WHEREAS, Assignee and Assignor are parties to the Foreclosure Sale Agreement dated as of August 21, 2020 (the “**Agreement**”), pursuant to which Assignor has agreed to, among other things, sell and Assignee has agreed to purchase through a private sale under Section 9610 of the California Commercial Code substantially all of the assets, including without limitation any assets and related rights assigned herein, of AccuAir; and

WHEREAS AccuAir is a debtor in Chapter 7 Case Number 20-10544 pending in the Bankruptcy Court in the Central District of California, and Assignee has obtained relief from automatic stay to permit the foreclosure on AccuAir’s assets.

NOW, THEREFORE, for good and sufficient consideration, the receipt of which is hereby acknowledged, the Assignor has sold, assigned, transferred, and set over, and by these presents does sell, assign, transfer, and set over, unto the Assignee, its successors, legal representatives, and assigns AccuAir’s entire right, title, and interest in and to said invention(s), said application(s), and said patent(s), AccuAir’s right to file applications on said invention(s), AccuAir’s entire right, title and interest in and to any applications for Letters Patent of the United States or other countries claiming priority to said application(s), including divisions, continuations, and continuations-in-part of said application(s), AccuAir’s right to recover damages, including provisional or other royalties, for prior infringements of said application(s) and said patent(s), AccuAir’s entire right, title and interest in and to any and all Letters Patent or Patents, United States or foreign, to be obtained for said invention(s) and said application(s), the entire right, title and interest in and to any and all reissues and extensions of said patent(s), and

AND for the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives, and assigns, that, at the time of execution and delivery of these presents, the Assignor has good and full right and lawful authority to sell and convey AccuAir's right, title and interest in said invention(s), said application(s), and said patent(s) in the manner herein set forth, to the extent such inventions, applications and patents are included in the Collateral, as defined in the Agreement;

AND for the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives, and assigns that the Assignor will, whenever counsel of the Assignee, or the counsel of its successors, legal representatives, and assigns, shall advise that any proceeding in connection with said invention(s), said application(s), said patent(s), any application claiming priority to said application(s), any reissue or extension of said patent(s), and any United States or foreign Letters Patent or Patents for said invention(s) or said application(s), including interference proceedings, is lawful and desirable, sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of Letters Patent or Patents for said invention(s) at the cost and expense of the Assignee, its successors, legal representatives, and assigns, provided such requests are reasonable;
