consideration under the Agreement for the benefit of the holders of Interests. The consideration given by the Buyer shall constitute valid and valuable consideration for the releases of any potential claims of Successor

or Other Liabilities of the Buyer, which releases shall be deemed to have been given in favor of the Buyer by all holders of Interests in or against the Sellers or the Purchased Assets. Upon consummation of the Transactions, the Buyer shall not be deemed to (i) be the successor to the Sellers or their estates, (ii) have, de facto or otherwise, merged with or into the Sellers, or (iii) be a mere continuation, alter ego, or substantial continuation of the Sellers.

31. Following the Closing Date, no holder of an Interest in the Sellers shall interfere with the Buyer's title to or use and enjoyment of the Purchased Assets and the Assigned Contracts based on or related to such Interest or any actions that the Sellers may take in these chapter 11 cases.

32. No finding, determination or other provision of this Sale Order, the Bid Procedures, the Bid Procedures Order, the Agreement, the Court's approval and authorization for the Buyer and Sellers to close and perform the Agreement, or the closing and performance of the Agreement, may or shall adversely impact the Creditors' Committee's rights (including any claims it is authorized to bring on behalf of the Debtors' estates), to assert any counterclaim, setoff, subordination, recharacterization, defense, avoidance, or other cause of action against any Prepetition Secured Party, or to obtain equivalent recovery or other relief thereon, to the extent permitted in this Court's Final Order (I) Authorizing Debtors to (A) Obtain Postpetition Secured Financing Pursuant to Section 364 of the Bankruptcy Code and (B) Utilize Cash Collateral, (II) Granting Liens and Superpriority Administrative Expense Claims, (III) Granting Adequate Protection, (IV) Modifying Automatic Stay, and (V) Granting Related Relief (Docket No. 234, the "**DIP Financing Order**"), and any other Order entered by this Court modifying the "Challenge Deadline" defined and set forth in the DIP Financing Order; provided, that the

Creditors' Committee's rights and remedies shall not include the ability to avoid, reverse or modify the Sale or the Agreement and any defenses, rights or remedies of Buyer are preserved.

**VI. Alliance**

33. All leases for vessels, diving equipment, P&A equipment and EOT cutting equipment between the Debtors and Alliance Energy Services, LLC or its affiliates (collectively, "Alliance") shall be assumed and assigned to the Buyer and shall remain in place until November 29, 2019, unless extended by mutual agreement of the Buyer and the Alliance entity that is a party to each such agreement (which agreement may be provided by email by either party or their counsel).

**VII. Other Provisions.**

34. The consideration provided by the Buyer to the Sellers pursuant to the Agreement for the Purchased Assets is fair and reasonable and shall be deemed for all purposes to constitute reasonably equivalent value, fair value, and fair consideration, including under the Bankruptcy Code, Uniform Fraudulent Transfer Act, Uniform Fraudulent Conveyance Act, and under the laws of the United States, any state, territory, possession, the District of Columbia, or any foreign jurisdiction.

35. The Transactions contemplated by the Agreement, the Transaction Documents, and this Sale Order are undertaken by the Buyer without collusion and in good faith, as that term is defined in section 363(m) of the Bankruptcy Code, and, accordingly, the reversal or modification on appeal of the authorization provided herein to consummate the Transactions shall not alter, affect, limit, or otherwise impair the validity of the Agreement (including the assumption, assignment, and/or transfer of the Assigned Contracts), unless such authorization and consummation of the Transactions are duly stayed pending such appeal. The Buyer is a good-faith purchaser within the meaning of section 363(m) of the Bankruptcy Code and, as such,

is entitled to, and hereby granted, the full rights, benefits, privileges, and protections of section 363(m) of the Bankruptcy Code. As a good-faith purchaser of the Purchased Assets, the Buyer has not entered into an agreement with any other potential bidders (except as disclosed in the Sale Motion and at the Sale Hearing) and has not colluded with any potential or actual bidders, and therefore the Sale may not be avoided pursuant to section 363(n) of the Bankruptcy Code. The above notwithstanding, this paragraph is subject to the Challenge Deadline and the Creditors' Committee's ability to assert claims, causes of action and other demands for relief against the Prepetition Secured Lenders; provided, that the Creditors' Committee rights and remedies shall not include the ability to avoid, reverse or modify the Sale and the Agreement and any defenses, rights or remedies of Buyer are preserved.

36. Subject to the Challenge Deadline as set forth in the DIP Financing Order, as may be amended by further Order or agreement of the parties, and the Creditors' Committee's ability to challenge the liens giving rise to the Credit Bid solely to the extent set forth in the DIP Financing Order, the Buyer, the DIP Lenders and the Prepetition Senior Lenders are released from any liability related to or arising from the submission of the Credit Bid.

37. To the extent permitted under applicable law, including section 1146 of the Bankruptcy Code, the sale of the Purchased Assets and the Transactions contemplated thereby shall be exempt from any sales, use, purchase, transfer, franchise, deed, fixed asset, stamp, documentary stamp, use, or similar fees for Taxes, governmental charges, and recording charges (including any interest and penalty thereon), which may be payable by reason of the sale of the Purchased Assets or the Transactions contemplated thereby.

38. Nothing in this Sale Order shall (i) be interpreted to deem Buyer the successor to the Sellers under any state or federal law successor liability doctrine with respect to any

liabilities under environmental statutes, laws, or regulations for penalties for days of violation prior to the Closing Date or for liabilities relating to off-site disposal of wastes by the Sellers prior to the date of the Closing Date, or deem Buyer to have assumed any liability or obligation of the Sellers not expressly assumed; (iii) be construed as a waiver by any party, including the Buyer, of any applicable rights or defenses under non-bankruptcy law; or (iv) be construed to create for any Governmental Unit any substantive right that does not already exist under law.

39. For cause shown, pursuant to Bankruptcy Rules 6004(h), 6006(d), 7062, and 9014, this Sale Order shall not be stayed after the entry hereof, but shall be effective and enforceable immediately upon entry, and the stays provided in Bankruptcy Rules 6004(h) and 6004(d) are hereby expressly waived and shall not apply. Accordingly, the Sellers and Buyer are authorized and empowered to close the Sale immediately upon entry of this Sale Order.

40. The failure to include or specifically reference any particular provision of the Agreement or the other Transaction Documents in this Sale Order shall not diminish or impair the effectiveness of such provision, it being the intent of the Court that the Agreement be authorized and approved in its entirety.

41. To the extent that this Sale Order is inconsistent with the Sale Motion, the terms of this Sale Order shall control and govern. To the extent that there are any inconsistencies between the terms of this Sale Order, on the one hand, and the Agreement or any Transaction Document, on the other hand, the terms of this Sale Order shall control and govern.

42. The Agreement and the Transaction Documents may be modified, amended, or supplemented in a writing signed by the parties thereto and in accordance with the terms thereof, without further notice to or order of the Court, but solely in a manner consistent with the terms of this Sale Order.

43. The Court shall retain exclusive jurisdiction to, among other things, interpret, implement, and enforce the terms and provisions of this Sale Order, the Agreement, the Transaction Documents, and any amendments thereto and any waivers and consents given thereunder, and to adjudicate, if necessary, any and all disputes concerning or in any way relating to the Sale, including, but not limited to, retaining jurisdiction to (a) compel delivery of the Purchased Assets to the Buyer, (b) interpret, implement, and enforce the provisions of this Sale Order, including but not limited to the injunctions and limitations of liability set forth in this Sale Order, (c) protect the Buyer against any Interests in or against the Sellers or the Purchased Assets of any kind or nature whatsoever, attaching to the proceeds of the Sale, and (d) enter any orders under sections 105, 363, and 365 of the Bankruptcy Code with respect to the Purchased Assets and the Assigned Contracts.

44. To the extent that this Sale Order is inconsistent with any prior order or pleading with respect to the Sale Motion in these chapter 11 cases, the terms of this Sale Order shall govern. To the extent that any plan of reorganization or liquidation, or any order of any type or kind entered in these chapter 11 cases or any subsequent chapter 7 case into which these chapter 11 cases may be converted, conflicts with or derogates from the terms of the Agreement or this Sale Order, the terms of the Agreement and this Sale Order shall control and govern to the extent of any such conflict or derogation. \*\*

Section 12.2 Severability, Equitable Relief. If any provision of this Agreement or the application of any provision hereof to any circumstances is held invalid, unenforceable, or otherwise illegal, the remainder of the Agreement and the application of such provision to other circumstances shall not be affected, and the provision so held to be invalid, unenforceable, or otherwise illegal shall be reformed to the extent (and only to the extent) necessary to make it enforceable, valid and legal. Upon any such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties, as expressed in the terms hereof, as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the extent possible. Each Party acknowledges and agrees that the other Party may be damaged irreparably in the event that any of the provisions of this Agreement are not performed in accordance with their specific terms or otherwise are breached. Accordingly, each Party agrees that the other Party may be entitled, in addition to such other rights or remedies existing in its favor at law or in equity, to injunctive, provisional and other equitable relief to address breaches or potential breaches of the provisions of this Agreement or to enforce specifically performance of this Agreement, in each case without the requirement of posting a bond or proving actual damages (which requirements the other Party shall waive).

Section 12.3 Descriptive Headings. The descriptive headings of this Agreement are inserted for convenience only and do not constitute a part of this Agreement.

Section 12.4 Jurisdiction and Exclusive Venue. Each of the Parties irrevocably agrees that any action that may be based upon, arising out of or related to this Agreement or the negotiation, execution or performance of this Agreement and the transactions contemplated hereby brought by any other Party or its successors or assigns will be brought and determined only in (a) the Bankruptcy Court and any federal court

to which an appeal from the Bankruptcy Court may be validly taken or (b) in the event the Bankruptcy Case is closed, or if the Bankruptcy Court is unwilling or unable to hear such action, in the New York State Supreme Courts and any state court sitting in the State of New York to which an appeal from the New York State Supreme Court may be validly taken ((a) and (b), the “Chosen Courts”), and each of the Parties hereby irrevocably submits to the exclusive jurisdiction of the Chosen Courts for itself and with respect to its property, generally and unconditionally, with regard to any such action arising out of or relating to this Agreement and the transactions contemplated hereby. Each of the Parties agrees not to commence any action relating thereto except in the Chosen Courts, other than actions in any court of competent jurisdiction to enforce any judgment, decree or award rendered by any Chosen Court, and no Party will file a motion to dismiss any action filed in a Chosen Court on any jurisdictional or venue-related grounds, including the doctrine of forum non-conveniens. The Parties irrevocably agree that venue would be proper in any of the Chosen Courts, and hereby irrevocably waive any objection that any such court is an improper or inconvenient forum for the resolution of such action. Nothing in this Agreement will affect the right of any Party to this Agreement to serve process in any manner permitted by Law.

Section 12.5 Governing Law; WAIVER OF JURY TRIAL.

(a) Except to the extent the mandatory provisions of the Bankruptcy Code apply, this Agreement, and any action that may be based upon, arise out of or relate to this Agreement or the negotiation, execution or performance of this Agreement or the transactions contemplated hereby will be governed by and construed in accordance with the internal Laws of the State of New York applicable to agreements executed and performed entirely within such State without regards to conflicts of law principles of the State of New York or any other jurisdiction that would cause the Laws of any jurisdiction other than the State of New York to apply.

(b) EACH PARTY HEREBY WAIVES, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, TRIAL BY JURY IN ANY PROCEEDING IN ANY COURT WITH RESPECT TO, IN CONNECTION WITH OR ARISING OUT OF THIS AGREEMENT, OR THE VALIDITY, PROTECTION, INTERPRETATION, COLLECTION OR ENFORCEMENT THEREOF, WHETHER PURPORTING TO BE AT LAW OR IN EQUITY, AND WHETHER SOUNDING IN CONTRACT, TORT OR OTHERWISE.

Section 12.6 Counterparts. This Agreement may be executed and delivered in two or more counterparts, and by the different Parties in separate counterparts, each of which when executed and delivered shall be deemed to be an original but all of which taken together shall constitute one and the same agreement. Exchange and delivery of this Agreement by exchange of facsimile copies or other electronic copies bearing the signature (which may be an electronic signature) of a Party shall constitute a valid and binding execution and delivery of this Agreement by such Party. Such facsimile or other electronic copies shall constitute legally enforceable original documents.

Section 12.7 Assignment; Beneficiaries. Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned or delegated by any of the Parties (whether by merger, operation of Law or otherwise) without the prior written consent of the other Parties and any purported assignment or delegation in violation of this Section 12.7 shall be void; provided that, the Buyer may, without the prior written consent of the other Parties, assign and delegate any of its rights and obligations hereunder to any Affiliate or any acquirer of the Buyer or all or substantially all of its Assets or business. Subject to the preceding sentence, this Agreement shall be binding upon, inure to the benefit of and be enforceable by the Parties and their respective successors and assigns, and nothing in this Agreement, express or implied, is intended to or shall confer upon any other Person any right, benefit or remedy of any nature whatsoever under or by reason of this Agreement other than each of the Alliance Indemnified Parties (as defined in the

Indemnification Agreement) pursuant to the Indemnification Agreement. Each Party agrees that the rights and remedies of the Alliance Indemnified Parties pursuant to the Indemnification Agreement are intended for benefit of such Persons and may be enforced by such Persons in accordance with the Indemnification Agreement.

Section 12.8 Tax Matters.

(a) The Buyer and the Sellers shall cooperate, as and to the extent reasonably requested by any other party, in connection with the filing of Tax Returns for period prior to the Closing Date and any audit, litigation, or other proceeding with respect to Taxes. The Buyer acknowledges that the Buyer shall be responsible for all Taxes imposed with respect to the Purchased Assets for any period (or portion of any period) commencing on or after the Closing Date.

(b) Any sales, use, purchase, transfer, franchise, deed, fixed asset, stamp, documentary stamp, use or similar fees or other Taxes, governmental charges and recording charges (including any interest and penalty thereon) which may be payable by reason of the sale of the Purchased Assets or the Debt Assumption under this Agreement or the transactions contemplated hereby (the “**Transfer Taxes**”) shall be borne by the Buyer, but only to the extent not exempt under the Bankruptcy Code, as applicable to the transfer of the Purchased Assets pursuant to this Agreement. The Parties agree that Sellers are not licensed dealers in used equipment. Accordingly, the Parties expect that the sale of the Purchased Assets will constitute an “occasional sale of used equipment”, as defined by Louisiana tax laws and other applicable laws, and consequently will be exempt from sales tax.

Section 12.9 Amendment; Waiver.

(a) No amendment, supplement or modification of this Agreement shall be effective unless in writing signed by the Buyer and the Sellers.

(b) Any failure by any Party to comply with any obligation, covenant, agreement or condition herein may be waived by the Party entitled to the benefits thereof only by a written instrument signed by the Party granting such waiver, but such waiver or failure to insist upon strict compliance with such obligation, covenant, agreement or condition shall not operate as a waiver of, or estoppel with respect to, any subsequent or other failure to comply.

Section 12.10 Entire Agreement. The Schedules and Exhibits attached hereto are hereby incorporated by reference into this Agreement and made a part hereof. This Agreement (including the Exhibits and the other Schedules attached hereto) and the other Transaction Documents contain the entire agreement among the Parties with respect to their subject matter and supersede all prior and contemporaneous agreements, understandings and negotiations, both written and oral, among the Parties with respect to such subject matter hereof.

Section 12.11 Cooperation on Other Matters.

(a) The Buyer agrees to retain possession of all files and records delivered to the Buyer by the Sellers for a period of at least three (3) years from the Closing Date. In addition, from and after the Closing Date, the Buyer agrees that it will provide access to the Sellers, the Committee and their respective attorneys, accountants and other professionals and representatives (after reasonable notice and during normal business hours) to the Buyer’s personnel and to such files and records as the Sellers or the Committee may reasonably deem necessary to (i) properly prepare for, file, prove, answer, prosecute or defend any such return, filing, audit, protest, claim, suit, inquiry or other proceeding, (ii) resolve any claim

against the Sellers, or (iii) facilitate the administration of the Bankruptcy Case and other administrative activities. The Buyer shall not dispose of any such documents and records except as shall be consistent with applicable law

(b) The Buyer shall render all reasonable assistance that the Sellers or Committee may reasonably request, at no cost to the Sellers or the Committee (provided, the Buyer shall not be required to incur unreimbursed out of pocket expenses to third parties to provide such assistance), in (a) bringing or defending litigation or claims and/or (b) facilitating the administration of the Bankruptcy Case and other administrative activities, and shall make available to the Sellers and the Committee, for and at reasonable times, the Buyer's personnel most knowledgeable about the matter in question. Any other provision of this Agreement notwithstanding, the Sellers' rights under this Section 12.11 are fully assignable by the Sellers to any estate representative, including without limitation an official committee, trustee, liquidating trust, litigation trust or similar Person empowered by the Bankruptcy Court or applicable law to discharge any administrative rights or duties in the Bankruptcy Case.

Section 12.12 Non-Survival of Representations and Warranties and Certain Covenants. Each of the representations and warranties and the covenants and agreements (to the extent such covenant or agreement contemplates or requires performance by such party prior to the Closing) of the Parties set forth in this Agreement or in any other document contemplated hereby, or in any certificate delivered hereunder or thereunder, will terminate effective immediately as of the Closing such that no claim for breach of any such representation, warranty, covenant or agreement, detrimental reliance or other right or remedy (whether in contract, in tort or at law or in equity) may be brought with respect thereto after the Closing. Each covenant and agreement that explicitly contemplates performance after the Closing, will, in each case and to such extent, expressly survive the Closing in accordance with its terms, and nothing in this Section 12.12 will be deemed to limit any rights or remedies of any Person for breach of any such surviving covenant or agreement. Buyer and the Sellers acknowledge and agree that the agreements contained in this Section 12.12, (a) require performance after the Closing to the maximum extent permitted by applicable Law and (b) are an integral part of the transactions contemplated hereby and that, without the agreements set forth in this Section 12.12 none of the Parties would enter into this Agreement.
