CONFIRMATORY ASSIGNMENT

WHEREAS, BEIJING HOLLYCON MEDICAL TECHNOLOGY CO., LTD., a limited liability company organized and established under the laws of PRC, with a registered address of No. 2 Disheng Middle Road, Beijing Economic Technological Development Area, 100176, P.R. China (the "Assignor") was the sole owner and is currently the sole owner of record in and to certain new and useful improvements disclosed in certain Letters Patent, and/or applications for Letters Patent (all right, title and interest therein referred to collectively as the "Patent Rights"), as listed in Exhibit A;

And WHEREAS, BEIJING DAWEI BIO LTD., limited liability company organized and established under the laws of PRC, with a registered address of B106, Zhongnancun Biomedical Garden, 5 Kaituo Road, Haidian District, Beijing, China ("Assignee"), together with any successors, legal representatives, or assigns thereof, desires to acquire the entire aforesaid Patent Rights throughout the world; and all right, title and interest in, to and under any and all corresponding Letters Patent of the United States and all other countries throughout the world;

And WHEREAS, Assignor and Assignee entered into that certain Bill of Sale, Assignment and Assumption Agreement dated July 15th, 2020 (the "Agreement") to effect assignment of the Patent Rights, which Agreement is confirmed by this assignment,

NOW, THEREFORE, be it known by all whom it may concern that for and in consideration of One Dollar (\$1.00) and the consideration as set forth in the Agreement, the receipt of which is hereby acknowledged, and for other good and valuable consideration, Assignor hereby confirms that Assignor has sold, assigned, transferred, and set over and does hereby sell, assign, transfer, and set over to Assignee, effective July 15th, 2020 all said Patent Rights in the Patents throughout the entire world, in and to said applications for U.S. Letters Patent, and any and all divisions, continuations, substitutions, continuations-in-part, reexaminations reissues and extensions thereof, and any and all Letters Patent of the United States and non-US countries which may be granted therefore on such inventions or

improvements; and specifically including all priority rights under all available International Agreements, Treaties and Conventions for the protection of intellectual property in its various forms in every participating country, and applications for patents (including related rights such as utility-model registrations, inventors certificates and the like) heretofore or hereafter filed for such applications in any United States or non-US countries and all patents granted for such applications in the US and any non-US country, and we do hereby authorize and request the United States Commissioner for Patents and Trademarks, and any officials of any non-US countries whose duty it is to issue patents on applications as aforesaid, to issue any and all Letters Patent on such inventions or resulting from said application and from any and all divisions, continuations, and reissues thereof to Assignee in accordance of the terms of this Assignment.

The assignments and transfers described herein are to be held and enjoyed by Assignee for its own use and benefit, and for the use and benefit of its successors, assigns, or other legal representatives, to the end of the term or terms for which said Letters Patent of the United States and non-US countries are or may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made. Assignor further hereby assigns and transfers to Assignee whatever cause of action Assignor may have for past or present infringement of said invention, together with the right to bring suit for any such infringement and to seek and receive damages and other relief arising from any such infringement.

IN TESTIMONY WHEREOF, we the Assignor hereby understand and agree to the terms described above, and hereby execute this Assignment
